Original Commentary On Acts:

Original Commentary on Acts J. W. McGarvey, 2009-10-27 Much the greater part of Acts may be resolved into a detailed history of cases of conversion and of unsuccessful attempts at the conversion of sinners If we extract from it all cases of this kind with the facts and incidents preparatory to each and immediately consequent upon it we will have exhausted almost the entire contents of the narrative All other matters are merely incidental The events of the first chapter were designed to prepare the apostles for the work of converting men the gift of the Holy Spirit to them and to others was to qualify them for it the admission of the Gentiles was an incident connected with the conversion of Cornelius and others after him the conference in the fifteenth chapter grew out of these conversions and the long account of Paul's imprisonment in Jerusalem Caesarea and Rome with his sea voyage and shipwreck constitute but the connected history of his preaching to the mob in Jerusalem to the Sanhedrin to Felix to Festus to Agrippa and to the Jews and Gentiles in Rome The episode in the twelfth chapter concerning the persecutions by Herod and his death is designed to show that even under such circumstances the word of God grew and multiplied All the remainder of the history consists unmistakably in detailed accounts of conversions Such being the work performed by the author we may readily determine his design by inquiring Why should any cases of conversion be put upon the record Evidently it was that men might know how conversions were effected and in what they consisted The cases which are recorded represent all the different grades of human society all the different degrees of intellectual and religious culture all the common occupations in life and all the different countries and languages of the then known world The design of this variety is to show the adaptation of the one gospel scheme to the conversion of all classes of men Excerpted from the Introduction

Original Commentary on Acts: The Classic Bible Commentary Concerning the New Testament Book of Acts J. W. McGarvey, 2018-08-08 J W McGarvey's superb commentary on the Acts of the Apostles is an example of New Testament analysis and discussion accomplished with expertise scholarship and lucidity As a scholar of the Bible McGarvey was struck by the lack of a reliable and authoritative readings of the Book of Acts Such an important work of Christian history Acts relates the early spread of the Christian faith through the Roman Empire and beyond had not received an organized and sequential analysis explaining to readers The overarching message of Acts is simply that the reason followers of Jesus Christ created an entirely new church distinct from Judaism is that the Jewish priesthood and temple rejected his teachings and principles The book depicts a time of rapid change the legal distinctions of Judaism and Christianity are discussed by St Luke as is the apparent contradiction of the Jews rejecting a messiah who was himself born a Jew *McGarvey's Original Commentary on Acts* J. A Commentary on the Original Text of the Acts of the Apostles ... Horatio Balch Hackett,1867 *Leading Beyond* Pierre Everson Cannings,2024-06-21 A common cliché states that Sunday is the most racially divided day of the week Authors have attempted to study the division in church but it continues to be a perpetual problem for Christianity The racial divide in Christianity demands continual study and research dedicated to finding answers in the history of the Bible The book of Acts provides the historical account of the early church's cultural diversity and the apostles leadership to spread the gospel all over the world in the first century Therefore it is critical to research the apostles leadership specifically Peter and Paul to the diversity of the early church following Pentecost in the book of Acts and to apply discovered leadership principles to modern day church

Chad Brand, Stan Norman, 2004-07-01 The models of church government discussed are the Plural Elder led Congregational model the Single Elder led Congregational model the Democratic Congregational model the Episcopal model and the Presbyterian model *The Original Ending of Mark* Nicholas P Lunn, 2015-04-30 Although traditionally accepted by the church down through the centuries the longer ending of Mark s Gospel 16 9 20 has been relegated by modern scholarship to the status of a later appendage The arguments for such a view are chiefly based upon the witness of the two earliest complete manuscripts of Mark and upon matters of language and style This work shows that these primary grounds of argumentation are inadequate It is demonstrated that the church fathers knew the Markan ending from the very earliest days well over two centuries before the earliest extant manuscripts The quantity of unique terms in the ending is also seen to fall within the parameters exhibited by undisputed Markan passages Strong indications of Markan authorship are found in the presence of specific linguistic constructions a range of literary devices and the continuation of various themes prominent within the body of the Gospel Furthermore the writings of Luke show that the Gospel of Mark known to this author contained the ending Rather than being a later addition the evidence is interpreted in terms of a textual omission occurring at a later stage in transmission probably in Egypt during the second century
