Political Economy Of American Trade Policy

**Robert E. Baldwin, Tain-Jy
Chen, Douglas Nelson**

Political Economy Of American Trade Policy:

The Political Economy of American Trade Policy Anne O. Krueger, 1996-02-15 In eight parallel analytical histories of the automobile steel semiconductor lumber wheat and textile and apparel industries the contributors demonstrate that trade barriers rarely have unequivocal benefits and may indeed be counterproductive in the long run They also find that the political and administrative criteria for awarding protection do not take into account the interests of final consumers other American industries or foreign countries

The Political Economy of American Trade Policy Anne O. Krueger, 2007-12-01 Exploring the political and economic determinants of trade protection this study provides a wealth of information on key American industries and documents the process of seeking and conferring protection Eight analytical histories of the automobile steel semiconductor lumber wheat and textile and apparel industries demonstrate that trade barriers rarely have unequivocal benefits and may be counterproductive They show that criteria for awarding protection do not take into account the interests of consumers or other industries and that political influence and an organized lobby are major sources of protection Based on these findings a final essay suggests that current policy fails to consider adequately economic efficiency the public good and indirect negative effects This volume will interest scholars in economics business and public policy who deal with trade issues

The Political Economy of Trade Protection Anne O. Krueger, 2007-12-01 This clear concise summary of the in depth analyses presented in *The Political Economy of American Trade Policy* examines the level form and evolution of American trade protection In case studies of trade barriers imposed during the 1980s to help the steel semiconductor automobile lumber wheat and textile and apparel industries the contributors trace the evolution of efforts to obtain protection protectionist measures and their results A chapter assessing the common themes that emerge from the studies concludes that the focus of current trade law is exclusively on the individual protection seeking industries with little regard for indirect effects on using industries or for consumers Reform could usefully take these effects into account This volume will interest policymakers business executives and anyone interested in trade policy formulation and practice

The Political Economy of U.S. Tariffs Réal P. Lavergne, 2014-05-12 *The Political Economy of U S Tariffs An Empirical Analysis* provides information pertinent to the political economy of trade barriers This book discusses the cross sectional regression analysis across industries to understand why some industries have been more privileged than others Organized into seven chapters this book begins with an overview of the structure of protection and identifies the primary actors or principles that condition the formation of trade policy more generally This text then evaluates the institutional and theoretical reasons why political leverage should not be expected to play a significant role in explaining tariffs Other chapters consider the notion that the structure of protection at any point in time represents some sort of equilibrium This book discusses as well the distinction between nominal and effective tariffs The final chapter deals with individual regressors and groups of regressors This book is a valuable resource for economists and specialists in quantitative analysis

U.S. Trade Policy William Anthony

Lovett, Alfred E. Eckes, Richard L. Brinkman, 1999 A critical review of recent U S trade policies that have failed to enforce sufficient reciprocity and overall trade balance with suggestions for policies that foster a more balanced and realistic pattern of world trade growth *The Political Economy of U.S. Trade Policy* Keith Norman Alger, 1985 **The Political Economy of International Trade** Jae Wan Chung, 2006-01-01 As both trade deficits and fiscal deficits steadily increased during the 1980s in the U S free trade has not stood without its share of suffering Chung investigates American trade policy from the perspectives of U S trade laws and international trade agreements by outlining the primary trade laws of the past considering the trade laws of the present and delving into various trade agreements disputes and reforms **U.S. Trade Policy** John M. Rothgeb Jr., 2001-02-20 What was the battle in Seattle over trade all about You may know but do your students With John Rothgeb s concise text U S Trade Policy Balancing Economic Dreams and Political Realities your students will learn about international trade the political tensions it rouses and its historical roots Rothgeb carefully traces the forces that affect U S trade policy s development and implementation including the strategic and competitive international arena policymakers views on the value of trade the influence of special interest groups the impact of institutional rivalries Supplement your foreign and economic policy course with a balanced discussion of the enormous changes spurred by the Reciprocal Trade Agreements Act the Bretton Woods system and the GATT to the controversy surrounding current trade relations with the European Union and China The Political Economy of Postwar U. S. Trade Policy Robert E. Baldwin, 1976 Politics, Process, and American Trade Policy Sharyn O'Halloran, 1994 Relying on the New Economics of Organizations NEO or New Institutionalism Politics Process and American Trade Policy shows why conventional models do not adequately describe the formation of American trade policy Rejecting both the pressure group model and the presidential ascendancy model this study s institution based approach emphasizes the influence Congress has in setting trade policy connecting theories of institutional design with the procedural details of regulating trade policy To reach her conclusions Sharyn O Halloran uses time series data and econometric analysis to test a set of propositions concerning trade policy She examines detailed case studies and provides a comprehensive history of the institutions that govern trade policy making Unlike most scholars who see trade policy as disparate and ad hoc O Halloran is able to explain both early and contemporary American trade policy in a consistent and integrated fashion She argues that a single set of procedures may lead to apparently different outcomes under differing initial conditions therefore the key is to identify the common logic derived from constitutional imperatives that underlies all policy outcomes

Political Economy Of American Trade Policy Book Review: Unveiling the Power of Words
