biographical and historical material about Austen herself And like the sequence of Austen s novels the scope of Austen Years widens successively with each chapter following one of Austen s novels We begin with Cohen in Cambridge Massachusetts where she raises her small children and contemplates her father s last letter a moment paired with the grief of Sense and Sensibility and the social bonds of Pride and Prejudice Later moving with her family to Chicago Cohen grapples with her growing children teaching and her father s legacy all refracted through the denser more complex Mansfield Park and Emma With unusual depth and fresh insight into Austen s life and literature and guided by Austen s mournful and hopeful final novel Persuasion Rachel Cohen s Austen Years is a rare memoir of mourning and transcendence a love letter to a literary master and a powerful consideration of the odd process that merges our interior experiences with the world at large
