Scholarly Digital Editions as Interfaces Roman Bleier, Martina Bürgermeister, Helmut W. Klug, Frederike Neuber, Gerlinde Schneider, 2018-11-15 Interfaces are important elements of digital scholarly editions as they allow and direct the interaction of users with the online content and they facilitate the access to and exchange of data and information Some interfaces are created for the human user GUI others for machine interaction and data exchange API Both aspects of interfaces and their roles in digital scholarly editing were discussed at a conference in 2016 organised by the Centre for Information Modelling at the University of Graz and the Digital Scholarly Editions Initial Training Network DiXiT This volume includes a range of papers presented at the conference that highlight the diverse views and approaches towards interfaces in the digital scholarly editing community

Printers without Borders A. E. B. Coldiron, 2015-04-09 This book explores how England's first printers transformed English Renaissance literary culture by collaborating with translators to reshape foreign texts

Shakespeare, Technicity, Theatre W. B. Worthen, 2020-04-23 This urgent and provocative study explores contemporary Shakespeare performance to bring a sense of theatre as technology into view Rather than merely using

technologies the theatre's distinctively intermedial character is essential to its complex technicity the changing function of gesture and costume of written documents in the making of performance of light and sound and of the interplay of live and recorded acting complicate the sense of theatre as a medium In a series of probing discussions Worthen interrogates the interaction of live and mediated acting onstage the impact of written media from the handwritten scroll to the small screen app in acting as a techn the work of Original Practices as an interactive modern theatre technology the economies of theatrical immersion and the consequences of an emerging algorithmic theatre providing a richly theoretical reading of the stakes of theatre as an always emerging technology

The Little Database Daniel Scott Snelson, 2025-06-24 A poetics for reading the everyday objects that populate a hard drive Bespoke online archives like PennSound and Eclipse host an astounding array of old media artifacts posing a handcrafted counterpoint to the immense databases aggregated by digital titans like Google and Facebook In The Little Database Daniel Scott Snelson argues for the significance of these comparatively small collections exploring how digital archives dramatically transform the artifacts they host and how they might help us better understand our own private collections in turn Examining curated collections such as Textz UbuWeb and the Electronic Poetry Center Snelson explores media specific works by poets and artists including William Carlos Williams Tracie Morris Bill Bissett Nam June Paik and Vicki Bennett He develops creative tools and contingent methods for reading cultural data whether found on the internet or in our own collections of TXT JPG MP3 and MOV artifacts presenting case studies to show how these objects have come to find revised meaning in their digital contexts Along the way experimental poetic interludes give readers practical entry points into the creative practice of producing new meanings in any given little database Inventive and interdisciplinary The Little Database grapples with the digitized afterlives of cultural objects showing how the past is continually reconfigured to shape the present It invites readers to find playful and personal means for unpacking their own data collections in the process discovering idiosyncratic ways to explore and connect with digital archives Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions

Transferred Illusions Marilyn Deegan, Kathryn Sutherland, 2016-02-24 This is a study of the forms and institutions of print newspapers books scholarly editions publishing libraries as they relate to and are changed by emergent digital forms and institutions In the early 1990s hypertext was briefly hailed as a liberating writing tool for non linear creation Fast forward no more than a decade and we are reading old books from screens It is however the newspaper for around two hundred years print's most powerful mass vehicle whose economy persuasively shapes its electronic remediation through huge digitization initiatives dominated by a handful of centralizing service providers funded and wrapped round by online advertising The error is to assume a culture of total replacement The Internet is just another information space sharing characteristics that have always defined such spaces wonderfully effective and unstable loaded with valuable resources and misinformation that is both good and bad This is why it is important that writers critics publishers and

librarians in modern parlance the knowledge providers be critically engaged in shaping and regulating cyberspace and not merely the passive instruments or unreflecting users of the digital tools in our hands **Whitman's Drift** Matt Cohen, 2017-07-01 The American nineteenth century witnessed a media explosion unprecedented in human history New communications technologies seemed to be everywhere offering opportunities and threats that seem powerfully familiar to us as we experience today's digital revolution Walt Whitman's poetry reveled in the potentials of his time See the many cylinder d steam printing press he wrote See the electric telegraph stretching across the Continent from the Western Sea to Manhattan Still as the budding poet learned books neither sell themselves nor move themselves without an efficient set of connections to get books to readers the democratic media saturated future Whitman imagined would have remained warehoused Whitman's works sometimes ran through the many cylinder d steam printing press and were carried in bulk on the strong and quick locomotive Yet during his career his publications did not follow a progressive path toward mass production and distribution Even at the end of his life in the 1890s as his fame was growing the poet was selling copies of his latest works by hand to visitors at his small house in Camden New Jersey Mass media and centralization were only one part of the rich media world that Whitman embraced Whitman's Drift asks how the many options for distributing books and newspapers shaped the way writers wrote and readers read Writers like Whitman spoke to the imagination inspired by media transformations by calling attention to connectedness to how literature not only moves us emotionally but moves around in the world among people and places Studying that literature and how it circulated can help us understand not just how to read Whitman's works and times but how to understand what is happening to our imaginations now in the midst of the twenty first century media explosion **Profession 2011** Rosemary G. Feal, 2014-01-08 This issue of Profession contains Sidonie Smith's introduction to her Presidential Forum held at the 2011 MLA convention and the essays of forum participants Hillary Chute Marianne Hirsch Leigh Gilmore Craig Howes Fran oise Lionnet Nancy K Miller David Palumbo Liu Brian Rotman Leo Spitzer Robert Warrior and Gillian L Whitlock The issue also features a section on evaluating digital scholarship Introduced by Susan Schreibman Laura Mandell and Stephen Olsen the section includes essays by Steve Anderson Kathleen Fitzpatrick Jerome McGann Tara McPherson Bethany Nowviskie and Geoffrey Rockwell The issue's other essays are by Reed Way Dasenbrock Gillian Gane Laurie Grobman Joyce Kinkead David Porter and Richard Yarborough The issue concludes with two sets of MLA guidelines on professional employment practices for non tenure track faculty members and on evaluating translations as scholarship and a listing of reports surveys statements and other resources recently added to the MLA Web site **Traces of the Old, Uses of the New** Amy E. Earhart, 2015-11-12 Digital Humanities remains a contested umbrella term covering many types of work in numerous disciplines including literature history linguistics classics theater performance studies film media studies computer science and information science In Traces of the Old Uses of the New The Emergence of Digital Literary Studies Amy Earhart stakes a claim for discipline specific history of digital study as a

necessary prelude to true progress in defining Digital Humanities as a shared set of interdisciplinary practices and interests

Traces of the Old Uses of the New focuses on twenty five years of developments including digital editions digital archives e texts text mining and visualization to situate emergent products and processes in relation to historical trends of disciplinary interest in literary study By reexamining the roil of theoretical debates and applied practices from the last generation of work in juxtaposition with applied digital work of the same period Earhart also seeks to expose limitations in need of alternative methods methods that might begin to deliver on the early but thus far unfulfilled promise that digitizing texts allows literature scholars to ask and answer questions in new and compelling ways In mapping the history of digital literary scholarship Earhart also seeks to chart viable paths to its future and in doing this work in one discipline this book aims to inspire similar work in others

Editing Early Modern Texts Michael Hunter,2006-10-12 This book provides an approachable exposition of the rationale of textual editing with special reference to texts from between 1550 1800 The volume explains how manuscript and printed texts were produced indicating the implications of this for their editorial treatment and giving practical advice on how texts should be prepared and presented

Jane Eyre in German Lands Lynne Tatlock,2022-01-13 Lynne Tatlock examines the transmission diffusion and literary survival of Jane Eyre in the German speaking territories and the significance and effects thereof 1848 1918 Engaging with scholarship on the romance novel she presents an historical case study of the generative power and protean nature of Bront s new romance narrative in German translation adaptation and imitation as it involved multiple agents from writers and playwrights to readers publishers illustrators reviewers editors adaptors and translators Jane Eyre in German Lands traces the ramifications in the paths of transfer that testify to widespread creative investment in romance as new ideas of women s freedom and equality topped the horizon and sought a home especially in the middle classes As Tatlock outlines the multiple German instantiations of Bront s novel four translations three abridgments three adaptations for general readers nine adaptations for younger readers plays farces and particularly the fiction of the popular German writer E Marlitt and its many adaptations evince a struggle over its meaning and promise Yet precisely this multiplicity repetition redundancy and proliferation combined with the romance narrative s intrinsic appeal in the decades between the March Revolutions and women s franchise enabled the cultural diffusion impact and long term survival of Jane Eyre as German reading Though its focus on the circulation of texts across linguistic boundaries and intertwined literary markets and reading cultures Jane Eyre in German Lands unsettles the national paradigm of literary history and makes a case for a fuller and inclusive account of the German literary field

A New Republic of Letters Jerome McGann,2014-03-17 Jerome McGann s manifesto argues that the history of texts and how they are preserved and accessed for interpretation are the overriding subjects of humanist study in the digital age Theory and philosophy no longer suffice as an intellectual

framework But philology out of fashion for decades models these concerns with surprising fidelity **Making Canada New** Dean Irvine, Vanessa Lent, Bart A. Vautour, 2017-03-17 An examination of the connections between modernist writers and editorial activities Making Canada New draws links among new and old media collaborative labour emergent scholars and scholarships and digital modernisms In doing so the collection reveals that renovating modernisms does not need to depend on the fabrication of completely new modes of scholarship Rather it is the repurposing of already existing practices and combining them with others whether old or new print or digital that instigates a process of continuous renewal Critical to this process of renewal is the intermingling of print and digital research methods and the coordination of more popular modes of literary scholarship with less frequented ones such as bibliography textual studies and editing Making Canada New tracks the editorial renovation of modernism as a digital phenomenon while speaking to the continued production of print editions **NTA/UGC-NET/JRF English** YCT Expert Team , NTA UGC NET JRF English Chapter wise Solved Papers with Notes *Novel-Poetry* Emily Allen, Dino Franco Felluga, 2024-09-05 Novel Poetry examines the verse novel a hybrid genre that emerged in the middle decades of Britain s nineteenth century to make a larger claim about the nature of genre and formal structures for time action and identity that cross genres The volume uncovers trajectories of literary influence that structure our approach to literature and affect how we shape our lives lives which are often constrained by cause and effect and narrative driven ways of approaching time and possibility Novel Poetry tracks an alternative way of thinking about time and event that was inspired by the French Revolution popularized by Lord Byron and explored by experimental Victorian poets such as Elizabeth Barrett Browning Robert Browning Arthur Hugh Clough and George Meredith The volume turns to the work of philosophers Alain Badiou Jean Pierre Dupuy and Slavoj Žižek to theorize this alternative mode which it aligns with the futur ant rieur The temporality of the future anterior disrupts both the novel s realist chronologies and the expressivist lyric s cult of the moment thus liberating possibilities for collective action Ranging widely across romantic lyric poetry Victorian novels and nineteenth century and contemporary literary theory Novel Poetry asks what alternative structures and temporalities does a focus on either realistic narrative or the lyric moment occlude Are there ways of thinking about lived experience and personal or collective agency that do not conform to traditional models ways that the verse novel might help us to explore What might be gained today from trying to think about ourselves and our world outside of established frameworks that are now so naturalized as to feel almost inescapable This is an open access title available under the terms of a CC BY NC ND 4 0 licence [The Dead Sea Scrolls in Ancient Media Culture](#) , 2023-02-13 Media studies is an emerging discipline that is quickly making an impact within the wider field of biblical scholarship This volume is designed to evaluate the status quaestionis of the Dead Sea Scrolls as products of an ancient media culture with leading scholars in the Dead Sea Scrolls and related disciplines reviewing how scholarship has addressed issues of ancient media in the past assessing the use of media criticism in current research and outlining potential directions for future discussions *From*

Text to Literature S. Olsen, A. Pettersson, 2005-09-14 The articles in this collection focus attention on the concept of literature and on the relationship between this concept and the concepts of a literary work and a literary text Adopting an analytic approach the articles attempt to clarify how these concepts govern our thinking about the phenomenon of literature in various ways exploring the issues which arise when these concepts are employed as theoretical instruments for describing and analyzing the phenomenon of literature
