Radical Feminists Of Heterodoxy

Nancy F. Cott

Radical Feminists Of Heterodoxy:

Radical Feminists of Heterodoxy Judith Schwarz, 1982 An account of heterodoxy the club for unorthodox women that flourished in Greenwich Village from 1912 through the 30s A Fierce Discontent Michael McGerr, 2010-05-11 The Progressive Era a few brief decades around the turn of the last century still burns in American memory for its outsized personalities Theodore Roosevelt whose energy glinted through his pince nez Carry Nation who smashed saloons with her axe and helped stop an entire nation from drinking women suffragists who marched in the streets until they finally achieved the vote Andrew Carnegie and the super rich who spent unheard of sums of money and became the wealthiest class of Americans since the Revolution Yet the full story of those decades is far more than the sum of its characters In Michael McGerr s *A Fierce Discontent* America s great political upheaval is brilliantly explored as the root cause of our modern political malaise The Progressive Era witnessed the nation s most convulsive upheaval a time of radicalism far beyond the Revolution or anything since In response to the birth of modern America with its first large scale businesses newly dominant cities and an explosion of wealth one small group of middle class Americans seized control of the nation and attempted to remake society from bottom to top Everything was open to question family life sex roles race relations morals leisure pursuits and politics For a time it seemed as if the middle class utopians would cause a revolution They accomplished an astonishing range of triumphs From the 1890s to the 1910s as American soldiers fought a war to make the world safe for democracy reformers managed to outlaw alcohol close down vice districts win the right to vote for women launch the income tax take over the railroads and raise feverish hopes of making new men and women for a new century Yet the progressive movement collapsed even more spectacularly as the war came to an end amid race riots strikes high inflation and a frenzied Red scare It is an astonishing and moving story McGerr argues convincingly that the expectations raised by the progressives utopian hopes have nagged at us ever since Our current less than epic politics must inevitably disappoint a nation that once thought in epic terms The New Deal World War II the Cold War the Great Society and now the war on terrorism have each entailed ambitious plans for America and each has had dramatic impacts on policy and society But the failure of the progressive movement set boundaries around the aspirations of all of these efforts None of them was as ambitious as openly determined to transform people and create utopia as the progressive movement We have been forced to think modestly ever since that age of bold reform For all of us right center and left the age of fierce discontent is long over *Public Faces, Secret Lives* Wendy L. Rouse, 2024-03 Over one hundred years ago women organized to fight for a federal suffrage amendment But many suffragists were fighting for much more than the vote The suffrage movement included individuals who represented a wide range of genders and sexualities It also included a variety of queer relationships But suffrage leaders concerned with presenting a respectable public image concealed the queerness of the suffrage movement This resulted in greater policing of suffragist behavior as suffrage leaders many of them queer themselves publicly conformed to gendered views of acceptable

appearance and behavior The problematic effect was to erase the queer history of the movement Instead suffrage leaders reinforced a patriarchal heteronormative cisgender standard of ideal femininity in order to make suffragists and women s suffrage more palatable to the public The legacy of queer suffragists however could not be so easily erased This book explores how queer women led the suffrage movement while challenging heteronormative concepts of domesticity family space and death in both subtly subversive and radically transformative ways This book also highlights the alliances that queer suffragists built and the innovative strategies they developed to protect and preserve their most intimate relationships relationships that were ultimately crucial to the success of the suffrage movement Provided by publisher Breaking Conventions Patricia Auspos,2023-07-13 This rich history illuminates the lives and partnerships of five married couples two British three American whose unions defied the conventions of their time and anticipated social changes that were to come in the ensuing century In all five marriages both husband and wife enjoyed thriving professional lives a shocking circumstance at a time when wealthy white married women were not supposed to have careers and career women were not supposed to marry Patricia Auspos examines what we can learn from the relationships of the Palmers the Youngs the Parsons the Webbs and the Mitchells exploring the implications of their experiences for our understanding of the history of gender equality and of professional work In expert and lucid fashion Auspos draws out the interconnections between the institutions of marriage and professional life at a time when both were undergoing critical changes by looking specifically at how a pioneering generation tried to combine the two Based on extensive archival research and drawing on mostly unpublished letters journals pocket diaries poetry and autobiographical writings Breaking Conventions tells the intimate stories of five path breaking marriages and the social dynamics they confronted and revealed This book will appeal to scholars students and anyone interested in women s studies gender studies masculinity studies histories of women in the professions and the history of marriage *Susan Glaspell* Linda Ben-Zvi,2007-07 The biography of Susan Glaspell traces the development of the first important American female playwright and illustrates the ways in which her fascinating avant garde life provided the model and materials for her groundbreaking dramas and fiction The Secret History of Wonder Woman Jill Lepore,2015-07-07 NATIONAL BESTSELLER Within the origin of one of the world s most iconic superheroes hides a fascinating family story and a crucial history of feminism in the twentieth century Everything you might want in a page turner skeletons in the closet a believe it or not weirdness in its biographical details and something else that secretly powers even the most serious feminist history fun Entertainment Weekly The Secret History of Wonder Woman is a tour de force of intellectual and cultural history Wonder Woman Jill Lepore argues is the missing link in the history of the struggle for women s rights a chain of events that begins with the women s suffrage campaigns of the early 1900s and ends with the troubled place of feminism a century later Lepore a Harvard historian and New Yorker staff writer has uncovered an astonishing trove of documents including the never before seen private papers of Wonder Woman s creator William Moulton Marston The Marston family story is a tale of

drama intrigue and irony In the 1920s Marston and his wife brought into their home Olive Byrne the niece of Margaret Sanger one of the most influential feminists of the twentieth century Even while celebrating conventional family life in a regular column that Marston and Byrne wrote for Family Circle they themselves pursued lives of extraordinary nonconformity Marston internationally known as an expert on truth he invented the lie detector test lived a life of secrets only to spill them on the pages of Wonder Woman Includes a new afterword with fresh revelations based on never before seen letters and photographs from the Marston family s papers and 161 illustrations and 16 pages in full color

Independent Intellectuals in the United States, 1910-1945 Steven Biel, 1995-02 A new intellectual community came together in the United States in the 1910s and 1920s a community outside the universities the professions and in general the established centers of intellectual life A generation of young intellectuals was increasingly challenging both the genteel tradition and the growing division of intellectual labor Adversarial and anti professional they exhibited a hostility to boundaries and specialization that compelled them toward an ambitious and self conscious generalism and made them a force in the American political literary and artistic landscape This book is a cultural history of this community of free lance critics and an exploration of their collective effort to construct a viable public intellectual life in America Steven Biel illustrates the diversity of the body of writings produced by these critics whose subjects ranged from literature and fine arts to politics economics history urban planning and national character Conceding that significant differences and conflicts did exist in the works of individual thinkers Biel nonetheless maintains that a broader picture of this vibrant culture has been obscured by attempts to classify intellectuals according to political or ideological persuasions His book brings to life the ways in which this community sought out alternative ways of making a living devised strategies for reaching and engaging the public debated the involvement of women in the intellectual community and incorporated Marxism into its evolving search for a decisive intellectual presence in American life Examined in this lively study are the role and contributions of such figures as Randolph Bourne Max Eastman Crystal Eastman Walter Lippmann Margaret Sanger Van Wyck Brooks Floyd Dell Edmund Wilson Mable Dodge Paul Rosenfeld H L Mencken Lewis Mumford Malcolm Cowley Matthew Josephson John Reed Waldo Frank Gilbert Seldes and Harold Stearns *The Grounding of Modern Feminism* Nancy F. Cott, 1987-01-01 The time has come to define feminism it is no longer possible to ignore it The Century Magazine 1914 In this landmark addition to scholarship Nancy F Cott author of *The Bonds of Womanhood* offers a new interpretation of American feminism during the early decades of this century a period traditionally viewed as one in which women won the right to vote and then lost interest in feminist issues Cott argues instead that this period was a time of crisis and transition from the nineteenth century woman movement to the beginning of modern feminism Many of the issues that are central to women today says Cott were firmly articulated in the early decades of this century For example the problem of defining sexual equality so as to recognize sexual difference between men and women the ambiguous potential of a movement seeking individual freedoms for women by

mobilizing sex solidarity and the tensions involved in attaining full expression in work and love are all enduring elements of feminism seized upon by women of the 1910s and 1920s First discussing how feminism was indebted to its predecessors Cott shows that increasing heterogeneity and diverse loyalties among women in the early twentieth century contradicted the premise of the nineteenth century cause of woman the singular noun symbolizing the unity of the female sex From this crisis emerged feminism championing individual variability and refuting the premise that a singular woman existed Cott focuses on the suffrage campaign milieu in which feminism arose giving particular attention to the character and role of the National Woman s Party from its militant suffrage days to its advocacy of the equal right amendment in the 1920s Against prevailing interpretations of the decline of women s political activities after 1920 Cott counterposes the swelling numbers in women s voluntary associations and their political efforts She also analyzes the pitfalls that awaited women who tried for effectiveness in the male dominated political parties She sets the controversy over the equal rights amendment in new context discussing the full dimensions of the conflict as not merely over personalities tactics or class loyalties but as a signal example of the modern problem of capturing sexual equality and sexual difference in law The book explores the irony strewn path of women who as aspiring professionals and political actors attempted to put into practice the feminist intent to replace the abstraction woman with instead the human sex This history the story of women who first claimed the name feminists builds an essential bridge between the presuffrage period and today

Radicals and Rogues Lottie Whalen,2024-01-22 From artists to activists an explosive and eye opening new history of the women who gave us New York This is the story of a group of women whose experiments in art and life set the tone for the rise of New York as the twentieth century capital of modern culture Across the 1910s and 20s through provocative creative acts shocking fashion political activism and dynamic social networks these women reimagined modern life and fought for the chance to realize their visions Taking the reader on a journey through the city s salons and bohemian hangouts Radicals and Rogues celebrates the tastemakers collectors curators artists and poets at the forefront of the early avant garde scene Focusing on these trailblazers at the center of artistic innovation including Beatrice Wood Mina Loy the Stettheimer sisters Clara Tice the Baroness Elsa von Freytag Loringhoven Gertrude Vanderbilt Whitney Marguerite Zorach and Louise Arensberg Lottie Whalen offers a lively new history of remarkable women in early twentieth century New York City

Flapper Joshua Zeitz,2009-02-04 Flapper is a dazzling look at the women who heralded a radical change in American culture and launched the first truly modern decade The New Woman of the 1920s puffed cigarettes snuck gin hiked her hemlines danced the Charleston and necked in roadsters More important she earned her own keep controlled her own destiny and secured liberties that modern women take for granted Flapper is an inside look at the 1920s With tales of Coco Chanel the French orphan who redefined the feminine form Lois Long the woman who christened herself Lipstick and gave New Yorker readers a thrilling entr e into Manhattan s extravagant Jazz Age nightlife three of America s first celebrities Clara Bow Colleen Moore and Louise Brooks Dallas born fashion artist Gordon Conway

Zelda and Scott Fitzgerald whose swift ascent and spectacular fall embodied the glamour and excess of the era and more this is the story of America's first sexual revolution its first merchants of cool its first celebrities and its most sparkling advertisement for the right to pursue happiness Whisking us from the Alabama country club where Zelda Sayre first caught the eye of F. Scott Fitzgerald to Muncie, Indiana where would-be flappers begged their mothers for silk stockings to the Manhattan speakeasies where patrons partied till daybreak historian Joshua Zeitz brings the 1920s to exhilarating life

100 Years of the Nineteenth Amendment Holly J. McCammon, Lee Ann Banaszak, 2018-02-01 The year 2020 will mark the 100th anniversary of the Nineteenth Amendment giving many women in the United States the right to vote The struggle for suffrage lasted over six decades and involved more than a million women yet even at the moment of the amendment's enactment women's activists disagreed heartily over how much had been achieved whether it was necessary for women to continue organizing for political rights and what those political rights would bring Looking forward to the 100-year anniversary of the passage of the Nineteenth Amendment this collection of original essays takes a long view of the past century of women's political engagement to gauge how much women have achieved in the political arena The volume looks back at the decades since women won the right to vote to analyze the changes, developments, and even continuities in women's roles in the broad political sphere Ultimately the book asks two important questions about the last 100 years of women's suffrage 1 How did the Nineteenth Amendment alter the American political system and 2 How has women's engagement in politics changed over the last 100 years As the chapters reveal while women have made substantial strides in the political realm voting at higher rates than men and gaining prominent leadership roles barriers to gender equality remain Women continue to be underrepresented in political office and to confront gender bias in a myriad of political settings The contributors also remind us of the important understanding to be gained from an intersectional perspective to women's political engagement In particular several chapters discuss the failure of the Nineteenth Amendment to provide full political rights and representation to African American, Latina, and poorer women The work also considers women's extra-institutional activism in a wide variety of settings including in the feminist, civil rights, environmental, and far-right movements As the volume traces women's forceful presence and limitations in politics over the past century it also helps us look forward to consider the next 100 years what additional victories might be won and what new defeats will need women's response

Routledge Library Editions: Feminist Theory Various, 2021-08-07 Routledge Library Editions: Feminist Theory brings together as one set or individual volumes a series of previously out-of-print classics from a variety of academic imprints With titles ranging from *The Liberation of Women* to *Feminists and State Welfare* from *Married to the Job* to *Julia Kristeva* this set provides in one place a wealth of important reference sources from the diverse field of gender studies **Susan Glaspell in Context** J. Ellen Gainor, 2010-03-25 Susan Glaspell in Context not only discusses the dramatic work of this key American author perhaps best known for her short story *A Jury of Her Peers* and its dramatic counterpart *Trifles* but also places it

within the theatrical cultural political social historical and biographical climates in which Glaspell's dramas were created the worlds of Greenwich Village and Provincetown bohemia of the American frontier and of American modernism J Ellen Gainor is Professor of Theatre Women's Studies and American Studies Cornell University Her other books include *Performing America Cultural Nationalism in American Theater* co edited with Jeffrey D Mason from the University of Michigan Press

Inarticulate Longings Jennifer Scanlon, 2020-10-28 *Inarticulate Longings* explores the contradictions of a social agenda for women that promoted both traditional roles and the promises of a growing consumer culture by examining the advertising industry in the early 20th century *Feminist Eugenics in America* Susan Marie Rensing, 2006 **Mysteries of Sex** Mary P. Ryan, 2009-01-06 In a sweeping synthesis of American history Mary Ryan demonstrates how the meaning of male and female has evolved changed and varied over a span of 500 years and across major social and ethnic boundaries She traces how at select moments in history perceptions of sex difference were translated into complex and mutable patterns for differentiating women and men How those distinctions were drawn and redrawn affected the course of American history more generally Ryan recounts the construction of a modern gender regime that sharply divided male from female and created modes of exclusion and inequity The divide between male and female blurred in the twentieth century as women entered the public domain massed in the labor force and revolutionized private life This transformation in gender history serves as a backdrop for seven chronological chapters each of which presents a different problem in American history as a quandary of sex Ryan's bold analysis raises the possibility that perhaps if understood in their variety and mutability the differences of sex might lose the sting of inequality *The Literature of Lesbianism* Terry Castle, 2003 Since the Renaissance countless writers have been magnetized by the notion of love between women This anthology registers that fact in as encompassing and enlightening a way as possible Castle explores the emergence and transformation of the idea of lesbianism **Crystal Eastman** Amy Aronson, 2020 The first biography of Crystal Eastman this book tells the story of one of the most prominent social justice activists of the twentieth century A founder of the ACLU Eastman helped to shape the defining movements of the modern era labor feminism peace and free speech *Ellen N. La Motte* Lea M. Williams, 2019-10-30 Using unexamined sources including diaries and unpublished manuscripts this biography traces the life and work of nurse writer and activist Ellen N La Motte 1873 1961 examining how she developed as a professional in the early twentieth century **Calling for Change** Elizabeth A. Sheehy, Sheila McIntyre, 2006 Unique in both scope and perspective *Calling for Change* investigates the status of women within the Canadian legal profession ten years after the first national report on the subject was published by the Canadian Bar Association Elizabeth Sheehy and Sheila McIntyre bring together essays that investigate a wide range of topics from the status of women in law schools the practising bar and on the bench to women's grassroots engagement with law and with female lawyers from the frontlines Contributors not only reflect critically on the gains losses and barriers to change of the past decade but also provide blueprints for political action Academics

community activists practitioners law students women litigants and law society benchers and staff explore how egalitarian change is occurring and or being impeded in their particular contexts Each of these unique voices offers lessons from their individual collective and institutional efforts to confront and counter the interrelated forms of systemic inequality that compromise women s access to education and employment equity within legal institutions and ultimately to equal justice in Canada Published in English

This is likewise one of the factors by obtaining the soft documents of this **Radical Feminists Of Heterodoxy** by online.
