Radical And Working Class Politics:

Respectable Radical F. M. Leventhal, 1971 *The Dynamics of Working-class Politics* Michael Savage, 1987 In an important contribution to a perennial debate Dr Savage argues that over concentration on national labour movements has ignored the variety of local political strategies developed by working class movements these variations show that working class politics develops on the basis of different types of solidarity rooted in various forms of local social structure Such mutations are not a recent development testifying to the decline of class politics but have been an enduring feature of capitalist societies In a detailed case study of Preston Lancashire Dr Savage shows how the strategies and strengths of the various political parties changed between 1880 and 1940 as workplace solidarities gave way to neighbourhood based ones and as changing gender relations in the textile industry facilitated the organisation of women Its sophisticated use of sociological theory and detailed empirical analysis distinguish *The Dynamics of Working Class Politics* as one of the more important essays in historical sociology published in past years

Revolutionary Politics and the Cuban Working Class Maurice Zeitlin, 2015-12-08 In 1962 the author got into Cuba and interviewed workers on the subject of the Revolution Professor Zeitlin examines the effects of the revolution and the influence of such factors as age race and skill on the workers attitudes Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Working-Class Politics in the German Revolution Ralf Hoffrogge, 2014-09-11 Richard M ller a leading figure of the German Revolution in 1918 is unknown today As the operator and unionist who represented Berlin s metalworkers he was main organiser of the Revolutionary Stewards a clandestine network that organised a series of mass strikes between 1916 and 1918 With strong support in the factories the Revolutionary Stewards were the driving force of the Revolution By telling M ller s story this study gives a very different account of the revolutionary birth of the Weimar Republic Using new archival sources and abandoning the traditional focus on the history of political parties Ralf Hoffrogge zooms in on working class politics on the shop floor and its contribution to social change First published in German by Karl Dietz Verlag as Richard M ller *Der Mann hinter der November Revolution* Berlin 2008 this english edition was completely revised for the english speaking audience and contains new sources and recent literature

A History of Irish Working-Class Writing Michael Pierse, 2018 Michael Pierse is Lecturer in Irish literature at Queen's University Belfast. His research mainly explores the writing and cultural production of Irish working class life. Over recent years this work has expanded into new multidisciplinary themes and international contexts including the study of festivals, digital methodologies in public humanities and theatre as research practices. Michael has contributed to a range of national and international publications. He is the author of *Writing Ireland's Working Class* (Dublin: after O'Casey, 2011) and has been awarded several Arts and Humanities Research Council awards and the Vice-Chancellor's Award at Queen's.

Social Inequality and Class Radicalism in France and Britain Duncan Gallie, 1984-01-26 This book first published in 1983 examines in depth the nature and sources of class radicalism in France and Britain and takes issue with some of the major theories of class consciousness and class action. Drawing on data both from detailed case studies and from wider national surveys, it shows that the conflict of class interests within capitalist societies can lead to sharply diverging attitudes to class inequality. It argues that the explanation of such differences cannot be found in some general law of the evolution of social conflict in capitalist society. It must be sought in the profound institutional differences that exist between the two societies. In particular, the study argues for a reassessment of the importance of the experience of war and of the way in which the business and political elite handled the social crises generated by war in accounting for the long-term structural divergence of capitalist societies.

Currents of Radicalism Eugenio F. Biagini, Alastair J. Reid, 1991-06-28 Those who were originally called radicals and afterwards reformers are called Chartists. Declared Thomas Duncombe before Parliament in 1842 a comment which can be adapted for a later period and as a description of this collection of papers those who were originally called Chartists were afterwards called Liberal and Labour activists. In other words the central argument of this book is that there was a substantial continuity in popular radicalism throughout the nineteenth and into the twentieth century. The papers stress both the popular elements in Gladstonian Liberalism and the radical liberal elements in the early Labour party. The first part of the book focuses on the continuity of popular attitudes across the commonly assumed mid-century divide with studies of significant personalities and movements as well as a local case study. The second part examines the strong links between Gladstonian Liberalism and the working classes, looking in particular at labour law, taxation and the Irish crisis. The final part assesses the impact of radical traditions on early Labour politics in Parliament, the unions and local government. The same attitudes towards liberty, the rule of law and local democracy are highlighted throughout and new questions are therefore posed about the major transitions in the popular politics of the period.

Explorations in Cultural History T. G. Ashplant, Gerry Smyth, 2001-03-20 History is an invention in the present as much as a representation and interpretation of the past. This has opened up innovative approaches to the research and writing of history and it is the two ideas central to this theme that culture is historically conditioned and history culturally conditioned that this book explores. Both theoretical

and practical in its approach this volume explains the development of cultural history and its impact on current teaching Part One examines the ways in which conceptions of historical meaning have been challenged via developments in a range of disciplines including literary and linguistic theory history sociology anthropology media and cultural studies Part Two looks at four case studies drawn from America and Britain the Vietnam Veterans Memorial the music of the Beatles the social documentary of George Orwell and the political polemics of nineteenth century British radical women

Politics and the Irish Working Class, 1830-1945 Donal Ó Drisceoil, F. Lane, 2005-09-30 This book is the first ever collection of scholarly essays on the history of the Irish working class It provides a comprehensive introduction to the involvement of Irish workers in political life and movements between 1830 and 1945 Fourteen leading Irish and international historians and political scientists trace the politicization of Irish workers during a period of considerable social and political turmoil The contributions include both surveys covering the entire period and case studies that provide new perspectives on crucial historical movements and moments This volume is a milestone in Irish labour and political historiography and an important contribution to the international literature on politics and the working class

The Origins of Collective Decision Making Andy Blunden, 2016-04-08 In The Origins of Collective Decision Making Andy Blunden identifies three paradigms of collective decision making Counsel Majority and Consensus discovers their origins in traditional medieval and modern times and traces their evolution over centuries up to the present The study reveals that these three paradigms have an ethical foundation deeply rooted in historical experiences The narrative takes the reader into the very moments when individual leaders and organisers made the crucial developments in white heat of critical moments in history such as the English Revolution of the 1640s the Chartist Movement of the 1840s and the early Civil Rights Movement of the 1960s This history provides a valuable resource for resolving current social movement conflict over decision making

Nationalism and the State John Breuilly, 1994-02 Since its publication this important study has become established as a central work on the vast and contested subject of modern nationalism Placing historical evidence within a general theoretical framework John Breuilly argues that nationalism should be understood as a form of politics that arises in opposition to the modern state In this updated and revised edition he extends his analysis to the most recent developments in central Europe and the former Soviet Union He also addresses the current debates over the meaning of nationalism and their implications for his position Breuilly challenges the conventional view that nationalism emerges from a sense of cultural identity Rather he shows how elites social groups and foreign governments use nationalist appeals to mobilize popular support against the state Nationalism then is a means of creating a sense of identity This provocative argument is supported with a wide ranging analysis of pertinent examples national opposition in early modern Europe the unification movement in Germany Italy and Poland separatism under the Hapsburg and Ottoman empires fascism in Germany Italy and Romania post war anti colonialism and the nationalist resurgence following the breakdown of Soviet power Still the most comprehensive and systematic historical

comparison of nationalist politics Nationalism and the State is an indispensable book for anyone seeking to understand modern politics

Ballots and Barricades Ronald Aminzade, 1993-09-12 Using class analysis to understand the dynamics of political conflict in mid nineteenth century France Ronald Aminzade explores political activity among workers in three industrialized French cities Toulouse Saint tienne and Rouen A comparative case study design enables the author to analyze how the complex interaction between industrialization class relations and party development fostered revolutionary communes in some cities but not others Challenging traditional theories of industrialization and revolution Aminzade innovatively uses narratives to provide a historically grounded analysis of the failed municipal revolutions of 1871 and the triumph of liberal democratic institutions in France In each of these cities distinctive patterns of capitalist industrialization and class restructuring intersected with shifting political opportunities at the national level to produce local republican parties with different ideologies strategies and alliances Focusing on changing relations between republican parties and male workers whose identities and economic standing were in transition Aminzade examines struggles within local parties among liberal radical and socialist republicans The outcome of these struggles he argues shaped the willingness of workers to embrace the ballot box or take to the barricades

Radicalism In The Contemporary Age, Volume 1 Seweryn Bialer, Sophia Sluzar, 2019-08-16 This volume Sources of Contemporary Radicalism begins with Seweryn Bialer s examination of the definitional aspects of radicalism as well as with the identification of specific contemporary sources of the radical impulse and the social groups that are the carriers of radicalism within society In the next two chapters Seymour Lipset and Stanley Rothman consider the case of the United States Lipset asks anew the question posed by Werner Sombart at the beginning of this century Why is there no socialism in the United States From the perspective of a century of literature addressed to this question he provides his own critique and explanation Rothman considers the relatively new phenomenon of student radicalism in the United States and on the basis of interviews with student activists and results of tests they agreed to take he offers hypotheses concerning their psychological motivation Sidney Tarrow s chapter presents a comparison and contrast of the societal sources contributing to the growth of radical movements in post World War II France and Italy Henry Landsberger in his chapter concentrates on one societal group the peasantry Landsberger addresses the methodological issue that arises in defining peasant discontent as radicalism and examines what it is that provides a new dimension to peasant discontent in modern times In the final chapter William Overholt presents a valuable interpretative survey of the literature on radicalism

Radicals in the Barrio Justin Akers Chacón, 2018-06-26 Radicals in the Barrio uncovers a long and rich history of political radicalism within the Mexican and Chicano working class in the United States Chacón clearly and sympathetically documents the ways that migratory workers carried with them radical political ideologies new organizational models and shared class experience as they crossed the border into southwestern barrios during the first three decades of the twentieth century Justin Akers Chacón previous work includes No One is Illegal Fighting Racism and State Violence on

the U S Mexico Border with Mike Davis Visionary Religion and Radicalism in Early Industrial England Philip Lockley, 2013 Early industrial England witnessed significant interactions between millenarianism and traditions of radical popular politics including the first English socialisms This book provides a detailed archive based study of Southcottianism from 1815 to 1840 that revises many previous assumptions about this popular millenarian movement
