Brown,Owen R. Cote, Jr.,Sean M. Lynn-Jones,Steven E. Miller,2000-07-18 Contending perspectives on the future of US grand strategy More than a decade has passed since the end of the Cold War but the United States has yet to reach a consensus on a coherent approach to the international use of American power The essays in this volume present contending perspectives on the future of U S grand strategy U S policy options include primacy cooperative security selective engagement and retrenchment This revised edition includes additional and more recent analysis and advocacy of these options The volume includes the Clinton administration s National Security Strategy for a New Century the most recent official statement of American grand strategy so readers can compare proposed strategies with the official U S government position     The biblical concept of the 'Davidic Covenant' in 2 Samuel and Ezekiel and its implications for African leadership Victor Lonu Budha,2023-10-30 Scholars have offered insight into the Davidic Covenant and the future hope for Israel However their works up to this point have overlooked a detailed influence of 2 Samuel 7 on Ezekiel 34 and 37 Therefore reading the text of Ezekiel in relation to the original form of the Davidic Covenant may reveal further indications of the literary theological and conceptual influence of 2 Samuel 7 and the help it provides in understanding the function of the promised ruler in Ezekiel 34 and 37 An intertextual approach proves to be relevant to establishing this influence The intertextual approach used for the exegesis in this book establishes how biblical books are connected and proves the influence of the text of 2 Samuel on that of Ezekiel 34 and 37 The study of 2 Samuel 7 in relation to the Davidic Covenant underscores God s faithfulness and concern for his people Godly leadership is the kind of leadership that God desires for his people Looking closely at the Davidic Covenant and God s promises in Ezekiel s text we can see that they encompass important implications for African leadership     *Taking Flight* Jennifer Donahue,2020-07-23 Caribbean women have long utilized the medium of fiction to break the pervasive silence surrounding abuse and exploitation Contemporary works by such authors as Tiphonie Yanique and Nicole Dennis Benn illustrate the deep rooted consequences of trauma based on gender sexuality and race and trace the steps that women take to find safer ground from oppression Taking Flight examines the immigrant experience in contemporary Caribbean women s writing and considers the effects of restrictive social mores In the texts examined in Taking Flight culturally sanctioned violence impacts the ability of female characters to be at home in their bodies or in the spaces they inhabit The works draw attention to the historic racialization and sexualization of black women s bodies and continue the legacy of narrating black women s long standing contestation of systems of oppression Arguing that there is a clear link between trauma shame and migration with trauma serving as a precursor to the protagonists emigration Jennifer Donahue focuses on how female bodies are policed how moral racial and sexual codes are linked and how the enforcement of social norms can function as a form of trauma Donahue considers the

relationship between trauma shame and sexual politics and investigates how shame works as a social regulator that frequently leads to withdrawal or avoidant behaviors in those who violate socially sanctioned mores Most importantly Taking Flight positions flight as a powerful counter to disempowerment and considers how flight whether through dissociation or migration functions as a form of resistance

**Desegregating the Past** Robyn Autry, 2017-02-07 At the Apartheid Museum in Johannesburg South Africa visitors confront the past upon arrival They must decide whether to enter the museum through a door marked whites or another marked non whites Inside along with text they encounter hanging nooses and other reminders of apartheid era atrocities In the United States museum exhibitions about racial violence and segregation are mostly confined to black history museums with national history museums sidelining such difficult material Even the Smithsonian s National Museum of African American History and Culture is dedicated not to violent histories of racial domination but to a more generalized narrative about black identity and culture The scale at which violent racial pasts have been incorporated into South African national historical narratives is lacking in the U S Desegregating the Past considers why this is the case tracking the production and display of historical representations of racial pasts at museums in both countries and what it reveals about underlying social anxieties unsettled emotions and aspirations surrounding contemporary social fault lines around race Robyn Autry consults museum archives conducts interviews with staff and recounts the public and private battles fought over the creation and content of history museums Despite vast differences in the development of South African and U S society Autry finds a common set of ideological political economic and institutional dilemmas arising out of the selective reconstruction of the past Museums have played a major role in shaping public memory at times recognizing and at other times blurring the ongoing influence of historical crimes The narratives museums produce to engage with difficult violent histories expose present anxieties concerning identity mis recognition and ongoing conflict
