

The background of the book cover is a dramatic, low-key photograph. It shows a dark silhouette of a building, possibly a church or a government structure, against a sky filled with swirling, dark clouds. A bright, glowing light source, likely the sun or moon, is partially obscured by the clouds on the left side, creating a strong backlighting effect. The overall mood is somber and intense.

Radical Islam Vs America:

Radical Islam in America Chris Heffelfinger, 2011-04-30 The radicalization of Muslims and Islamic institutions in the United States Europe and across the Islamic world has fostered a new generation of Islamist activists many of them willing to use violence to achieve their aims In **Radical Islam in America** Chris Heffelfinger describes the development of the Islamist movement examines its efforts and influence in the West and suggests strategies to reduce or eliminate the threat of Islamist terrorism The book distinguishes Islamism the fundamentalist political movement based on Islamic identity and values from the Muslim faith and explores Islamists substantial inroads with Muslims and Muslim educational institutions in the West since the 1960s as well as the larger relationship between Islamist political activism and militancy Heffelfinger argues that the West has often mischaracterized jihadists as a nihilistic irrational force desiring nothing but death and destruction Instead we need to recognize that Islamists are part of a much broader struggle over the political social economic and legal direction of Muslims around the world Our failure to understand the motives behind terrorist tactics has resulted not only in ineffective counterterrorism strategies but also in the proliferation of Islamist militants and sympathizers Among the hundreds of terrorism related arrests since 9 11 a large number were young socially alienated Muslims who were moved by the jihadist message but not directed by jihadist networks overseas That phenomenon and the ideology behind it is what Western society and governments must fully understand in order to construct a viable policy to confront it This book will appeal to scholars and general readers interested in global politics current affairs Middle East terrorism and counterterrorism

they deserve to have their story told and no one is better to tell it than Col North because when it comes to heroes it takes one to know one This book is a treasure Newt Gingrich former Speaker of the House of Representatives and New York Times bestselling author of Real Change Ollie North has been there done that with the American heroes who are winning the war against radical Islamic terror This book is a magnificent tribute to the warriors who defend us all Sean Hannity host of The Sean Hannity Show and FOX News Channel s Hannity Colmes
