Radio An Appreciation:

The Radio David Attwood,1997 *The Radio* David Attwood,1997 This book is a fascinating journey through time into what was once the centerpiece of every home the radio From the impressive sets of the 20 s to the modern 90 s it is more than a technical pictorial it s a book that describes who we were and are Radio's Civic Ambition David Goodman,2011-04-12 In its golden age American radio both entertained and also fostered programs meant to produce self governing and opinion forming individuals promoting openness to change and tolerance of diversity familiarity with classical music and knowledge of world affairs As author David Goodman argues the ambitions of radio s golden age have strong significance today as evidence that media regulation in the public interest can have significant and often positive effects
