## **Railway Stations:**

**Personal Passenger Safety in Railway Stations** Great Britain: Parliament: House of Commons: Transport Committee, 2006-05-25 Personal passenger safety in railway Stations Oral and written evidence oral evidence taken on Wednesday 19 April 2006 **Britain's 100 Best Railway Stations** Simon Jenkins, 2017-09-28 Discover the architectural gems that are Britain's 100 Best Railway Stations in this Sunday Times top 10 bestseller This is a cracker a beautiful book Chris Evans It is the scene for our hopeful beginnings and our intended ends and the timeless experiences of coming and going meeting greeting and parting It is an institution with its own rituals and priests and a long neglected aspect of Britain's architecture And yet so little do we look at the railway station Simon Jenkins has travelled the length and breadth of Great Britain from Waterloo to Wemyss Bay Betws y Coed to Beverley to select his hundred best railway stations Blending his usual insight and authority with his personal reflections and experiences including his founding the Railway Heritage Trust the foremost expert on our national heritage deftly reveals the history geography design and significance of each of these glories Beautifully illustrated with colour photographs throughout this joyous exploration of our social history shows the station's role in the national imagination champions the engineers architects and rival companies that made them possible and tells the story behind the triumphs and follies of these very British creations These are the marvellous often undersung places that link our nation celebrated like never before However spectacular the book's photographs it's the author's prowess as a phrase maker that keeps you turning the pages The Times An uplifting exploration of our social history Guardian

*Business Management of Railway Stations* K.V.Rao IRTS, 2021-09-07 The Business Management of Railway Stations will help and guide the officers and staff of both government as well as private railways working at stations sidings and on trains to further improve the business of railways and services to the people It is also useful to passengers freight customers contractors rail users students academicians and the general public **London's Great Railway Stations** Oliver Green, 2021-12-07 A lavish photographic history of all the key railway stations of London for transport buffs and anyone interested in the rich history of London **Norfolk and Western Railway Stations and Depots** C. Nelson Harris, 2009-12-07 The tracks of the Norfolk and Western Railway snaked through Virginias Shenandoah Valley and the coalfields of West Virginia For nearly 100 years the Norfolk and Western brought freight passengers and economic vitality to large cities and rural mining towns At each stop was the depot or station some stations were large architecturally ornate structures that represented the muscular energy and romantic era of this great steam railway with its famed J class engines In other places there were small wooden depots that depicted the hard scrabble life of the mining communities tucked amid steep mountain valleys that were indelibly shaped by the railways presence Today some of those structures remain while many disappeared when the railway ceased passenger or other service The Norfolk and Western eventually merged with the Southern Railway and though the trains of the Norfolk Southern still run along those same lines they simply pass by where

they used to stop many years ago      **Maintaining and Improving Britain's Railway Stations** Great Britain: National Audit Office, 2005-07-20 Network Rail owns most of Britain's 2507 stations and is responsible for their structural repair and renewal. It also operates and manages 17 large stations known as managed stations. It leases the remainder known as franchised stations to 22 Train Operating Companies (TOCs) responsible for station maintenance, cleaning and operations. The Strategic Rail Authority (SRA) sets minimum standards including facilities and services required at franchised stations, monitors TOCs' compliance with requirements and helps fund stations' operation and improvement. In this report, NAO examines whether passengers are satisfied with station facilities and services and whether station requirements are being met, the barriers to station improvement and what is being done to overcome them. There has been a little improvement in passengers' satisfaction over recent years. National Passenger Survey data show that satisfaction increased from 59 per cent to 63 per cent between 1999 and 2005, but the greatest levels of dissatisfaction are with the more than 2000 small and medium-sized stations which are unstaffed or staffed for only part of the day and which have few facilities. But there is a gap between rising passenger expectations on the one hand and value for money and what the government and the industry can afford to spend on the other. Funding constraints constitute the biggest barrier to further improvement. Having originally envisaged spending 225 million on new facilities at 980 stations in its Modern Facilities at Stations programme, the SRA shrank the programme to 25 million and 68 stations to match the amount of money the Department for Transport made available.      *Names of Victorian Railway Stations*, 1918      **Preservation and Reuse of Railway Stations of Historic Or Architectural Merit, Hearing Before...**, 94-1, July 10, 1975 United States. Congress. Senate. Committee on Commerce, 1975      *Preservation and Reuse of Railway Stations of Historic Or Architectural Merit* United States. Congress. Senate. Committee on Commerce, 1975      *Shippers' Guide for Fifty Thousand Express Offices and Railway Stations ...* Adams Express Company, 1890      *Norfolk and Western Railway Stations and Depots* C. Nelson Harris, 2009 The tracks of the Norfolk and Western Railway snaked through Virginia's Shenandoah Valley and the coalfields of West Virginia. For nearly 100 years, the Norfolk and Western brought freight, passengers and economic vitality to large cities and rural mining towns. At each stop was the depot or station; some stations were large, architecturally ornate structures that represented the muscular energy and romantic era of this great steam railway with its famed J class engines. In other places there were small wooden depots that depicted the hard scrabble life of the mining communities tucked amid steep mountain valleys that were indelibly shaped by the railway's presence. Today, some of those structures remain while many disappeared when the railway ceased passenger or other service. The Norfolk and Western eventually merged with the Southern Railway, and though the trains of the Norfolk Southern still run along those same lines, they simply pass by where they used to stop many years ago.

**Railway Depots, Stations & Terminals** Brian Solomon, 2015-10 Ride the rails with famed railroad historian Brian Solomon and learn about the incredible architecture and history of stations across America      *Sheffield*,      **City of**

**Sheffield (Part 1 of 3) , Living Stations** Manuela Triggianese, Olindo Caso, Yagiz Söylev, 2021-02-04 Due to the growing demand for mobility as a primary need for people to get to work to obtain personal care or to go travelling cities continue to be faced with new urban challenges Stations represent along mobility networks not only transportation nodes transfer points but also architectural objects which connect an area to the city's territorial plane and which have the potential to generate new urban dynamics In the compact city the station is simply no longer the space to access mobility networks as informed by their dry pragmatism but becomes an urban place of sociality and encounter an extended public space beyond mobility itself Which relationships and cross fertilizations can be significant for the design of the future living stations in the Municipality of Rotterdam How ought these stations to be conceived in order to act as public places for collective action Which archetypical devices can be designed to give a shape to the ambitions for these stations The station as a public space and catalyzer for urban interventions in the metropolitan area of Rotterdam is the focus of the research initiative presented in this publication City of Innovations Project Living Stations is organized around speculating and forecasting on future scenarios for the city of Rotterdam What is the future of Rotterdam with the arrival of a new metro circle line system In the past fifty years every decade of Rotterdam urban planning has seen its complementary metro strategy with profound connections with the spatial planning and architectural themes Considering the urban trends of densification and the new move to the city a new complementary strategy is required The plans to realize 50 000 new homes between the city center and the suburban residential districts in the next 20 years go together with the development of a new metro circle line consisting of 16 new stations 6 of which will connect the new metro line to the existing network Students of the elective City of Innovations Project AR0109 have been asked to develop ambitious but plausible urban and architectural proposals for selected locations under the guidance of tutors from the Municipality of Rotterdam and Complex Projects The Grand Paris Express metro project in France has inspired the course's approach Following the critical essays on the strategic role of the infrastructural project for city development interventions the 10 Visions X 5 Locations chapter is a systematization of the work of 35 master's students with input from designers of the City of Rotterdam and experts and academic from the University of Gustave Eiffel in Paris The research through design process conducted in the City of Innovations project Living Stations consists of documenting and analyzing the present urban conditions of selected station locations in the City of Rotterdam and proposing design solutions and visualizations of the predicted development of these locations

**Railway Depots, Stations & Terminals** Brian Solomon, 2015-10-01 From the railway's beginnings the station building itself had civic importance greater than ordinary structures Let historian Brian Solomon show you how beautifully it filled that role Railway Depots Stations it is an entrance an exit a place to rest and a stop along the way It can be the first thing a traveler sees and the last memory of a favorite city Facing both the street and the tracks the station is naturally a point of departure and a face of the city it serves Brian Solomon one of today's most accomplished railway historians leads you through a one of a kind exploration of the

history and architecture of depots stations and terminals
