

A vibrant rainbow arches across a dramatic sky, its colors transitioning from deep red on the left to bright yellow and green on the right. Below the rainbow, dark, heavy clouds hang over a turbulent ocean. White-capped waves are seen crashing against a rocky shoreline in the foreground. The foreground is filled with dark, dense foliage, possibly trees or bushes, which are silhouetted against the lighter sky and water. The overall scene conveys a sense of awe and the beauty of nature's elements.

The Ministry, Vol. 06, No. 06 Various Authors, 2002-06-01 In this issue of *The Ministry* we include the final eight messages of *The Visions of Ezekiel* concerning God's Economy given during the 2001 fall term of the Full time Training in Anaheim The book of Ezekiel is composed of four main sections The first section concerns the vision of the appearance of the Lord's glory The next section concerns God's judgment both on His disobedient and wayward people and on the nations The third section concerns the Lord's recovery by life The first message of this volume deals with the vision of the throne above the clear sky The highest point in our Christian experience and in our living as Christians in the church life is not simply to have a crystal clear sky We need to reach the highest point where we see the man on the throne and realize that God's goal is to have many men on the throne with Christ as the God man The last message of this series focuses on the last section of Ezekiel on the vision of the holy building of God Next to God Himself this is perhaps the greatest matter in the Bible because it involves the totality of God's work in His economy through the ages to produce an expression of Himself Last of all we include a report of the first International Blending Conference in Accra Ghana held in March 2002

Rainbow s End tells the story of the stock market collapse in a colorful swift moving narrative that blends a vivid portrait of the 1920s with an intensely gripping account of Wall Street s greatest catastrophe The book offers a vibrant picture of a world full of plungers powerful bankers corporate titans millionaire brokers and buoyantly optimistic stock market bulls We meet Sunshine Charley Mitchell head of the National City Bank powerful financiers Jack Morgan and Jacob Schiff Wall Street manipulators such as the legendary Jesse Livermore and the lavish living Billy Durant founder of General Motors As Klein follows the careers of these men he shows us how the financial house of cards gradually grew taller as the irrational exuberance of an earlier age gripped America and convinced us that the market would continue to rise forever Then in October 1929 came a perfect storm like convergence of factors that shook Wall Street to its foundations We relive Black Thursday when police lined Wall Street brokers grew hysterical customers bellowed like lunatics and the ticker tape fell hours behind This compelling history of the Crash the first to follow the market closely for the two years leading up to the disaster illuminates a major turning point in our history
