Schmidt,2014-09-01 It s going to be one hell of a great everlastingly great book with humor tears fun emotion and love Judy Garland said of her plans to tell her life story But she died at the age of forty seven before seeing it through Judy Garland on Judy Garland is the closest we will likely come to experiencing and exploring the legend s abandoned autobiography Collecting and presenting the most important Garland interviews and encounters that took place between 1935 and 1969 this work opens with her first radio appearance under contract with Metro Goldwyn Mayer and concludes with her last known interview one taped for Radio Denmark just months before her

death What makes this collection unique and distinguishes it from the plethora of Garland biographies is that it places Judy in the role of storyteller She wrote a number of essays for various publications and sat for countless print radio and television interviews These and the other autobiographical efforts she made are proof that Judy Garland wanted her story told and wanted it told in her own words Finally here it is **Heavenly Bodies** Richard Dyer,2013-05-13 Richard Dyer s classic study of movie stars and stardom has been updated with a new introduction by the author discussing the rise of celebrity culture and developments in the study of stars since publication of the first edition in 1986 Dyer s illuminating study is based around case studies of three major stars Marilyn Monroe Paul Robeson and Judy Garland He draws on a wide range of sources including the films in which each star appeared to illustrate how each star s persona was constructed and goes on to examine each within the context of particular issues in fan culture and stardom Students of film and cultural studies will find this an invaluable part of there course reading **The Real Nick and Nora** David L.
