What does it mean to be fully alive Magic blends with reality in a stunning coming of age novel about a girl a grandfather wanderlust and reclaiming your roots Things are only impossible if you stop to think about them While her friends are spending their summers having pool parties and sleepovers twelve year old Carolina Carol is spending hers in the middle of the New Mexico desert helping her parents move the grandfather she s never met into a home for people with dementia At first Carol avoids prickly Grandpa Serge But as the summer wears on and the heat bears down Carol finds herself drawn to him fascinated by the crazy stories he tells her about a healing tree a green glass lake and the bees that will bring back the rain and end a hundred years of drought As the thin line between magic and reality starts to blur Carol must decide for herself what is possible and what it means to be true to her roots Readers who dream that there s something more out there will be enchanted by this captivating novel of family renewal and discovering the wonder of the world *The Wealthy Gardener* John Soforic,2020-02-25

A heartwarming series of stories and practical wisdom on entrepreneurship and wealth in the vein of Rich Dad Poor Dad written by a financially independent father for his ambitious son Soon after he opened his vineyard for business many years ago the Wealthy Gardener noticed a puzzling fact Everyone wanted money but only a few people managed to accumulate it The reason he realized is that most people focus on short term gains instead of achieving lasting wealth As he grew old and aware of his dwindling time on this Earth the Wealthy Gardener began to share his hard earned wisdom with the financially troubled in his community patiently mentoring those who asked for his practical advice on the ways of prosperity The parable of the Wealthy Gardener is far more than an admonishment to earn more or spend less it is about timeless principles As his lessons reveal financial freedom is a means to power and control over our lives Without money we are subject to the demands and whims of others With money we are

sheltered from the storm and we can extend that shelter to our loved ones Poised to become an intimate financial classic The Wealthy Gardener will inspire readers to find their own noble purpose and relieve their money worries once and for all No matter your income level skillset or unique economic disadvantages the lessons in this book will show you the path forward All you need is the will to work the desire to succeed and the motivation to learn *The Friendly Atheist: Thoughts on the Role of Religion in Politics and Media* Hemant Mehta,2013-01-21 Every semester in the weeks leading up to final exams I hand out a study guide to all of my high school math students and have them complete it so that they have a sense of what to expect on the big test Inevitably students ask If I just study this packet will I be prepared for the exam I sigh I stare at them I give them the response every teacher knows by heart No of course the packet isn't enough You should go through your notes your homework and the textbook You should redo the examples we did in class and try more practice problems from the book The study guide is only a summary of the big ideas from the semester If you really want to understand the subject you have to go much more in depth In a sense this book is a study guide for the things I've written about over the past several years My name is Hemant Mehta and I began FriendlyAtheist.com in 2006 before I began teaching high school in order to talk about a topic I was incredibly passionate about religion Not necessarily to convince people that God didn't exist but to talk about the issues that mattered now that we were Godless What you see in this book is a compilation of posts discussing the subjects I have written the most about They are reprinted here with minimal editing to offer a glimpse into my world and to show you the concerns I've had as an American atheist That means talking about atheists who fight for their and in many respects our rights responding to people who smear us just because we're not religious and making people aware of the way atheists are viewed by the majority of Americans hint we're not very popular That means talking about politics and social issues in particular the fight for equal rights for the LGBT community since those are the major issues in our country where rational thinking free from religious tradition is needed but seldom found That means talking about the obstacles that young atheists have to deal with on a regular basis Their challenges are so different than the ones we face in the real world yet their courage inspires all of us To be a vocal atheist is never easy and there are students promoting rational thinking on campus while keeping their administrators in check They do this despite risking their social capital At the same time when those students are not around to act as watchdogs we must do it for them and shine a spotlight on illegal intrusions of religion into our public schools Are these the only issues that matter to atheists No but they are the issues that have taken up the bulk of my writing in the years since I began covering atheism related news If you want to get a fuller picture of what atheists are talking about what our activism involves and what our future looks like no single writer can do that for you just as no single study guide will prepare you for a final exam **Taylor Rochester** ,1942
