Red White And Black:

Red, White, and Black Robert L. Woodson, Sr.,2021-05-11 In the rush to redefine the place of black Americans in contemporary society many radical activists and academics have mounted a campaign to destroy traditional American history and replace it with a politicized version that few would recognize According to the new radical orthodoxy the United States was founded as a racist nation and everything that has happened throughout our history must be viewed through the lens of the systemic oppression of black people Rejecting this false narrative a collection of the most prominent and respected black scholars and thinkers has come together to correct the record and tell the true story of black Americans in all its complexity diversity of experience and poignancy Collectively they paint a vivid picture of black people living the grand American experience however bumpy the road may be along the way But rather than a people apart blacks are woven into the united whole that makes this nation unique in history Featuring Essays by John Sibley Butler Jason D Hill Coleman Cruz Hughes John McWhorter Clarence Page Wilfred Reilly Shelby Steele Carol M Swain Dean Nelson Charles Love Rev Corey Brook Stephen L Harris Harold A Black Stephanie Deutsch Yaya J Fanusie Ian Rowe John Wood Jr Joshua Mitchell Robert Cherry Rev DeForest Black Soaries Jr

Red, White, And Black Mike Shabazz,2020-10-16 At a time when the dialogue concerning Black and White people in America is more crucial than ever it is important to approach the conversation with the sense of urgency required to eliminate the historic strain between the two founding races of this country once and for all If we continue to kick the proverbial can down the road we will only be nursing a raging ulcer in the system which will continue to plague our children and our children s children in unpredictable ways As any great problem solver knows in order to solve a problem you must first identify it Red White And Black does just that It delves deep into the historic relationship between Black and White people to expose the roots of the weeds that spring up from time to time to choke out any resemblance of a nation that is supposed to have moved far beyond Slavery and Segregation Whenever tensions reside just beneath the surface of an environment there is always a chance that the slightest agitation will provoke those tensions to rear their ugly heads in a violent and tumultuous manner Red White And Black is devoted to preventing that precarious outcome from happening We can no longer ignore that Black and White people largely live in two different Americas separate and unequal What changes are America willing to make to truly give liberty and justice to everyone in this nation We have reached the time in America where the American Dream has to put up or shut up Either America will finally do what is necessary to make it equally accessible to every American including Black people or it is time for Black people to consider other options MLK once said that We must learn to live together as brothers or perish together as fools But today Black people have found themselves saying We must determine that if we cannot live together as brothers that we will also not perish together as fools Is it time for Blacks and Whites to consider splitting up like the old Soviet Union did Can America be saved These questions and more are addressed in Red White And Black
