Redefining Governments Role In The Market System:

Redefining Government's Role in the Market System Committee for Economic Development. Research and Policy Committee, 1979 Redefining Government's Role in the Market System United States. Committee for Economic Development, 1989 The Market System, Structural Change, and Efficient Economies Bodo B. Gemper, This volume s aim is to promote thought in readers interested in what kind of economic policies market systems welfare systems and socialist systems should each pursue under the pressures of accelerating change Should there be more government or less government This is the central question addressed by this internationally drawn group of experts The book features major case studies on the People s Republic of China Canada Ghana Great Britain South Africa Taiwan and West Germany Contributors include Richard L Brinkman from the United States James C W Ahiakpor and Tillo E Kuhn from Canada Dieter Loesch and Herbert Schmidt from Germany and Geert L deWet from South Africa For technical economists interested in world trade business people concerned with expanding markets and policy analysts concerned about how technology culture and politics drive economic systems this book is essential reading As the editor points out indicative targeting as the latest weapon in the arsenal of economic science makes it possible to systematically discover signals that could become points of reference landmarks for the way into the future The approach taken by the authors enables us to trace future trends by extrapolating current data onto new territory It will help the policy maker identify desirable trends and ideas and at the same time provides some early warning signals about high risk trends and patterns Bodo B Gemper is professor of economics at the University of Siegen in Germany He previously edited a Transaction volume Structural Dynamics of Industrial Policy and in German Protectionism in the World Economy **Redefining Government's Role in the Market System** ,198?

Economic Management and Transition Towards a Market Economy Anthony T.H. Chin, 1996 Much attention has been focused in recent years on the transformation of the economies of Eastern and Central Europe and the former Soviet Union However a growing demand for policy advice technical assistance and expertise is also coming from Asian reforming countries such as China Mongolia Vietnam Laos and Cambodia In addition business communities abroad are increasingly interested in exploring investment and marketing opportunities in these reforming countries Such developments are too important to overlook or ignore The transformation of socialist economies towards market based systems entails an unusually wide range of problems Studies of related topics are complicated by the speed of the changes and the lack of clear historical precedents Although the structural features of Asian reforming economies are in important ways different from those of the Eastern European economies all socialist economies share similar fundamental conditions on the eve of economic reform which raise a similar set of reform issues This volume brings together a rich collection of expertise and information in an attempt to shed some light on the transitional process in Asia The contributions are by no means exhaustive However they provide the reader and analyst with an excellent starting point to the problems and prospects which are specific to Asian
