

A still life composition featuring a red book, lavender flowers, a glass of water, and various fruits on a light-colored surface. The book is open, showing blank pages, and is positioned diagonally. A sprig of lavender flowers lies across the book. A glass of water is placed near the bottom center. Various fruits, including lemons and oranges, are scattered around the base of the book and glass. The background is a soft, light-colored surface with some greenery visible on the right side.

## **Rediscovery Of Inner Experience:**

The Rediscovery of Inner Experience Lucy Bregman, 1982      Pitirim A. Sorokin: Rediscovering a Master of Sociology Emiliana Mangone, 2023-09-12 Pitirim A Sorokin is a controversial figure in the history of sociology of which he remains one of the masters Those who read Sorokin today must however frame the historical reality experienced by the scholar his Russian and American experiences because the evolution of his thought had several phases that correspond to his personal family and professional lives he founded and directed the Department of Sociology at Harvard University for many years This Russian American sociologist argued that socio cultural phenomena must be studied following their dynamism in space and time since the constituent elements personality society and culture are constantly changing and cannot be studied separately Reviving his thought is not a form of celebration but a moment to reflect on how some sociology classics still have their relevance and how all too often they are forgotten This is why this book takes up his main conceptualizations by anchoring them to contemporary society whose transformations are often difficult to read and above all to highlight how the role of sociology as a science has in part lost sight of its ontological foundation as a service to humanity or public service The theoretical paths taken by Sorokin range from Social and Cultural Dynamics to Social Mobility and to many other topics such as man and society in calamities or love and altruism one of Sorokin s latest topics All these topics can revive the idea of a sociology that holds together the micro meso and macro dimensions and allows us to predict changes in society

Rediscovering the History of Psychology Adrian Brock, Johann Louw, Willem van Hoorn, 2006-02-07 For the last 25 years Kurt Danziger s work has been at the center of developments in history and theory of psychology This volume makes Danziger s work the focal point of a variety of contributions representing several active areas of research Written by the leading figures in history and theory of psychology from North America Europe and South Africa including Danziger himself it will serve as a point of departure for those who wish to acquaint themselves with some of the most important issues in this field      Rediscovering Pierre Janet Giuseppe Craparo, Francesca Ortu, Onno van der Hart, 2019-04-03 Rediscovering Pierre Janet explores the legacy left by the pioneering French psychologist philosopher and psychotherapist 1859 1947 from the relationship of between Janet and Freud to the influence of his dissociation theory on contemporary psychotraumatology Divided into three parts the first section places Janetian psychological analysis and psychoanalysis in context with the foundational tenets of psychoanalysis from Freud to relational theory before the book explores Janet s work on trauma and dissociation and its influence on contemporary thinking Part three presents several contemporary psychotherapy approaches directly influenced by Janetian theory including the treatment of posttraumatic stress disorder and dissociative identity disorder Rediscovering Pierre Janet draws together eminent scholars from a variety of backgrounds each of whom has developed Janetian constructs according to his or her own theoretical and clinical models It provides an integrative approach that offers contemporary perspectives on Janet s work and will be of significant interest to practicing psychoanalysts

psychiatrists and psychotherapists especially those treating trauma related dissociative disorders as well as researchers with an interest in psychological trauma      *Revisioning Transpersonal Theory* Jorge N. Ferrer, 2002-01-01 A participatory alternative to the perennialism and experientialism dominant in transpersonal psychology      **Rediscovering Empathy** Karsten Stueber, 2010-08-13 Empathy as epistemically central for our folk psychological understanding of other minds a rehabilitation of the empathy thesis in light of contemporary philosophy of mind In this timely and wide ranging study Karsten Stueber argues that empathy is epistemically central for our folk psychological understanding of other agents that it is something we cannot do without in order to gain understanding of other minds Setting his argument in the context of contemporary philosophy of mind and the interdisciplinary debate about the nature of our mindreading abilities Stueber counters objections raised by some in the philosophy of social science and argues that it is time to rehabilitate the empathy thesis Empathy regarded at the beginning of the twentieth century as the fundamental method of gaining knowledge of other minds has suffered a century of philosophical neglect Stueber addresses the plausible philosophical misgivings about empathy that have been responsible for its failure to gain widespread philosophical acceptance Crucial in this context is his defense of the assumption very much contested in contemporary philosophy of mind that the notion of rational agency is at the core of folk psychology Stueber then discusses the contemporary debate between simulation theorists who defend various forms of the empathy thesis and theory theorists In distinguishing between basic and reenactive empathy he provides a new interpretive framework for the investigation into our mindreading capacities Finally he considers epistemic objections to empathy raised by the philosophy of social science that have been insufficiently discussed in contemporary debates Empathy theorists Stueber writes should be prepared to admit that although empathy can be regarded as the central default mode for understanding other agents there are certain limitations in its ability to make sense of other agents and there are supplemental theoretical strategies available to overcome these limitations      **Writings of the Dawn - The Spiritual Journey of a Baby-Boomer** Steven J. Gold, 2012-10-01 Autobiographical writings of Steven J Gold author of Yoga and Judaism Explorations of a Jewish Yogi IVRI The Essence of Hebrew Spirituality Torah Portion Summaries With Insights from the Perspective of Jewish Yogi and Basic Spiritual Principles describing his early spiritual journey in prose poetry art and journal entries The material is explained and tied together by retrospective narratives      *Transforming Emotional Pain and Rediscovering the Self in Anorexia Nervosa* Anna Oldershaw, Helen Startup, Tony Lavender, 2025-05-09 This book presents the SPEAKS approach an innovative treatment model for anorexia nervosa that primarily combines aspects of Emotion Focused Therapy and Schema Therapy to target struggles with emotion expressed as a Lost Emotional Self An important development for eating disorder treatment models over the last decade is the recognition of difficulties with emotions This book offers a clear rationale for why emotion is critical in the understanding of anorexia the blocks to emotional experiencing as well as how this plays out in regard the development and experience of anorexia Structured around five core phases the treatment

framework equips clinicians with practical tools and core therapy tasks designed to help clients reconnect with their emotions By empowering individuals to articulate their emotional needs this guide fosters healthier relationships with food and self ultimately reducing reliance on maladaptive behaviours associated with anorexia Transforming Emotional Pain and Rediscovering the Self in Anorexia Nervosa is an essential resource for helping any clinician working in the eating disorder field guide their clients toward emotional healing and self acceptance

**Rediscovering E. R. Dodds** Christopher Stray, Christopher Pelling, Stephen Harrison, 2019-09-26 Rediscovering E R Dodds offers the first comprehensive assessment of a remarkable classical scholar who was also a poet with extensive links to twentieth century English and Irish literary culture the friend of Auden and MacNeice Dodds was born in Northern Ireland but made his name as Regius Professor of Greek at Oxford from 1936 to 1960 succeeding Gilbert Murray Before this he taught at Reading and Birmingham was active in the Association of University Teachers or AUT of which he became president and brought an outsider s perspective to the comfortable and introspective world of Oxford His famous book The Greeks and the Irrational 1951 remains one of the most distinguished and visionary works of scholarship of its time though much less well known is his long and influential involvement with psychic research and his work for the reconstruction of German education after the Second World War The contributions to this volume seek to shed light on these less explored areas of Dodds life and his significance as perhaps the last classicist to play a significant role in British literary culture as well as examining his work across different areas of scholarship notably Greek tragedy A group of memoirs one by his pupil and former literary executor Donald Russell and three by younger friends who knew visited and looked after Dodds in his last years complement this portrait of the influential scholar and poet offering a glimpse of the man behind the legacy
