Public & Private Families Andrew J. Cherlin, 2008 Nationally recognized for its sound scholarship and balanced approach and written by one of the leading authorities in the field this text examines the family through two lenses the familiar private family in which we live most of our personal lives and the public family in which we as adults deal with broader societal issues such as the care of the elderly the increase in divorce and childbearing outside of marriage The book looks at intimate personal concerns such as whether to marry as well as societal concerns such as governmental policies that affect families Distinctive chapters Chapter 9 Children and Parents Chapter 10 The Elderly and Their Families and Chapter 14 The Family the State and Social Policy examine issues of great current interest such as

income assistance to poor families the effects of out of home childcare and the costs of the Social Security and Medicare programs Michigan Sociological Review ,2005 **CD-ROMs in Print** ,2003 **The CD-ROM Directory 1996** Jim Ayre,Jane Callaghan,Signe Hoffos,1996 This 15th edition of a yearly report provides a guide to all CD ROM and multimedia titles published In addition to a full description of each title the book contains the names and addresses of all the publishers and information providers Sociology Richard T. Schaefer,2004 Three basic premises guide this highly successful introductory text first that theory and research must be both comprehensive and clear second that the text must show how sociology is relevant both to the study of society and to students lives and third that sociology can play a valuable role in teaching critical thinking skills To that end this solid well respected text combines a balanced three perspective approach with excellent student oriented examples and distinctive social policy sections in a concise presentation that offers an alternative to full length books **Working Mother** ,2000-11 The magazine that helps career moms balance their personal and professional lives The Cinema of Me Alisa Lebow,2012 When a filmmaker makes a film with herself as a subject she is already divided as both the subject matter of the film and the subject making the film The two senses of the word are immediately in play the matter and the maker thus the two ways of being subjectified as both subject and object Subjectivity finds its filmic expression not surprisingly in very personal ways yet it is nonetheless shaped by and in relation to collective expressions of identity that can transform the cinema of me into the cinema of we Leading scholars and practitioners of first person film are brought together in this groundbreaking collection to consider the theoretical ideological and aesthetic challenges wrought by this form of filmmaking in its diverse cultural geographical and political contexts Working Woman ,1996
