Reference Services In Archives:

Providing Reference Services for Archives and Manuscripts Mary Jo Pugh, 1992 **Reference Services for Archives and Manuscripts** Laura B Cohen, 2012-11-12 Like their librarian colleagues reference archivists mediate between the user and the source material. However, given the nature of archival materials and of their holding repositories, unique issues arise. While such matters as provenance and original order and access and security continue to be vital underpinnings of their work, a myriad of other issues comes into play as reference archivists attempt to balance the competing demands of donors, researchers, the public, and the press. From the creation and dissemination of finding aids for electronic resources to the implementation of marketing strategies to increase support and strengthen service, *Reference Services for Archives and Manuscripts* shows you how to thrive in the changing world of archival reference. Intended to foster an appreciation of the issues both within and beyond the field of archives, *Reference Services for Archives and Manuscripts* reveals that today's archivist is straddling the world of the traditional with the world of the new. The book establishes its value as it guides you through new concerns such as how to take advantage of technological developments in appraisal, accession, and preservation; address copyright, privacy, and funding issues for electronic resources; mount archival cataloging records on local and wide area databases; create a publicly available site on the Internet; improve in-house access tools; professional abilities; and the caliber of public service; address security issues and respond to theft. *Reference Services for Archives and Manuscripts* also helps you by preparing you for changes in the relationship between archivist and researcher that will inevitably occur with further changes in technology. Other vital issues discussed are improved access for unserved and underserved groups; a revision in ethical codes; and the ability of archivists to become more customer-centered.

Reference Services in Archives Lucille Whalen, 2019-12-05 In this comprehensive volume on the reference process in archives, first published in 1986, experts offer a wealth of ideas on making both the reference archivist's and the user's tasks more exciting and enjoyable.

Reference Services and Media Linda S Katz, 2014-07-16 Get the most out of your reference information systems and technology. *Reference Services and Media* meets the information challenges that overwhelm and assist us today with computerization, electronics, and telecommunications changes in the reference services of our libraries. As a professional in the library science field, you will discover innovative theories and researched solutions on many technology problems and challenges such as formatting and compatibility, training of reference professionals and library users, costs, and information have and have nots. With the year 2000 and beyond upon us, emerging technologies afford tremendous opportunities for reference librarians and for improved and enhanced public access to information. In *Reference Services and Media*, you will learn about planning for staffing, troubleshooting, fund raising, and budget developing to support the use of information technologies. You will also examine the impact new media has on academic libraries, specifically video and movie clips that are transferred over intranets and internets, and their opportunities and legal implications. In *Reference Services and Media*

you will also explore desktop conferencing and web access for reference services versus personalized contact desktop conferencing with personal computers in remote areas for reference service assistance positive and negative aspects of using each technology in reference use instruction creative methods for procuring funding for an electronic information literary instruction classroom providing a digital library for a state library network raising confidence levels of public service librarians in using electronic resources to answer reference questions Reference Services and Media includes case studies tables and an annotated bibliography that serves as a librarian's media reference toolkit making it essential for effective media reference work An excellent source for the reference librarian Reference Services and Media will assist you in adopting and incorporating new information technologies for the present and future
