his point of departure Dana Evan Kaplan provides a broad overview of the American Reform movement and its history theology and politics He then takes a hard look at the challenges the movement faces as it attempts to reinvent itself in the new millennium In so doing Kaplan gives the reader a sense of where Reform Judaism has come from where it stands on the major issues and where it may be going Addressing the issues that have confronted the movement including the ordination of women acceptance of homosexuality the problem of assimilation the question of rabbinic officiation at intermarriages the struggle for acceptance in Israel and Jewish education and others Kaplan sheds light on the connection between Reform ideology and cultural realities He unflinchingly yet optimistically assesses the movement s future and cautions that stormy weather may be ahead Continuity and Change Steven T. Katz, Steven Bayme, 2012-07-10 This collection of essays was inspired by the desire to create a suitable tribute to Dr Irving Greenberg Dr Greenberg has been one of the truly major figures in the American Jewish community for the past forty years A community activist and a theologian of distinction he has influenced not only the practical direction of Jewish life especially through his work with the leadership of Jewish Federations throughout the country but also the shape of contemporary Jewish thought through his writings on the Holocaust the State of Israel and traditional Jewish themes The outstanding list of authors who have contributed to this volume writing on central issues in traditional and modern Jewish thought and history are a testimony to Dr Greenberg s repercussive presence and theological contribution Those interested in the contemporary American Jewish community and the nature and shape of modern Jewish thought at the beginning of the new millennium will find this a valuable thought provoking addition to their libraries
