

Catholic Pre-Reformation

The Heretics

John Huss Bohemia (Czechoslovakia) 1400

Archbishop bans Wycliffe's writings
and excommunicated Huss 1411 (Huss ignores it)

Bible is final authority, not the Pope

Indulgences worthless since only God forgives

Murdered 1415 after promised safe conduct

Bohemian Four Articles of Resistance

1. Word of God preached freely
2. communion in both kinds – bread and cup to laity
3. clergy to give up wealth for apostolic poverty
4. punishment of sin, especially gross and public ones like

simony

Pope's crusades against Hussites were repeatedly defeated

Negotiating victory for Hussites

Moravians (*Unitas Fratrum* – Union of the Brethren) –

Hussites who rejected reunion with Catholics

Reformation Of The Heretics:

The Reformation of the Heretics Euan K. Cameron, 1984 The Reformation of Heretics The Waldenses of the Alps 1480 1580 **Heretics and Believers** Peter Marshall, 2017-05-02 A sumptuously written people's history and a major retelling and reinterpretation of the story of the English Reformation Centuries on what the Reformation was and what it accomplished remain deeply contentious Peter Marshall's sweeping new history the first major overview for general readers in a generation argues that sixteenth century England was a society neither desperate for nor allergic to change but one open to ideas of reform in various competing guises King Henry VIII wanted an orderly uniform Reformation but his actions opened a Pandora's Box from which pluralism and diversity flowed and rooted themselves in English life With sensitivity to individual experience as well as masterfully synthesizing historical and institutional developments Marshall frames the perceptions and actions of people great and small from monarchs and bishops to ordinary families and ecclesiastics against a backdrop of profound change that altered the meanings of religion itself This engaging history reveals what was really at stake in the overthrow of Catholic culture and the reshaping of the English Church **The Reformation of the Heretics**, 1986 **The Reformation of the Heretics** Euan Cameron, 1986 **The Early Reformation in Europe** Andrew Pettegree, 1992-10-08 In the generation that followed Martin Luther's protest the evangelical movement in Europe attracted very different levels of support in different parts of the continent Whereas in eastern and central Europe the new movement brought a swift transformation of the religious and political landscape progress elsewhere was more halting in the Mediterranean lands and western Europe initial enthusiasm for reform failed to bring about the wholesale renovation of society for which evangelicals had hoped These fascinating contrasts are the main focus of this volume of specially commissioned essays each of which charts the progress of reform in one country or region of Europe Written in each case by a leading specialist in the field they provide a survey based on primary research and a thorough grasp of the vernacular literature For both scholars and students they will be an invaluable guide to recent debates and literature on the success or failure of the first generation of reform History of the great reformation of the sixteenth century in Germany, Switzerland, etc Jean Henri Merle d'Aubigné', 1845 **The Construction of Reformed Identity in Jean Crespin's Livre des Martyrs** Jameson Tucker, 2017-03-31 Between 1554 and 1570 the Genevan printer Jean Crespin compiled seven French language editions of his martyrology In The Construction of Reformed Identity in Jean Crespin's Livre des Martyrs Jameson Tucker explores how this martyrology helped to shape a distinct Reformed identity for its Protestant readership with a particular interest in the stranger groups that Crespin included within his Livre des Martyrs By comparing each edition of the Livre des Martyrs this book examines Crespin's editorial processes and considers the impact that he intended his work to have on his readers Through this it provides a window into the Reformed Church and its members during the outbreak of the French Wars of Religion This is the first volume to comparatively study all seven French language editions of Crespin's Livre

des Martyrs and will be essential reading for all scholars of the Reformation and early modern France History of the Reformation of the Sixteenth Century Jean Henri Merle d'Aubigné, 1846

The Radical Reformation and the Making of Modern Europe Mario Biagioni, 2016-12-05 In *The Radical Reformation and the Making of Modern Europe* Mario Biagioni presents an account of the lives and thoughts of some radical reformers of the sixteenth century Bernardino Ochino Francesco Pucci Fausto Sozzini and Christian Francken showing that the Radical Reformation was not merely a subplot of heretical history within the larger narrative of the Magisterial Reformation Religious radicalism was primarily an extraordinary laboratory of ideas which played a pivotal role in the rise of modern Europe it influenced the intellectual process leading to the cultural revolution of the Enlightenment Secularism toleration and rationalism three basic principles of Western civilization are part of its cultural heritage

The European Reformation Euan Cameron, 2012-03-01 Since its first appearance in 1991 *The European Reformation* has offered a clear integrated and coherent analysis and explanation of how Christianity in Western and Central Europe from Iceland to Hungary from the Baltic to the Pyrenees splintered into separate Protestant and Catholic identities and movements Catholic Christianity at the end of the Middle Ages was not at all a uniformly decadent or corrupt institution it showed clear signs of cultural vigour and inventiveness However it was vulnerable to a particular kind of criticism if ever its claims to mediate the grace of God to believers were challenged Martin Luther proposed a radically new insight into how God forgives human sin In this new theological vision rituals did not purify people priests did not need to be set apart from the ordinary community the church needed no longer to be an international body For a critical Reformation moment this idea caught fire in the spiritual political and community life of much of Europe Lay people seized hold of the instruments of spiritual authority and transformed religion into something simpler more local more rooted in their own community So were born the many cultures liturgies musical traditions and prayer lives of the countries of Protestant Europe This new edition embraces and responds to developments in scholarship over the past twenty years Substantially re written and updated with both a thorough revision of the text and fully updated references and bibliography it nevertheless preserves the distinctive features of the original including its clearly thought out integration of theological ideas and political cultures helping to bridge the gap between theological and social history and the use of helpful charts and tables that made the original so easy to use
