Une Education pour la démocratie : Textes et projets de l'époque révolutionnaire Baczko Bronislaw, 2000 Il revient la Révolution de façonner un peuple nouveau le souverain digne de la Cité qu'elle annonce des ses des buts la Révolution est investie d'une vocation pédagogique Tout est repenser et inventer les objectifs et les institutions pédagogiques un nouveau système d'instruction et d'éducation les méthodes de formation accueillir de nouveaux enseignants Un débat passionnant et passionnés installé au cœur même du discours politique révolutionnaire Il ne porte pas seulement sur les modèles de l'école pour la Révolution mais a comme objet et enjeu les rapports entre culture et pouvoir liberté et égalité tradition et innovation libéralisme et catholicisme religion et la Cité dans une société démocratique inventer Ce volume réunit les textes les plus importants qui ont marqué ce grand débat et qui ont orienté les expériences pédagogiques de la période révolutionnaire projets et discours de Mirabeau Talleyrand Condorcet Romme Lepeletier Robespierre Saint-Just Daunou Barère Lakanal etc Religion, Society and Politics in France since 1789 Frank Tallett, 1991-07-01 This book has been carefully planned to give a coherent account of the impact of religion in France over the last two hundred years Most books in English dealing with the subject are now dated and in any case concentrate on institutional questions of church state relations rather than on the wider influence of religion throughout France These essays summarise recent French research and provide a concise up to date introduction to the history of modern French Catholicism **Religion and Revolution in France, 1780-1804** Nigel Aston, 2000 While the French Revolution has been much discussed and studied its impact on religious life in France is rather neglected Yet during this brief period religion underwent great changes that affected everyone clergy and laypeople men and women Catholics Protestants and Jews The Reigns of Terror of the Revolution drove the Church underground permanently altering the relationship between Church and State In this book Nigel Aston offers a readable guide to these tumultuous events While the structures and beliefs of the Catholic Church are central it does not neglect minority groups like Protestants and Jews Among other features the book discusses the Constitutional Church the end of state support for Catholicism the Dechristianization campaign and the Concordat of 1801 2 Key themes discussed include the capacity of all the Churches for survival and

adaptation the role of religion in determining political allegiances during the Revolution and the turbulence of Church State relations In this masterly study based on the latest evidence Aston sheds new light on a dynamic period in European history and its impact on the next 200 years of religious life in France **The Soldier's Reward** Jennifer Ngairé Heuer, 2024-12-03

A sweeping history of intimacy and family life in France during the age of revolution The French Revolution and Napoleonic Wars devastated Europe for nearly a quarter of a century The Soldier's Reward recovers the stories of soldiers and their relationships to family and domestic life during this period revealing how prolonged warfare transformed family and gender dynamics and gave rise to new kinds of citizenship In this groundbreaking work combining social cultural gender and military history Jennifer Ngairé Heuer vividly describes how men fought for years with only fleeting moments of peace Combatants were promised promotion financial gain and patriotic glory They were also rewarded for their service by being allowed to return home to waiting families and love interests and with marriages that were arranged and financially supported by the state Heuer explores competing ideas of masculinity in France as well as the experiences of the men and women who participated in such marriages She argues that we cannot fully understand the changing nature of war and peace in this period without considering the important roles played by family gender and romantic entanglements Casting new light on a turbulent era of mass mobilization and seemingly endless conflict The Soldier's Reward shows how from the Revolution through the Restoration war intimacy and citizenship intersected in France in new and unexpected ways **The Era of the French Revolution** Ronald J. Caldwell, 1985 **The Epoch of Universalism 1769-1989 / L'époque de l'universalisme 1769-1989** Franck Hofmann, Markus Messling, 2020-11-23

2019 witnessed the 30th anniversary of the German reunification But the remembrance of the fall of the Berlin Wall coincided with another event of global importance that caught much less attention the 250th anniversary of Napoleon Bonaparte's birth There is an undeniable historical and philosophical dimension to this coincidence Napoleon's appearance on the scene of world history seems to embody European universalism soon thereafter in the form of a modern imperial project whilst scholars such as Francis Fukuyama saw in the events of 1989 its historical fulfilment Today we see more clearly that the fall of the Berlin Wall stands for an epistemic earthquake which generated a world that can no longer be grasped through universal concepts Here we deal with the idea of Europe and of its relation to the world itself Picking up on this contingency of world history with an ironic wink the volume analyses in retrospect the epoch of European universalism It focusses on its dialectics polemically addressing and remembering both 1769 and 1989 L'année 2019 a été marquée par le 30^e anniversaire de la réunification de l'Allemagne clipsant un autre événement d'envergure mondiale le 250^e anniversaire de Napoléon Bonaparte La dimension philosophico-historique de cette coïncidence ne peut pourtant pas être négligée si l'arrivée de Bonaparte sur la scène de l'histoire mondiale semble incarner l'avènement de l'universalisme européen bientôt amen prendre sa forme moderne et impériale certains penseurs ont suggéré avec Francis Fukuyama que 1989 marquait son accomplissement historique Aujourd'hui il apparaît au contraire que la

chute du mur de Berlin a t un v ritable tremblement de terre pist mique et rendu inop rants les concepts universels Dans le monde d apr s c est l id e d Europe et sa relation au monde que nous avons affaire Revenant par un geste ironique sur cette contingence historique le pr sent volume se veut une analyse r trospective de l poque de l universalisme dans toute la dialectique que les comm morations de 1769 1989 ont fait surgir Regards sur la Révolution genevoise, 1792-1798 Louis Binz,1992
