were enjoying one of the highest standards of living in the world While much has been written on the reasons why and how the Al Sabah became a ruling dynasty little is known about the nature of their authority and its relationship to Kuwait s social structure Rivka Azoulay shows how despite the rapidity of change in the oil rich family run emirate it is the pre oil dynamics of social and political life that dictate how society operates The author shows that Kuwait s ambitious diversification plans to reduce oil dependence by 2035 require a renegotiation of the regime s pact with society which threatens the pre oil alliances upon which the Al Sabah s regime has been built **Kuwait** United States.
