Shelley's Broken World aims to transform the philosophical scientific and aesthetic contexts in which Shelley is positioned. The book represents an exciting new departure in the study of a major Romantic poet.

**Selected Poetry** Percy Bysshe Shelley, 2022-07-26

During his short and restless life Percy Bysshe Shelley produced a great number of poems, three verse plays and numerous prose works as well as many essays in which he propounded his philosophical views and radical political ideas. These together with his highly unconventional itinerant life and his literary connections make him one of the most important and intriguing figures in British Romanticism. This volume provides a generous selection of his poetry from the sonnet *Ozymandias* to famous lyrics such as *Ode to the West Wind* and *Lines Written among the Euganean Hills* to the longer poems of his maturity *Adonais* and *Epipsychidion*, all thoroughly annotated and presented in chronological order.
