Uncommon Readers Christopher J. Knight, 2003-01-01

Impressive in scope and erudition Christopher Knight's *Uncommon Readers* focuses on three critics whose voices mixing eloquence with pugnacity stand out as among the most notable independent critics working during the last half century. The critics are Denis Donoghue, Frank Kermode, and George Steiner, and their independence a striking characteristic in a time of corporate criticism is reflective of both their backgrounds: Donoghue's Catholic upbringing in Protestant ruled Northern Ireland, Kermode's Marxist beginnings, and Steiner's Jewish upbringing in pre-Holocaust Europe, and their temperaments. Each represents a party of one, a fact that has on the one hand made them the object of the occasional vituperative dismissal and on the other contributed to their influence and remarkable longevity. Since the 1950s Steiner, Donoghue, and Kermode have each maintained a highly public profile, regularly contributing to such influential publications as *Encounter*, *New Yorker*, *New York Review of Books*, *Times Literary Supplement*, and the *London Review of Books*. This aspect of their work receives particular attention in *Uncommon Readers* for it illustrates a renewed interest in the role of the public critic, especially in relation to the genre of the literary review essay, and signals a sustained conversation with an educated public, namely the common reader. Knight makes the argument for the review essay as a serious and still viable genre, and he examines the three critics in light of this assumption. He expounds upon the critics' separate interests: Kermode's identification with discussions of canonicity, Steiner's with cultural politics, and Donoghue's with the persistent claims of the imagination, while also revealing the ways in which their work often reflects theological interests. Lastly, he attempts to adjudicate some of the conflicts that have arisen between these critics and other literary theorists, especially the post-structuralists, and to discuss the question of whether it is still possible for critics to work independently. Original and deliberative, *Uncommon Readers* presents a renewed defense of the tradition of the common reader.

Twentieth-century Italian Drama: The first fifty years Jane House, Antonio Attisani, 1995. This volume of *Twentieth Century Italian Drama* covers the period spanning from the end of the nineteenth century to that immediately following World War II, displaying the rich breadth of Italian theater in the modern age, from the comedic legacy carried on by such writers as Eduardo De Filippo to the delicate tragedy of playwrights like Federico Tozzi. Included are seven full-length plays, five one-act plays, one variety sketch, and three futurist *sintesi* sketches. Brief introductions preceding each play contextualize the piece within the various movements in Italian theater, and biographies of the editors and translators appear at the end of the volume. An extensive bibliography offers many suggestions for further reading in English. The playwrights included are Gabriele D'Annunzio, Filippo Tommaso Marinetti, Ettore Petrolini, Raffaele Viviani, Pier Maria Rosso di San Secondo, Federico Tozzi, Massimo Bontempelli, Achille Campanile, Italo Svevo, Luigi Pirandello, Eduardo De Filippo, and Ugo Betti.

Translating Travel Loredana Polezzi, 2017-03-02. *Translating Travel* examines the relationship between travel writing and translation, asking what happens when books travel beyond the narrow confines of one genre, one literary system, and one culture. The volume takes as its starting point the marginal position of

contemporary Italian travel writing in the Italian literary system and proposes a comparative reading of originals and translations designed to highlight the varying reception of texts in different cultures Two main themes in the book are the affinity between the representations produced by travel and the practices of translation and the complex links between travel writing and genres such as ethnography journalism autobiography and fiction Individual chapters are devoted to Italian travellers accounts of Tibet and their English translations the hybridization of journalism and travel writing in the works of Oriana Fallaci Italo Calvino's sublimation of travel writing in the stylized fiction of *Le città invisibili* and the complex network of literary references which marked the reception of Claudio Magris's *Danubio* in different cultures

Memoir of Italo Svevo Livia Veneziani Svevo, 2001 The Italian Italo Svevo had many things in common with other writers a long struggle for recognition a mutually respectful friendship with a noteworthy author in Svevo s case James Joyce and a long list of neuroses Unlike some writers however Svevo was fortunate to have a wife who worked tirelessly on his behalf After Svevo s death in 1928 at the age of sixty six Livia Veneziani Svevo penned this portrait of a serious artist and a loving if quirky marriage Memoir of Italo Svevo illuminates its subject s darkly comic novels and shows how a successful middle aged businessman as obsessed with smoking as with his abandoned literary ambitions became one of the great authors of the twentieth century Book Jacket
