

The Lion And The Mouse

A lion was once sleeping in his den when a mouse started running up and down his body just for fun. This woke up the lion and he was quite angry. He was about to eat the mouse when the mouse pleaded with the lion to set him free. "I promise you, I will be of great help to you someday if you spare me." The lion laughed at the mouse's confidence and let him go.

One day, a few hunters came into the forest and trapped the lion in a net.. They tied him up against a tree. The lion started to roar and struggled to free himself. Soon, the mouse walked past and noticed the lion in trouble. He ran and called his friends for help. Together they gnawed on the ropes to set the lion free. They ran off into the jungle and remain friends thereafter.

Moral: A small act of kindness can go a long way.

Short Story:

The Canadian Short Story Reingard M. Nischik, 2007 Beginning in the 1890s reaching its first full realization by modernist writers in the 1920s and brought to its heyday during the Canadian Renaissance starting in the 1960s the short story has become Canada's flagship genre. It continues to attract the country's most accomplished and innovative writers today among them Margaret Atwood, Mavis Gallant, Alice Munro, Carol Shields and many others. Yet in contrast to the stature and popularity of the genre and the writers who partake in it, surprisingly little literary criticism and theory has been devoted to the Canadian short story. This collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well-known and often anthologized Canadian short stories from the genre's beginnings through the twentieth century. A historical survey of the genre introduces the volume and a timeline comparing the genre's development in Canada, the US and Great Britain via representative examples completes it. The collection is geared both to specialists in and to students of Canadian literature. For the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the Canadian short story. Reingard M. Nischik is professor and chair of American Literature at the University of Constance, Germany. *Representative Short Story Cycles of the Twentieth Century* Forrest L. Ingram, 1971 No detailed description available for *Representative Short Story Cycles of the Twentieth Century*. **The Short Story** Valerie Shaw, 2014-07-21 Throughout this text Valerie Shaw addresses two key questions: What are the special satisfactions afforded by reading short stories and how are these satisfactions derived from each story's literary techniques and narrative strategies? She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry James, Flaubert, Kafka and D. H. Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling, Chekhov and Katherine Mansfield by contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris. **The Short Story** Andrew Kahn, 2021 Drawing on examples from across the globe and throughout history, Andrew Kahn explores the key characteristics of the short story. He shows how its rise was intertwined with international print culture and discusses the essential techniques within this thriving literary genre as well as the ways in which it is constantly innovated even today. *Writing Short Stories* William H. Phillips, 2002-05-01 How does one translate experience into fiction? Here at last is specific and practical guidance on the art, craft and business of writing short stories. Comprehensive yet concise, William H. Phillips offers indispensable advice on exploring sources galvanizing the imagination, studying stories and then writing them. Drawing on years of classroom experience, the author provides guidance for several types of writers: beginners, writers with works in progress, those seeking other writers for critiques and students in introductory and intermediate writing courses. A special section features three original stories by former students of the author. Accompanying materials on development offer keen insights into the writer's craft. Using proven group-tested
