Brief Counselling: A Practical Integrative

Approach Colin Feltham, Windy Dryden, 2006-03-16 Praise for the previous edition an excellent resource for all trainee and beginning counsellors irrespective of theoretical orientation I regard it as a core text for Professional and Clinical Practice components of counsellor education and training courses Ian Horton formerly Principal Lecturer University of East London Praise for the current edition This book is a must It informs the beginner and experienced counsellor how to undertake brief counselling step by step from orienting the client to counselling to termination of counselling Professor Stephen Palmer City University London and Director for the Centre for Stress Management Almost two thirds of counsellors and psychotherapists work with clients in up to twenty sessions each this book reflects that reality and the challenges involved The bestselling first edition of this book by two of the UK's leading counsellor trainers and academics was praised by trainers and tutors for its accessibility comprehensiveness and practicality It was also a leading contribution to the movement towards time conscious counselling and to an understanding of the therapeutic alliance across time The second edition has been thoroughly updated to include significant recent professional developments and new thinking in the counselling field Additions include more detailed discussion of Assessment Contracting Very brief counselling Clinical reasoning Clients modalities Technical

repertoire Depression and realism Supervision of brief counselling In the rapidly maturing profession of counselling this book's sensitivity to time as a precious resource clients' perceptions evidence based guidelines and integration of some of the best thinking from several counselling models make it an ideal core text for beginners and reflective practitioners Thoughtful and busy practitioners in primary care employee counselling educational voluntary and private practice settings will find many immediately helpful ideas and examples in this classic text

An Integrated Approach to Short-Term Dynamic Interpersonal Psychotherapy Joan Haliburn, 2018-03-26 Short term dynamic interpersonal psychotherapy is an integrated trauma informed contemporary dynamic way of working with a range of mental health difficulties Flexible though structured phase oriented focused and time limited it is informed by the Conversational Model Attachment and Interpersonal Theories and Brief Psychodynamic Psychotherapies which are briefly described It provides clinicians with a way of working with patients whose difficulties do not warrant long term therapy who prefer a talking therapy or who have failed cognitive behaviour therapies With the help of examples it guides the process of assessment and therapy with trauma in mind using Conversational Model techniques where empathy replaces confrontation resistance is seen as a fear of re-traumatization defence mechanisms are regarded as adaptive coping mechanisms which later become maladaptive transference interventions replace interpretations and self-reflective capacity is encouraged rather than just insight Separation anxiety is addressed and anxiety provoking techniques are avoided given that anxiety is a large part of most presentations

EBOOK: Key Concepts in Counselling and Psychotherapy: A Critical A-Z Guide to Theory Vicki Smith, Patrizia Collard, Paula Nicolson, Rowan Bayne, 2012-05-16 This book provides a very good introduction to the key concepts and theories that inform and frame the current psychotherapeutic and counselling landscape Each author has written on a selection of basic concepts as they are approached in their preferred therapeutic modality resulting in an exciting and inclusive overview of both old and contemporary psychotherapeutic thought In addition each author is mindful of the importance of a critical appraisal of the various concepts and theories Thus this book will be extremely useful both for trainees and practitioners
