Season of the Dragon J.E. Taylor, 2021-11-03 Monsters trust issues and a near death experience What else could go wrong The end of life as we knew it didn't come with a nuclear blast It didn't come with the deadly impact of a hurdling asteroid No It came in a wave of illness that swept the world with fear and in our quarantined silence the monsters awoke Leviathans serpent kings and dragons came forth from the bowels of the Earth The season of the dragon began with fire and fury and ended with a new world order One in which these giant terrorists held all the power When Mikhail St. Clare betrays the monsters by saving me from death at their claws I cannot trust the last remaining dragon shifter Not when humankind's survival is at stake and he had a hand in our near extinction The only thing we seem to agree on is our desire to annihilate the leviathans and unseat the Serpent King Our personal futures depend on ridding the earth of these murderous overlords We thought crossing the leviathan patrolled city where every corner hides a

hideous death was our most lethal hurdle But building a bomb large enough to wipe out an entire species carries its own insane levels of danger One wrong move and we could destroy everyone living in New York instead I Stole a Rock Sara King,2003-04-10 I Stole a Rock is an incredibly varied collection of love poems full of longing and despair bitter humor and the joys of romantic communion King has a remarkable ability to be reminded of love s joys and anguish when observing the natural world around her A natural story teller she takes us from the pigeons making love at the train station to black olives on branches and from flies on the wall to a steaming cup of sake everything brings us back to love and its promises and lies The Editor Here you will find pythons spiders mocking birds solar flares hibiscus drunkards margaritas and angels You will at once feel her pain and laugh at the absurdities of relationships Told in an easy narrative style but with a strong sense of rhythm and sound I Stole a Rock is a poetry collection you won t want to miss Rose, Where Did You Get That Red? Kenneth Koch,2012-01-11 First published to enormous acclaim in 1973 this book became a classic that revolutionized the way children are taught to read and write poetry The celebrated poet Kenneth Koch conveys the imaginative splendor of great poetry by Blake Donne Stevens Lorca and others and then shows how it maybe taught so as to help children write poetry of their own For this edition the author has written a new introduction and a special afterword for teachers Insect Behavior Janice R. Matthews,2019-04-08 Interest in insect behavior is growing rapidly as reflected both in courses devoted fully to the topic and in its inclusion in general biology ecology invertebrate zoology and animal behavior as well as general entomology curricula Instructors and students find that insects are in many ways uniquely suitable animals for behavioral study the *Document* Boston (Mass.),1880
