## Shoveling Smoke:

Consumption and the Globalization Project E. Comor, 2008-05-29 This book examines commodity consumption both as an ongoing problem for capital and a complex mediator of the post Cold War political economy Comor assesses consumption as a core but contradictory nodal point in contemporary world dis order developments arguing that capitalist consumption facilitates efforts to rule through consent *Toward an Informal Account of Legal Interpretation* Allan C.

Hutchinson, 2016-10-20 *Toward an Informal Account of Legal Interpretation* offers a viable account of law judicial decision making and legal interpretation that is as fresh as it is familiar The author expertly challenges the dominant mode of formalist theorizing and proposes an explanatory account of legal interpretation that can profitably be understood as an informal intervention Such an informal approach has no truck with either the claims of the formalists i e that law is something separate from ideology or those of the anti formalists i e that law is nothing other than ideological posturing Hutchinson insists that when understood properly legal interpretation is an applied exercise in law and ideology it is both constrained and unconstrained in equal measure In developing this informalist account through a sustained application of the no vehicles in the park rule this book is wide ranging in theoretical scope and substance but also accessible and practical in style

*He Calls Me By Lightning: The Life of Caliph Washington and the forgotten Saga of Jim Crow, Southern Justice, and the Death Penalty* S Jonathan Bass, 2017-05-16 Named one of the Best Books of the Year by the Washington Post and Kirkus Reviews A New York Times Book Review Editors Choice Selection A Southern Independent Booksellers Association Spring Pick This harrowing portrait of the Jim Crow South proves how much we do not yet know about our history New York Times Book Review Caliph Washington didn't pull the trigger but as Officer James Cowboy Clark lay dying he had no choice but to turn on his heel and run The year was 1957 Cowboy Clark was white Caliph Washington was black and this was the Jim Crow South Widely lauded for its searing insight into a history of America that can no longer be left unknown Washington Post *He Calls Me by Lightning* is an absorbing chronicle Ira Katznelson of the forgotten life of Caliph Washington that becomes an historic portrait of racial injustice in the civil rights era Washington a black teenager from the vice ridden city of Bessemer Alabama was wrongfully convicted of killing a white Alabama policeman in 1957 and sentenced to death Through meticulous research and vivid prose Patrick Phillips S Jonathan Bass reveals Washington's Kafkaesque legal odyssey he came within minutes of the electric chair nearly a dozen times and had his conviction overturned three times before finally being released in 1972 Devastating and essential *He Calls Me by Lightning* demands that we take into account the thousands of lives cast away by the systemic racism of a social order apparently unchanged even today David Levering Lewis *The Drone Age* Michael J. Boyle, 2020 Over the last decade the rapid pace of innovation with drone technology has led to dozens of new and innovative commercial and scientific applications from Amazon drone deliveries to the patrolling of national parks with drones But what is less understood is how the spread of unmanned technology will change the patterns of war and peace in

the future Will the use of drones produce a more stable world or will it lead to more conflict Will drones gradually replace humans on the battlefield or will they empower soldiers to act more precisely and humanely in crisis situations How will drones change surveillance around the world and at home The Drone Age traces the rise of unmanned technology and how it is reshaping our world The spread of drones is reordering geopolitical fault lines and providing new ways for states to test the nerves and strategic commitments of their rivals Drones are also allowing terrorist groups like the Islamic State to take to the skies and to level the playing field against their enemies Across the world the low financial cost of drones and the reduced risks faced by pilots is making drone technology an essential tool for militaries peacekeeping forces and even private companies From large surveillance drones to insect like micro drones unmanned technology is revolutionizing the way that states and non state actors compete with each other and is providing game changing benefits to those who can most rapidly adapt unmanned technology to their own purposes Yet peacekeeping and humanitarian organizations are also utilizing drones too An essential guide to a surprisingly complex disruptive force in world politics The Drone Age shows how the mastery of drone technology will become central to the ways that governments and non state actors seek power and influence in the coming decades Presidential Campaign Activities of 1972, Senate Resolution 60 United States. Congress. Senate. **It was a terrible cloud at twilight** Alessandra Lynch, 2008-04-01 In *It was a terrible cloud at twilight* Alessandra Lynch reflects on personal social moral and historical terror These ambitious imagistic poems move through subjects of violence and loss that are both deeply personal and elegantly public The elegiac poems in the final section are dedicated to the poet s friend author Lucy Grealy whose plight might also be said to embody terror Lynch s poems are tactile and visual coining words and phrases in surprising ways They

engage in intimate conversations that are both dark and whimsical Selected by James Richardson from a field of more than six hundred manuscripts as the winner of the Lena Miles Wever Todd Poetry Prize this is Alessandra Lynch's second collection Piece by Piece He Went for Bill First his blue toe Then his calf up to the hipbone He thinned to a frame Fireflies faltered lit into his bony lattice the fretted ribs mating between collarbone and pelvis till the whole leg fell off and inside he was all air and brightness and treefrogs blue-throated crickets struggled through his beard a meadow rose from the cave of his stomach we tried to catch their tender bodies their thrumming hearts that longed to be let back into the wild yellow grass no matter how rotten with dew no matter how darkened by rain no matter
