APOCALYPTIC CHURCHES OF THE HEARTLAND Rolling Stone s Matt Taibbi set out to describe the nature of George Bush s America in the post 9 11 era and ended up vomiting demons in an evangelical church in Texas riding the streets of Baghdad in an American convoy to nowhere searching for phantom fighter jets in Congress and falling into the rabbit hole of the 9 11 Truth Movement Matt discovered in his travels across the country that the resilient blue state red state narrative of American politics had become irrelevant A large and growing chunk of the American population was so turned off or radicalized by electoral chicanery a spineless news media and the increasingly blatant lies from our leaders they hate us for our freedom that they abandoned the political mainstream altogether They joined what he calls The Great Derangement Taibbi tells the story of this new American madness by inserting himself into four defining American subcultures The Military where he finds himself mired in the grotesque black comedy of the American occupation of Iraq The System where he follows the money slicked path of legislation in Congress The Resistance where he doubles as chief public antagonist and undercover member of the passionately bonkers 9 11 Truth Movement and The Church where he infiltrates a politically influential apocalyptic mega ministry in Texas and enters the lives of its desperate congregants Together these four interwoven adventures paint a portrait of a nation dangerously out of touch with reality and desperately searching for answers in all the wrong places Funny smart and a little bit heartbreaking The Great Derangement is an audaciously reported sobering and illuminating portrait of America at the end of the Bush era

**The R Document** Irving Wallace,2023-10-10 Irving Wallace s novels have made him one of America s best known and best selling storytellers Now to the list of such best sellers as *The Fan Club* *The Word* *The Seven Minutes* and *The Plot* he has added his most timely and compelling novel to date *The R Document* the story of a conspiracy to destroy the Bill of Rights of an attempt by the FBI to take over the country Against a background of rising violence and crime Wallace pits two opposing forces those who are working to amend the Constitution so that the Government can impose a drastic rule of law and order and those who recognize that the proposed 35th Amendment may conceal a far more sinister and far reaching plan one that would subvert the entire process of Constitutional government and replace it with a police state Opponents in this life and death conflict are the bull like powerful Director of the FBI Vernon T Tynan and the new Attorney General Christopher Collins an ambitious honest man who supports the controversial 35th Amendment despite his private misgivings but who discovers that there is a secret plot of an evil and vicious nature behind it For Collins the first doubt is stirred at the deathbed of his predecessor

whose last words are a warning of The R Document the dangerous mysterious elusive key to the nation's future In search of this vital document in a desperate fight against time Collins stumbles upon the possibility that the FBI is terrorizing important leaders in California and that the Government may be secretly preparing a concentration camp in the desert against the day when the Amendment has been ratified As his hunt for The R Document continues Collins finds himself involved in a widening series of dirty tricks an attempt at sexual blackmail against himself the establishment of a zombie like American town in which as a pilot program the citizens have been stripped of their Constitutional rights a brutal double murder a revelation of scandal in his wife's past that causes her to vanish As the hours rush by to the moment when California will take the final decisive vote on the ratification of the 35th Amendment the fate of the country rests on Collins shoulders on the outcome of his death struggle with Director Tynan and on the hunt for The R Document Shocking authentic excitingly readable blending inside fact with fiction as only Irving Wallace can The R Document will be one of the most widely read and talked about novels of the year
