Slaughter,2003 This is a book for females of any age who possess a love of horses and the freedom of riding It is a tailor written for the woman its purpose to inspire educate and foster the efforts of the developing equestrian who must otherwise maintain a lifestyle outside of the ring This book carefully educates the beginning rider while encouraging spirit and compassion to ride both correctly and safely Between the covers of this book the reader will find each chapter full of information essential to the overall development of the complete equestrian

Sandsablaze Kimberly Gatto,2014-07-08 The Thoroughbred horse Sandsablaze made history in the 1970s achieving numerous victories with his young owner and rider William Buddy Brown of New York Despite being deemed awkward in his early years Sandsablaze began his journey to the top of the sport with a win at the AHSA Medal Finals at Harrisburg the pinnacle of success in the junior equitation ranks In an accomplishment that has yet to be duplicated Sandsablaze with Brown in the saddle went on to win at the Grand Prix level and represented the United States at the Olympics Some of his other key victories occurred at New York s National Horse Show and the Washington International Horse Show as well as abroad Nearly thirty five years after his death Sandsablaze remains a legend in the sport Join equestrian author Kimberly Gatto as she tells this remarkable story of partnership and success

Equine nutrition William Martin-Rosset,2023-08-07

Equine nutrition gives insight in updated feed evaluation systems based on net energy global amount of amino acids and feed intake. These systems allow accurate comparison of the nutritive value of feeds, the formulation of well balanced rations to achieve production or utilisation goals and the prediction of equine performance based on the quantity and quality of the ration. Equine nutrition provides an update of the nutrient requirements for all categories of equine. Tables of recommended allowances based on long term feeding trials carried out at INRA are proposed. These recommendations and the simple approach to formulation of rations based on the use of a maximum amount of forage have been successfully tested in the fields. The importance of grass intake during summer for the different categories of equines is evaluated and grazing management is described. Feed allowances and feeding practices are proposed in respect of health and behaviour of the equine and of the preservation of environment. The feed tables list 169 roughages and 71 concentrates feeds. Data have been derived from digestion trials on horses carried out at INRA and measurements of voluntary intake for most of the forages. This book also deals with several distinct pedagogic tools dedicated to end users: equine nutrition, a guide to body condition scoring in horse and Equine Rami for horse grazing and farming management. This book is an essential source for scientists, teachers and their students, advisers and professionals.

The Horse Debbie Busby, Catrin Rutland, 2019. The Horse is a comprehensive exploration of the biology, behaviour and diversity of a species that has evolved over 55 million years and has been of vital importance to us since they were first domesticated 6 000 years ago. The Horse: A Natural History looks not only at the horse in the human context but also at its own story and at the way horses live and have lived both alongside people and independently. An initial chapter on Evolution and Development takes the reader from the tiny prehistoric Eohippus to modern day Equus. Subsequent chapters on Anatomy, Biology and Society, Behavior offer a succinct explanation of equine anatomy and outline the current thinking on horse behavior incorporating information taken from the most recent research. Chapter 4, Horses and People, studies the part the horse has played in human history. Finally, a visually stunning gallery of breeds offers wonderful photographs alongside individual breed profiles. This is an essential addition to every horse enthusiast's library.
