

How to Show AFFECTION to your FRIENDS

TELL THEM HOW MUCH THEY MEAN
TO YOU. WHEN THEY REACH OUT,
TELL THEM HOW HAPPY YOU ARE TO
HEAR FROM THEM. BE EXCITED AT
THEIR GOOD NEWS. COMPLIMENT
THEM. PRAISE THEIR HARD WORK.
GREET THEM WARMLY. LET THEM
KNOW WHEN THEY SHARE SOMETHING
MEANINGFUL WITH YOU. SMILE AT
THEM GENUINELY. REMIND THEM
YOU ARE GRATEFUL TO KNOW THEM.
TELL OTHER PEOPLE HOW GREAT YOU
THINK THEY ARE. TELL THEM THEY'LL
SUCCEED IN REACHING THEIR DREAMS

How To Write Anything: The Format Of What You Write May Change But The Process Of Writing Anything Remains The Same Paul Lima, 2020-07-06 *How To Write Anything The Format Of What You Write May Change But The Process Of Writing Anything Remains The Same* This book is called *How To Write Anything* and I confess there is some ego involved in the title But then I ve been a professional writer for over 40 years As one of Canada s most successful writers and authors I have written hard news articles soft news and feature articles advertising and promotional copy media releases reports and proposals case studies research papers email messages website content tweets blog posts and other online content I have also written over 20 books on business promotional and online writing and other topics such as writing articles memoir writing and living with Multiple Sclerosis a disease that I have but one that has not prevented me from writing or training I ve also written a collection of short stories poetry and a couple of plays So while I haven t written everything I ve written many things The fact is that you can t read this book and go forth and write anything if you are not familiar with the format or structure of the document that you want to write be it non fiction or fiction For instance if you

want to write a report you do so using the methods in this book However you have to know how to structure reports The same is applicable to email social media content articles promotional content case studies reports white papers PowerPoint presentations speeches website content short stories or novels So some of you reading this book might still have some learning to do However I suspect most of you know the structure of the documents you want to produce and you will be able to immediately apply the methods outlined in the book to writing any document that you need to write

Talking, Drawing, Writing Martha Horn, Mary Giacobbe, 2023-10-10 In the early grades talking and drawing can provide children with a natural pathway to writing yet these components are often overlooked In *Talking Drawing Writing Lessons for Our Youngest Writers* authors Martha Horn and Mary Ellen Giacobbe invite readers to join them in classrooms where they listen watch and talk with children then use what they learn to create lessons designed to meet children where they are and lead them into the world of writing The authors make a case for a broader definition of writing advocating for formal storytelling sessions in which children tell about what they know and for focused sketching sessions so that budding writers learn how to observe more carefully The book's lessons are organized by topic and include oral storytelling drawing writing words assessment introducing booklets and moving writers forward Based on the authors work in urban kindergarten and first grade classes the essence and structure of many of the lessons lend themselves to adaptation through fifth grade The lessons follow a consistent format What's going on in the classroom What do children need to learn next Materials needed to teach the lesson Language used in each lesson Reasons behind why certain books are chosen and suggestions for additional children's books The authors show the thinking behind their teaching decisions and provide a way to look at and assess children's writing giving us much more than a book of lessons they present a vision of what beginning writing can look and sound like Perhaps most powerfully they give us examples of the language they use with children that reveal a genuine respect for and trust in children as learners

Intensifying Classroom Routines in Reading and Writing Programs Michael P. Ford, 2017 Three common routines are seen in almost every primary language arts programs morning messages shared readings and word walls These routines should be integrated to support the total language arts program but are teachers of grades K 2 getting the most bang for their buck out of these activities Morning messages can become very routinized and repeat the same experiences over and over again Shared readings are sometimes conducted with little variation in spite of changing demands from the texts being used and changing needs in the learners with whom they are being used Word walls might be put up with some attention early in the year and remain virtually unchanged as the year moves forward Intensifying Classroom Routines in Reading and Writing Programs focuses on how teachers can get more instructional mileage out of these three common classroom routines Author Michael P Ford lays out step by step day by day plans to put those three key routines on a cycle that changes as students move through developmental phases This resource helps teachers plan for emergent and early readers and writers It also looks at how teachers can assist students as they move through critical areas including concepts of print alphabetic knowledge phonological awareness sound symbol relationships high frequency words structural analysis context clues comprehension strategies and composition strategies With these intensified routines in place students will clearly see connections between reading and writing

First You Write a Sentence Joe Moran, 2019-08-13 Do you want to write clearer livelier prose This witty primer will help The New York Times Book Review An exploration of how the most ordinary words can be turned into verbal constellations of extraordinary grace through the art of building sentences The sentence is the common ground where every writer walks A good sentence can be written and read by anyone if we simply give it the gift of our time and it is as close as most of us will get to making something truly beautiful Using minimal technical terms and sources ranging from the Bible and Shakespeare to George Orwell and Maggie Nelson as well as scientific studies of what can best fire the reader's mind author Joe Moran shows how we can all write in a way that is clear compelling and alive Whether dealing with finding the ideal word building a sentence or constructing a paragraph First You Write a Sentence informs by light example much richer than a style guide it can be read not only for instruction but for pleasure and delight And along the way it shows how good writing can help us notice the

world make ourselves known to others and live more meaningful lives It s an elegant gem in praise of the English sentence

Real-World Writers: A Handbook for Teaching Writing with 7-11 Year Olds Ross Young,Felicity

Ferguson,2020-05-28 Real World Writers shows teachers how they can teach their pupils to write well and with pleasure purpose and power It demonstrates how classrooms can be transformed into genuine communities of writers where talking reading writing and sharing give children confidence motivation and a sense of the relevance writing has to their own lives and learning Based on their practical experience and what research says is the most effective practice the authors share detailed guidance on how teachers can provide writing study lessons drawing on what real writers do and how to teach grammar effectively They also share a variety of authentic class writing projects with accompanying teacher notes that will encourage children to use genres appropriately creatively and flexibly The authors simple yet comprehensive approach includes how to teach the processes and craft knowledge involved in creating successful and meaningful texts This book is invaluable for all primary practitioners who wish to teach writing for real

Project-Based Learning Applied to the Language Classroom Juliana Franco Tavares/ Louise Emma Potter,2018-03-05 In Project Based Learning Applied to the Language Classroom the authors propose a way to develop PBL in the language classrooms taking into account all of the obstacles and specifics involved in teaching a foreign language It is about teaching English as a second or foreign language using Project Based Learning PBL We approach this combination because many people seem to think about implementing PBL in their language classes and ask questions about how to do it but feel that there aren t enough materials based on this methodology In fact most researchers and writers we have come across discuss the applications of PBL in the students mother tongue to subjects such as Math History Literature Social Studies and Science However there are few published works about the specifics of PBL in foreign language classes Besides it seems obvious to us that the main difficulty in developing projects in a second or foreign language lies exactly on the fact that communication may be hindered when students do not have enough knowledge in the target language
