Palliative Care Nursing as Mindfulness Lacie White,2022-05-25 As nurses we hear about mindfulness all the time but what does that actually mean in practice In this book readers are invited into conversation to explore how mindfulness influences palliative care nurses approaches to caring for themselves and others through experiences of living dying Under the guise of stress reduction and self care the assumption often made is that mindfulness can smooth out difficult experiences Instead the objective of this inquiry is not to bypass the practice of caring in those spaces that are really hard but to understand how nurses are working directly within them Calling out from the shadows and our bodies the intensity of palliative care nursing practice arises In this text a dialogue unfolds of nurses caring in deeply meaningful practice environments while searching for ground that is perpetually shifting uncertain and fraught with suffering and strong emotion Integrating literature across nursing sociology and contemplative scholarship evocative stories from palliative care nurses lead in this conversation their words in italics showing how they are guided into action through connection with in their bodies At other times stories show how nurses are taking pause and drawing on various somatic practices to unravel entanglements that touch on their own humanity These stories also offer insight into how systemic forces across educational and organizational institutions are either enhancing or constraining the way nurses engage mindfulness as a relationally embodied ethic of care This insightful volume is not a how to guide rather it is a timely resource exploring approaches for palliative care nurses to care for themselves and others with mindfulness and compassion Those seeking nuanced perspectives particularly in relation to embodying mindfulness through suffering and strong emotion will be drawn to this text Qualitative researchers studying emotionally sensitive topics may also find inspiration in the narrative arts based and embodied methods that shape this inquiry **The True Path, and how to Walk There in** Timothy Shay Arthur,1859
