For well more than a century Western films have embodied the United States most fundamental doctrine expansionism and depicted in a uniquely American way the archetypal battle between good and evil Westerns also depict a country defined and re defined by complex crises World War II transformed the genre as well as the nation s identity Since then Hollywood filmmakers have been fighting America s ideological wars onscreen by translating modern day politics into the timeless mythology of the Old West This book surveys the most iconic and influential Westerns examines Hollywood stars and their political stripes and reveals the familiar Western tropes which became elements in popular action science fiction and horror films This then sets the stage for the Western revival of the 1990s and a period of reinvention in the 21st century Instructors considering this book for use in a course may request an examination copy here

Murphy s life as a film actor from Beyond Glory 1948 to A Time for Dying 1971 but also provides a biography that runs from his birth to his three years in the army winning every possible combat medal including the Congressional Medal of Honor and from his Hollywood debut at James Cagney s invitation to his final dramatic decline gambling his fortunes away becoming involved in violent episodes and dying in a plane crash in 1971 Each of the 49 film entries gives full credits including casts characters crew date of release location and cost backgrounds for directors and main players and comments and anecdotes from interviews with Murphy s colleagues Critical reviews are quoted and the work is richly illustrated with film stills and private photographs Ride Lonesome Kirk Ellis,2023-03-15 Loners Drifters Men bent on vengeance Laconic in manner economical in gesture slow to anger but deadly when provoked Begun unofficially in 1956 with Seven Men From Now made under the auspices of John Wayne s Batjac Productions director Budd Boettinger and actor Randolph Scott s Ranown

Cycle would eventually encompass six films of which *Ride Lonesome* is both the best and representative of the whole cycle. Visually and aesthetically *Ride Lonesome* more than justifies New York Times critic Richard T. Jameson's assessment of the entire Ranown cycle as the most remarkable convergence of artistic achievement in the history of low budget moviemaking rivaled only by Val Lewton's 1940s horror films for RKO. Shot in a mere seventeen days for under a half million dollars *Ride Lonesome* is a masterpiece of cinematic minimalism at once epic and austere. Running a tight 73 minutes Boetticher turns traditional Western tropes into rituals of re-enactment and revenge.
