Shriekbloode Island:

The Island Queen R. M. Ballantyne, 2016-04-06 exhaustion at the time the boy died that Dominick had thought it unnecessary to rouse them The poor boy's emaciated frame could lie till morning he thought and then the sleepers would assist him to put it gently into the sea But when morning came the pangs of hunger assailed the self denying youth with terrible power and a horrible thought occurred to him He opened a large clasp knife and creeping towards the body removed the tarpaulin A faint smile rested on the dead lips the same smile that had moved them when Dominick promised to carry the boy's last loving message to his mother if he should survive

Sinister Island (Supernatural Mystery Book) Charles Wadsworth Camp, 2021-05-07 Miller ignores the warning about visiting a haunted island and soon mysterious things begin to occur with his friends Excerpt Captain's Island is not far from civilisation as one measures space Dealing with the less tangible medium of custom it is or was practically beyond perception James Miller didn't know this When he had thought at all of his friend Anderson's new winter home he had pictured the familiar southern resort with hotels and cottages sheltering Hammonds peerage and a seductive bathing beach to irritate the conservative

Survival Island Matt Drabble, 2018-03-15 Clayton is a small island community cut off from the mainland They keep to themselves and they like it that way As far as the locals are concerned there are Islanders and there are Mainlanders But the locals don't quite have the island all to themselves Depending on who you talk to on the island The chosen Order of the Nine Divines are either a peaceful religious order or a dangerous cult Solomon Abel had been the Father to the order Known locally as The Niners for his entire adult life but he is an old man now and the younger member including his own son are growing tired of the old ways As far as Clayton Island is concerned a Clayton has held sway across the land a birthright currently owned by Dale Clayton He is a man haunted by the iron fist of his father and drowning in his own inadequacy The Islanders act like they respect him but he imagines it's only to his face For centuries the two communities have lived side by side until now With the local timber mill folding the Dale Clayton is left with no choice but to listen to mainland developers Smart suited men who seek to exploit the island's natural beauty for their own gain Arriving with the developers is an old face returning Ashley Quinn hasn't set foot on her homeland for almost 20 years and she had no desire to be here but her job was the one stable thing left in her life since the divorce and she was barely hanging on to the life that she'd fought so hard to make The people of Clayton Island haven't changed they've only gotten older some she is glad to see and others not so much With tensions rising fast between those who want the future and those who want to hold onto the past Ashley finds herself caught in the middle And when it is discovered that The Niners are sitting on the most valuable land on the island there are those who will do anything to take it and those who will do anything to defend it There is a powder keg on Clayton and it will only take a single spark to burn the whole place down Alliances and enemies are formed with many hiding their true intentions and no one is what they seem because when two tribes go to war everyone dies

The Island Michael Stark, 2017-07-17 The Fever struck hard and fast

rising out of the slums and claiming victim after victim At first reports trickled across the wire in small segments relegated to the final seconds of the broadcast news Lost among stories of failing economies and political bickering few noticed what proved to be the birth pangs of a monster Within months the disease dominated the news as thousands died and infection rates soared William Hill knew his chances of avoiding the virus sat squarely between slim and none With experts predicting a global pandemic his choices boiled down to not if but where he would die While the rest of the world built barricades and set up distribution points for food he chose a simpler end The island had been one of the last and best times with his father He couldn't think of a better place to spend his final days He wanted sun and sand fresh fish on the grill and cool nights by the campfire He wanted feel good days filled with oldies on the radio days when he could hoist the sails and run before the wind He didn't set out to make enemies but he did He didn't plan on becoming humanity's last hope for survival or watching over an old woman and an eerie little boy either To William Hill the island seemed as good a place as any to die He just didn't realize how good
