Shurin, 2016-02-17 A volume in the Poets on Poetry series which collects critical works by contemporary poets gathering together the articles interviews and book reviews by which they have articulated the poetics of a new generation In The Skin of Meaning Aaron Shurin has collected thirty years worth of his provocative essays Fueled by gender and queer studies and combined with radical traditions in poetry Shurin's essays combine a highly personal and lyrical vision with a trenchant social analysis of poetry's possibilities Whether he's examining innovations in poetic form analyzing the gestures of drag queens or dissecting the language of AIDS Shurin's writing is evocative his investigations rigorous and his point of view

unabashed Shurin's poetic practice braids together many strands in contemporary innovative writing from the San Francisco Renaissance to Language Poetry and New Narrative Writing. His mentorships with Robert Duncan and Denise Levertov, his studies at New College of California where he was the first graduate of the epochal Poetics Program and his years of teaching writing provide a rich background for these essays. San Francisco provides the color and context for formulations of prosody, now propositions of textual collage and theories of radical narrativity while the heart of the book searches through the dire years of the AIDS epidemic to uncover poetic meaning and make the heroes heroes. **Eine Kleine Nacht Maggie** Kate Danley, 2017-10-24. Communal Nude Robert Gluck, 2016-05-13. The collected essays of the cofounder of the New Narrative movement on theory, identity, poetry, and muses from Kathy Acker to Georges Bataille. I read and wrote to invoke what seemed impossible relation itself in order to take part in a world that ceaselessly makes itself up to wake up to the world to recognize the world to be convinced that the world exists to take revenge on the world for not existing from Communal Nude. Since cofounding San Francisco's influential New Narrative circle in 1979, Robert Gluck has been one of America's finest prose stylists of innovative fiction bending narrative into the service of autobiography, politics, and gay writing. This collection brings together for the first time Gluck's nonfiction, a revelatory body of work that anchors his writing practice. Gluck's essays explore the ways that storytelling and selfhood are mutually embedded cultural forms cohering a fractured social reality where generating narrative means generating identity means generating community. I'd laugh at making art from any version of self, Gluck writes. I write about these forms that are myself to dispense with them to demonstrate how they disintegrate before the world, the body. For any body or text to know itself, it must first see how it sees the world and understand itself as writing. Gluck's essays affirm this radical narratorial precept in rich spirals of reading, self-reflection, anecdote, escapade, and metatext. These texts span the author's career and his creative affinities from lost manifestos theorizing the poetics of New Narrative to encomia for literary and philosophic muses, Kathy Acker, the HOW ever poets Frank O'Hara, Georges Bataille, and others to narrative journalism, book reviews, criticism, and public talks. Many of the texts are culled from obscure little magazines and ephemeral online sources others have never been published. As lucid as story, as lush as theory, and as irresistible as gossip, Gluck's essays are the quintessence of New Narrative theory in practice. *Strategies of Deviance* Earl Jackson, Jr., 1995-06-22. Juxtaposing the narrative strategies of Freud, Wilde, and Jarman, film pornography, and Almodovar and Dennis Cooper, Robert Gluck and Kevin Killian. Jackson offers a delightfully intelligent and inventive reappraisal of key issues in gay representation. Gay Times. A major event in gay

cultural theory the feat of critical imagination is absolutely stunning in its scope and power This book will be definitive in laying out the issues for subsequent writers in gay theory David M Halperin Earl Jackson examines visual and narrative texts from a variety of genres including case histories pornography science fiction and experimental prose *A Poetics of Criticism* ,1994 *The Unreal Life of Sergey Nabokov* Paul Russell,2011-11-08 In his novel based on the extraordinary life of the brother of Vladimir Nabokov Paul Russell re creates the rich and changing world in which Sergey his family and friends lived from wealth and position in pre revolutionary Russia to the halls of Cambridge University and the Parisian salon of Gertrude Stein and Alice B Toklas But it is the honesty and vulnerability of Sergey our young gay narrator that hook the reader his stuttering childhood in the shadow of his brilliant brother his opium fueled evenings with Cocteau his troubled love life on the margins of the Ballets Russes and its legendary cast and his isolation in war torn Berlin A meticulously researched novel featuring an extraordinary cast of characters including Picasso Diaghilev Stravinsky Magnus Hirschfield and of course the master himself Vladimir Nabokov this is ultimately the story of a beautiful and vulnerable boy growing into an enlightened and courageous man *Saints of Hysteria* David Trinidad,Denise Duhamel,Maureen Seaton,2007-03-06 Collaborative poetry poems written by one or more people grew out of word games played by French surrealists in the 1920s It was taken up a decade later by Japan s Vou Club and then by Charles Henri Ford who created the chainpoem composed by poets who mailed their lines all over the world After WW II the Beat writers collaborative experiments resulted in the famous Pull My Daisy The concept was embraced in the 1970s by feminist poets as a way to find a collective female voice Yet for all its rich history virtually no collections of collaborative poetry exist This exhilarating anthology remedies the omission Featured are poems by two four even as many as 18 people in a dizzying array of forms villanelles to ghazals sonnets to somonkas pantoums to haiku even quizzes questionnaires and other nonliterary forms Collaborators notes accompany many of the poems giving a fascinating glimpse into the creative process **Countrycide** L. Nelson,1993-01-26 Publication of this sourcebook on important gay American fiction writers grants legitimacy and recognition to this rapidly emerging area of literary studies Though wary of canon formation in this groundbreaking work editor Nelson has selected fifty seven writers whose works have received serious critical acclaim and or have won large audiences or in a few cases are worthy of greater attention Included are representative writers of detective fiction and

science fiction but not authors of erotic fiction or pulp novels Also excluded are a few novelists whose expressed wishes for privacy were respected Writers and their works are examined in the gay literary context and a majority of the contributing essayists are themselves gay male scholars and writers who bring with them a level of personal and political sensitivity that is generally lacking in non gay assessments of this literature Each entry begins with biographical information proceeds to an interpretive summary of major works and themes provides an overview of critical reception accorded the author and concludes with bibliographies of primary and secondary materials In a lively and perceptive introductory essay Bredbeck inquires into what we mean by gay literature and the inherent tensions in these terms Conceding the impossibility of speaking conclusively of gay literature he nevertheless stresses the importance of the task and ends with a survey of critical studies of the gay male novel and works of gay male criticism
