Magnus Carlsen's Norwegian Rat Carsten Hansen, Cyrus Lakdawala, 2022-04-13 A fun tricky ambush weapon for Black against 1 e4 In this book the authors cover the exciting 1 e4 g6 2 d4 Nf6 which players like Magnus Carlsen Ian Nepomniachtchi Richard Rapport and other strong players have used with powerful effect to drag White players out of their comfort zones into Black s domain The authors are pulling games from many resources including their own experiments with the opening to illustrate how it is possible to beat titled players right out of the opening by shocking White s system and beliefs

Chess Tactics for Improvers - Volume 1 Carsten Hansen, 2020-03-23 Are you ready to improve your tactical game It has been said that chess is 99% tactics but whether that is an accurate reflection is hard to tell Nevertheless it is important This is a massive collection of tactical puzzles from games played in 2019 The puzzles vary in difficulty some are relatively easy some are little more difficult but you will find that all of them are easier and more straight forward than the puzzles found in the other series Daily Chess Training Chess Tactics That doesn t mean that you will be able to solve them without running into a sped bump or two so take your time and make sure you get it right even when you think the answer is obvious Working through the puzzles and then carefully play through the thoroughly annotated solutions will help you to up your tactical radar as well as your calculation skills So if you are up for the challenge here is the opportunity to prepare for the next leap forward

[Chess Tactics - Volume 2](#) Carsten Hansen, The follow up to the internationally bestselling volume 1 Are you ready to seriously improve your game It has been said that chess is 99% tactics but whether that is an accurate reflection is hard to tell Nevertheless it is important But if you are like most players you only discover the tactics after you come home and run through your game with a chess engine So what to do In

the present book you will be challenged 404 times but unlike most tactics puzzle books you don't know what your objective is do I need to find a mate find an opportunity skewer or pin a piece use a tactical turn to gain a positional advantage and how far do I need to calculate These questions are you are faced with when you play your own games and therefore this book tries to replicate this position Your one advantage over the players in the respective positions is that you know that there is supposed to be something in there for you to find The puzzles vary a lot in difficulty some are relatively easy some are incredibly difficult but most are somewhere in between However most of the puzzles are layered so that even when you think the answer is obvious it is worth looking further because your idea may be the decoy left there for you to get distracted from the actual solution Working through the puzzles and then carefully play through the thoroughly annotated solutions will help you to up your tactical radar as well as your calculation skills So if you are up for the challenge here is the opportunity to take the leap forward Good luck
