Trickster Raven and the Trail to Gitchee-Gami Brian Baynton,2024-01-05 Spring 1766 An infant dead at childbirth A despondent mother Trickster Raven Shifting allegiances Continuing conflict These are the things Liam Hicks must deal with as he navigates his way through a rapidly changing world Long held relationships are passing and new ones need to be formed Liam soon learns that sometimes his beliefs and the circumstances he is facing do not line up well Trickster Raven has fooled the village midwife and Liam's Ojibwa partner Deedeens Raven leads them to mistakenly believe that Deedeens newborn son is dead because she was not big enough to carry the baby of a man Liam's size to term Even though Ashagi Manidoo's dream that Liam and Deedeens will be together forever still holds much power Deedeens refuses to see a future with Liam if she cannot deliver him future children After many attempts to help Deedeens see things differently Liam decides he must leave Aamjiwnaang to give her time and space to heal Liam is offered the opportunity to go north with his fur trader friend Charles de Langlade who is heading for the Ouisconsin Territory where the beaver can still be found in great numbers On his return to Michilimackinac Liam is asked by the new fort commander Robert Rogers to head out with an expedition that will be searching for the fabled Northwest Passage As the spectre of winter looms will Liam survive the treachery harsh landscape and continuing skirmishes with the Sioux so he can return to Deedeens and salvage their relationship **Setting** **All the Captives Free** Ian K. Steele,2013-11-01 Among the many upheavals in North America caused by the French and

Indian War was a commonplace practice that affected the lives of thousands of men women and children being taken captive by rival forces Most previous studies of captivity in early America are content to generalize from a small selection of sources often centuries apart In *Setting All the Captives Free* Ian Steele presents from a mountain of data the differences rather than generalities as well as how these differences show the variety of circumstances that affected captives experiences The product of a herculean effort to identify and analyze the captives taken on the Allegheny frontier during the era of the French and Indian War *Setting All the Captives Free* is the most complete study of this topic Steele explores genuine doctored and fictitious accounts in an innovative challenge to many prevailing assumptions and arguments revealing that Indians demonstrated humanity and compassion by continuing to take numerous captives when their opponents took none by adopting and converting captives into kin during the war and by returning captives even though doing so was a humiliating act that betrayed their societies values A fascinating and comprehensive work by an acclaimed scholar *Setting All the Captives Free* takes the study of the French and Indian War in America to an exciting new level

The Archaeology of Native-Lived Colonialism Neal Ferris,2011-10 In reconsidering Native adaptation and resistance to colonial British rule Ferris reviews five centuries of interaction that are usually read as a single event viewed through the lens of historical bias He first examines patterns of traditional lifeway continuity among the Ojibwa demonstrating their ability to maintain seasonal mobility up to the mid nineteenth century and their adaptive response to its loss He then looks at the experience of refugee Delawares who settled among the Ojibwa as a missionary sponsored community yet managed to maintain an identity distinct from missionary influences And he shows how the archaeological history of the Six Nations Iroquois reflected patterns of negotiating emergent colonialism when they returned to the region in the 1780s exploring how families managed tradition and the contemporary colonial world to develop innovative ways of revising and maintaining identity
