Siete Mensajeros Y Otros Relatos Los:

Los siete mensajeros y otros relatos Dino Buzzati, 2023-11-09 Conocido en España principalmente a través de su novela *El desierto de los tataros* publicada también en esta colección Dino Buzzati 1906-1972 fue asimismo a lo largo de toda su vida un infatigable escritor de relatos breves en los cuales hallaban cauce de expresión sus más profundas inquietudes. Los siete mensajeros y otros relatos es una selección significativa en la que además de piezas emblemáticas del autor italiano como *Miedo en la Scala*, *El hundimiento de la Baliverna*, *El colombre* o la que da título al volumen se recogen varios cuentos que se cimentan en uno de sus recursos favoritos la parábola. En ellos aunque a menudo distintos temas y preocupaciones se solapan se trata de las heridas del tiempo, de los desencuentros amorosos y de la eterna condición humana. Otras veces el soporte de la fabulación lo constituye una situación intrascendente que acaba desbordando al individuo en medio de una atmósfera inquietante que a veces se desliza hacia el terror. *Los siete mensajeros y otros relatos* Dino Buzzati, 1995-01-01

Traducción y recepción de la literatura italiana en España Assumpta Camps, 2014-05-22 A partir del análisis de versiones al castellano o al catalán de obra italiana realizada desde el siglo XIX hasta nuestros días el libro se centra en el estudio de la recepción de la literatura italiana y del papel que la traducción ha desarrollado en el ámbito editorial ofreciendo varias de reflexiones en torno al fenómeno de la traducción literaria. Autores como Pascoli, Leopardi, Carducci, Saba o Buzzati pasan por la mirada analítica y el oficio comprometido del traductor que a menudo se encuentra con estructuras lingüísticas de difícil correspondencia. Como puede el traductor cambiar de lengua un texto y no traicionarlo. Aproximándose a las versiones de M. Antonia Salv. Tomás García o Narcís Comadira por citar solo algunos ejemplos el lector hallará documentados los mecanismos que rigen el proceso de traducción junto con una valoración de los resultados alcanzados en cada caso. Traducción y recepción de la literatura italiana en España constituye una contribución ineludible al estudio tanto de las relaciones italo españolas como de la presencia de la literatura italiana en nuestro país. *Siete plantas* Dino Buzzati, 2018-02-26 *Siete plantas* es uno de los más conocidos y mejores relatos de Dino Buzzati. Un libro esencial que nos hará reflexionar y que contiene tanta información sobre aspectos concretos de la actitud de los seres humanos ante la enfermedad y la muerte así como sobre ciertas maneras nada recomendables de practicar la medicina en el marco de una institución cerrada que constituye un excelente material pedagógico. Una demoledora crítica de la maquinaria que se supone debe estar a cargo de velar por la salud de los enfermos.

Italia-España en la época contemporánea Assumpta Camps, Assumpta Camps i Olivé, 2009 Este libro estudia la presencia de la literatura italiana en la España contemporánea. Como la traducción resulta fundamental en la recepción de un autor y su obra se centra en el análisis de las traducciones sea de los clásicos italianos o de autores contemporáneos. El enfoque adoptado aquí aborda asimismo las relaciones intersistémicas en el contexto de llegada. El volumen se organiza en tres grandes bloques: el primero analiza la recepción de la literatura italiana en el polisistema hispánico; la imagen de Italia que se desprende de las traducciones publicadas; la distancia cultural existente entre el contexto de partida y el de llegada o el proceso de apropiación.
