The Violent Woman Hilary Neroni, 2012-02-16 In *The Violent Woman* Hilary Neroni brings psychoanalytically informed film theory to bear on issues of femininity violence and narrative in contemporary American cinema Examining such films as *Thelma and Louise* *Fargo* *Natural Born Killers* and *The Long Kiss Goodnight* Neroni explores why American audiences are so fascinated even excited by cinematic representations of violent women and what these representations reveal about violence in our society and our cinema Neroni argues that violent women characters disrupt cinematic narrative and challenge cultural ideals suggesting how difficult it is for Hollywood the greatest of ideology machines to integrate the violent woman into its typical narrative structure

The Illuminati Mark Dice, 2009 Secret societies have both fascinated and frightened people for hundreds of years Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s Since then rumors and conspiracy theories involving the Illuminati continue to spread sometimes finding their way into popular novels like Dan Brown's *Angels and Demons* and Hollywood movies like *Lara Croft Tomb Raider* Some men have even come forward claiming to be former members offering details of what they allege are the inner workings of the organization When you sift through all of the information available on the subject you may be surprised that the truth is stranger than fiction In *The Illuminati* Facts Fiction conspiracy and occult expert Mark Dice separates history from Hollywood and shows why tales of the secret society won't die
