Looking For Hogeye:

Looking for Hogeye Roy Reed, 1986-01-01 In that always compelling yet simple style that has made Roy Reed one of the country's foremost journalists he shows us as we share with him delightful moments and rich insights on the way to Hogeye. Southerners still different for being Southerners and country Southerners who are even more so pained by bruises and comforted by salves that are peculiarly their own. I hope that my city friends will not be upset to learn that this book is a little more sympathetic to the Arkansas hill people than it is to New Yorkers. He says I have grown attached to cities over the years but I am still somewhere near my heart a hillbilly. I have gone to a lot of trouble to remember that. This book is a special admission into those hills to Vacation Bible School tent meetings, saler barns, back roads and pool halls to dog days in Hogeye. To read Looking for Hogeye is to sit with Roy Reed on his wide front porch as he tells by the life he lives why after Washington, London and New York he made his home in the north Arkansas hills where he felt as he puts it like Brer Rabbit reentering the briar patch. It is a visit not to be missed and not to be forgotten. **Arkansas, Arkansas** John Caldwell

Guilds, 1999-01-01 From the expeditions of de Soto in the sixteenth century to the celebrated work of such contemporary writers as Maya Angelou, Ellen Gilchrist and Miller Williams, Arkansas has enjoyed a rich history of letters. These two volumes gather the best work from Arkansas's rich literary history, celebrating the variety of its voices and the national treasure those voices have become. **Looking Back at the Arkansas Gazette** Roy Reed, 2009-03 With a legendary beginning as a printing press floated up the Arkansas River in 1819, the Arkansas Gazette is inextricably linked with the state's history, reporting on every major Arkansas event until the paper's demise in 1991 after a long bitter and very public newspaper war. Looking Back at the Arkansas Gazette, knowledgeably and intimately edited by longtime Gazette reporter Roy Reed, comprises interviews from over a hundred former Gazette staffers recalling the stories they reported on and the people they worked with from the late forties to the paper's end. The result is a nostalgic and justifiably admiring look back at a publication known for its progressive stance in a conservative Southern state, a newspaper that after winning two Pulitzers for its brave rule of law stance during the Little Rock Central High Crisis was considered one of the country's greatest. The interviews collected from archives at the David and Barbara Pryor Center for Arkansas Oral and Visual History at the University of Arkansas provide fascinating details on renowned editors and reporters such as Harry Ashmore, Orville Henry and Charles Portis, journalists who wrote daily on Arkansas's always colorful politicians, its tragic disasters and sensational crimes, its civil rights crises, Bill Clinton, the Razorbacks sports teams and much more. Full of humor and little-known details, Looking Back at the Arkansas Gazette is a fascinating remembrance of a great newspaper. **Yonder Mountain** Anthony Priest, 2013-05-01 Yonder Mountain, inspired by poet Miller Williams's Ozark, Ozark, A Hillside Reader is rooted in the literary legacy of the Ozarks while reflecting the diversity and change of the region. Readers will find fresh, creative, honest voices profoundly influenced by the landscape and culture of the Ozark Mountains. Poets, novelists, columnists and historians are represented.

Waters, Charlotte D. Pevny, David L. Carlson, Thomas A. Jennings, 2011-10-12 Some 13 000 years ago humans were drawn repeatedly to a small valley in what is now Central Texas near the banks of Buttermilk Creek These early hunter gatherers camped collected stone and shaped it into a variety of tools they needed to hunt game process food and subsist in

the Texas wilderness Their toolkit included bifaces blades and deadly spear points Where they worked they left thousands of pieces of debris which have allowed archaeologists to reconstruct their methods of tool production Along with the faunal material that was also discarded in their prehistoric campsite these stone or lithic artifacts afford a glimpse of human life at the end of the last ice age during an era referred to as Clovis The area where these people roamed and camped called the Gault site is one of the most important Clovis sites in North America A decade ago a team from Texas A M University excavated a single area of the site formally named Excavation Area 8 but informally dubbed the Lindsey Pit which features the densest concentration of Clovis artifacts and the clearest stratigraphy at the Gault site Some 67 000 lithic artifacts were recovered during fieldwork along with 5 700 pieces of faunal material In a thorough synthesis of the evidence from this prehistoric workshop Michael R Waters and his coauthors provide the technical data needed to interpret and compare this site with other sites from the same period illuminating the story of Clovis people in the Buttermilk Creek Valley
