Bohn, 2021-10-27 Reprint of the original first published in 1867 **Judicial Selection in the States** Herbert M. Boer, Sofia Stolk, 2019-04-16 This book explores the backstage of transnational legal practice by illuminating the routines and habits that are crucial to the field yet rarely studied Through innovative discussion of practices often considered trivial the book encourages readers to conceptualise the backstage as emblematic of transnational legal practice Expanding the focus of transnational legal scholarship the book explores the seemingly mundane procedures which are often taken for granted despite being widely recognized as part of what it means to do transnational law Adopting various methodologies and approaches each chapter focuses on one specific practice for example mooted exercises for law students international travel transnational time the social media activities of lawyers and legal scholars and the networking at the ICC's annual Assembly of States Parties In and of themselves these chapters each provide unique insights into what happens before the curtain rises and after it falls on the familiar outputs of transnational law It does more however than provide a range of different practices it takes the next step in theorizing on the importance of the marginal and the everyday for what we know to be the law and what the international legal field looks like Furthermore by interrogating undiscussed academic practices it provides students with a candid view on the perils and promises of transnational legal scholarship inviting them to join the discussion and to practice their discipline in a more reflexive way Written in an accessible format containing a readable collection of personal and recognizable accounts of transnational legal practice the book provides an everyday insight into transnational law It will therefore appeal to international legal scholars alongside any reader with an interest in transnational law **The Works of Shakespeare: The merry wives of Windsor, ed. by H.C.
