Noël Carroll, John Gibson

Make Believe Engagement:

The Routledge Companion to Philosophy of Literature Noël Carroll, John Gibson, 2015-12-07 The Routledge Companion to Philosophy of Literature is an in depth examination of literature through a philosophical lens written by distinguished figures across the major divisions of philosophy Its 40 newly commissioned essays are divided into six sections historical foundations what is literature aesthetics appreciation meaning interpretation metaphysics epistemology ethics political theory The Companion opens with a comprehensive historical overview of the philosophy of literature including chapters on the study s ancient origins up to the 18th 20th centuries The second part defines literature and its different categories The third part covers the aesthetics of literature The fourth and fifth sections discuss the meaning and consequences of philosophical interpretation of literature as well as epistemological and metaphysical issues such as literary cognitivism and imaginative resistance The sixth section contextualizes the place of philosophy of literature in the real world with essays on topics such as morality politics race and gender Fully indexed with helpful further reading sections at the end of each chapter this Companion is an ideal starting point for those coming to philosophy of literature for the first time as well as a valuable reference for readers more familiar with the subject

Playing Software Miguel Sicart, 2023-02-14 The play element at the heart of our interactions with computers and how it drives the best and the worst manifestations of the information age Whether we interact with video games or spreadsheets or social media playing with software shapes every facet of our lives In Playing Software Miguel Sicart delves into why we play with computers how that play shapes culture and society and the threat posed by malefactors using play to weaponize everything from conspiracy theories to extractive capitalism Starting from the controversial idea that software is an essential agent in the information age Sicart considers our culture in general and our way of thinking about and creating digital technology in particular as a consequence of interacting with software s agency through play As Sicart shows playing shapes software agency In turn software shapes our agency as we adapt and relate to it through play That play drives the creation of new cultural social and political forms Sicart also reveals the role of make believe in driving our playful engagement with the digital sphere From there he discusses the cybernetic theory of digital play and what we can learn from combining it with the idea that playfulness can mean pleasurable interaction with human and nonhuman agents inside the boundaries of a computational system Finally he critiques the instrumentalization of play as a tool wielded by platform capitalism

Thinking about Stories Samuel Lebens, Tatjana von Solodkoff, 2023-10-31 Thinking About Stories is a fun and thought provoking introduction to philosophical questions about narrative fiction in its many forms from highbrow literature to pulp fiction to the latest shows on Netflix Written by philosophers Samuel Lebens and Tatjana von Solodkoff it engages with fundamental questions about fiction such as What is it What does it give us Does a story need a narrator And why do sad stories make us cry if we know they aren t real The format of the book emulates a lively verbal exchange each chapter has only one author while the other appears

spontaneously in dialogues in the text along the way raising questions and voicing criticisms and inviting responses from their co author This unique format allows readers to feel like they are a part of the conversation about the philosophical foundations of some of the fictions in their own lives Key Features Draws on a wide range of types of narrative fiction from Harry Potter to Breakfast of Champions to Parks and Recreation Explores how fiction despite its detachment from truth is often best able to teach us important things about the world in which we live Concludes by asking in the final chapter whether we all might be fictions Includes bibliographies and suggested reading lists in each chapter

Play, Philosophy and Performance Malcolm MacLean, Wendy Russell, Emily Ryall, 2021-02-15 Play Philosophy and Performance is a cutting edge collection of essays exploring the philosophy of play It showcases the most innovative interdisciplinary work in the rapidly developing field of Play Studies How we play and the relation of play to the human condition is becoming increasingly recognised as a field of scholarly inquiry as well as a significant element of social practice public policy and socio cultural understanding Drawing on approaches ranging through morality and ethics language and the nature of reality aesthetics digital culture and gaming and written by an international group of emerging and established scholars this book examines how our performance at play describes shapes and influences our performance as human beings This is essential reading for anybody with an interest in leisure education childhood gaming the arts playwork or many branches of philosophical enquiry

Moral Fictionalism and Religious Fictionalism Richard Joyce, Stuart Brock, 2024-02-23 If we are skeptical about the truth of religious or moral belief what should we do about those ways of talking and thinking According to the fictionalist they provide pragmatic benefits that do not depend on their truth This volume examines religious fictionalism moral fictionalism and the relation between these views

God in the Act of Reference Erica Appelros, 2017-03-02 To claim to believe in God without accepting that God exists independently of human minds would mean reducing God to merely a human construct thus not real enough for being the object of religious worship This book sets out to challenge this common view on existence and religious belief Arguing from concrete examples of language use in children s make believe play and other ordinary situations Erica Appelros suggests that what makes us consider something to be real involves our capacities to relate to our surroundings not only on grounds of their physical characteristics but also on grounds of human construction This book makes a substantial contribution to the contemporary debate within philosophy of religion on religious realism and non realism and suggests innovative and constructive solutions to the perennial philosophical and religious issue of what is meant by talking about God and God s existence

A Veiled Reflection (Westward Chronicles Book #3) Tracie Peterson, 2005-08-01 Jillian struggles to fill the shoes and identity of her identical twin sister amid the strict rules and routines of the Arizona Harvey House When the local doctor inadvertently discovers her ruse he creates a plan of his own Westward Chronicles Book 3

Children's Imagination Paul L. Harris, 2022-06-23 Children s imagination was traditionally seen as a wayward desire driven faculty that is eventually constrained by rationality A more recent Romantic

view claims that young children's fertile imagination is increasingly dulled by schooling. Contrary to both perspectives this Element argues that paradoxically children's imagination draws much inspiration from reality. Hence when they engage in pretend play, envision the future or conjure up counterfactual possibilities, children rarely generate fantastical possibilities. Their reality-guided imagination enables children to plan ahead and to engage in informative thought experiments. Nevertheless when adults present children with less reality-based possibilities via biblical narratives or the endorsement of special beings, children are receptive. Indeed such imaginary possibilities can infuse their otherwise commonsensical appraisal of reality. Finally like adults, young children enjoy being absorbed into a make-believe fictional world but faced with real world problems calling for creativity they often need guidance given their limited knowledge of prior solutions.

Fiancé for the Night Melissa McClone, 2021-11-14 She needs a fiancé for only one night. Cassandra Daniels' parents want to meet her fiancé. They've driven hours to have dinner with the man who stole their daughter's heart. The only problem he doesn't exist. She made him up because her mom and dad are concerned about her. Cassandra could tell the truth but she's tired of always disappointing her family. Now she must find a handsome, respectable-looking guy to be her fake fiancé. Troy McKnight can't believe a gorgeous blonde wants to pretend to be engaged for the night. Why him? She's his total opposite: impulsive, adventurous, and a risk taker. He should say no. He's not the type to go along with crazy schemes and drama, yet he can't deny her pull. Giving into his attraction, he agrees to be her fiancé. What's the worst thing that can happen? Turns out Cassandra's father is a powerful venture capitalist who could make or break Troy's career, so they continue the ruse. But as their fake engagement spirals, their attempts to stop the madness fail. Troy wants to spend more time with Cassandra but she fears losing her heart to him. The charade must end, even if she wishes her fiancé for the night could be her perfect husband for life. One Night to Forever series: Book 1 Fiancé for the Night, Book 2 The Wedding Lullaby, Book 3 A Little Bit Engaged, Book 4 Love on the Slopes.
