Make It Happen The Hip Hop Guide To Success:

Make It Happen Kevin Liles, 2005-09-27 Kevin Liles rose from intern to president of Def Jam Records in only nine years. Today at age thirty seven he is executive vice president of the Warner Music Group and has helped discover and direct the careers of stars such as Jay Z and Ludacris. Liles meteoric climb from urban street kid with hip hop aspirations to one of the most successful and influential executives in the music industry is far more than a rags to riches story. It is a tribute to Liles incredible work ethic, wisdom and confidence in doing his thing his way the hip hop way. Every real success story in hip hop comes down to the same thing: someone who finds the will, focus and drive to achieve. Liles writes in *Make It Happen The Hip Hop Generation Guide to Success*: It doesn't matter if you are male or female. It doesn't matter what race or religion you are. It doesn't matter what hustle you choose. What does matter, Liles says, is that you fight against the odds to realize a dream and be the best that you can be. You empower yourself and make it happen. Kevin Liles presents ten rules of business success which range from Find Your Will and The Blueprint to Don't Let Cash Rule and Play Your Position. As he outlines his philosophy, Liles shares how he put his principles to work, chronicling his journey to the top and the stories of others: executives, artists, mentors and friends he has worked with along the way. *Make It Happen* is both an American success story and a guidebook for the road to having a career and a life you love.

Understanding the Music Business Richard Weissman, 2015-09-30 *Understanding the Music Business* offers students a current overview of the music business. Going beyond what most music business texts offer, Weismann delivers a contemporary approach that addresses the unanswered questions for today's music students such as: Is it really possible to make a living as a musician? *Understanding the Music Business* covers the basics in the first part of the text. This first section deals with the fundamentals of the industry including recording, music publishing, agents, managers, radio and television, unions, the internet and new technology, and regional and international music markets. However, it is the second half of the text that breaks new ground by covering the career paths of new artists in the industry, the development and need for entrepreneurial skills, and the ways that individuals forge careers in the industry.

Books and Beyond Kenneth Womack, 2008-10-30 There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk, fantasy, literature, flash fiction, GLBTQ literature, graphic novels, manga and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes
