Make Up A Manual For The Use Of Actors:

All for Beauty Adrienne L. McLean, 2022-07-15 This book provides an industrial history that examines how and why makeup and hairdressing evolved as crafts in the studio era Readers will never again watch Hollywood films without thinking about the roles of makeup and hairdressing in creating not just fictional characters but stars as emblems of an idealized and undeniably mesmerizing visual perfection **The Booklist** ,1923 **Visualizing Orientalness** Björn A. Schmidt, 2017 In the early twentieth century Hollywood was fascinated by the Far East Chinese immigrants however were excluded since 1882 and racism pervaded U S society When motion pictures became the most popular form of entertainment immigration and race were heavily debated topics *Visualizing Orientalness* is the first book that analyses the significance of motion pictures within these discourses Taking up approaches from the fields of visual culture studies and visual history Björn A. Schmidt undertakes a visual discourse analysis of films from the 1910s to 1930s The author shows how the visuality of films and the historical discourses and practices that surrounded them portrayed Chinese immigration and contributed to notions of Chinese Americans as a foreign and other race A.L.A. Booklist ,1929 *Booklist* ,1929 **Dramatic Bibliography** ,1933 **Make-up, a Manual for the Use of Actors, Amateur and Professional** John Foster Baird, 1937 *Costume, Makeup, and Hair* Adrienne L. McLean, 2016-10-07 Movie buffs and film scholars alike often overlook the importance of makeup artists hair stylists and costumers With precious few but notable exceptions creative workers in these fields have received little public recognition even when their artistry goes on to inspire worldwide fashion trends From the acclaimed *Behind the Silver Screen* series *Costume Makeup and Hair* charts the development of these three crafts in the American film industry from the 1890s to the present Each chapter examines a different era in film history revealing how the arts of cinematic costume makeup and hair have continually adapted to new conditions making the transitions from stage to screen from monochrome to color and from analog to digital Together the book's contributors give us a remarkable glimpse into how these crafts foster creative collaboration and improvisation often fashioning striking looks and ingenious effects out of limited materials *Costume Makeup and Hair* not only considers these crafts in relation to a wide range of film genres from sci fi spectacles to period dramas but also examines the role they have played in the larger marketplace for fashion and beauty products Drawing on rare archival materials and lavish color illustrations this volume provides readers with both a groundbreaking history of film industry labor and an appreciation of cinematic costume makeup and hairstyling as distinct art forms **Books and Notes** Los Angeles County Public Library, 1926 **Yellowface** Krystyn R. Moon, 2005 Imagining China early nineteenth century writings and musical productions Towards exclusion American popular songs on Chinese immigration 1850 1882 Chinese and Chinese immigrant performers on the American stage 1830s 1920s The sounds of Chinese otherness and American popular music 1880s 1920s From aversion to fascination new lyrics and voices 1880s 1920s The rise of Chinese and Chinese American vaudevillians 1900s 1920s **OLR Index** ,1928 **Psychology and**
