## **Make Yourself An Ark:**

**Desiree Ntolo, 2008-07      **Connecting with God** Renovare, 2006-06-13** How can we experience God? God has communicated with his people throughout the ages in many ways. Adam and Eve encountered him directly in the Garden of Eden. Teresa of Avila experienced him through visions and Francis of Assisi heard his voice in nature. This book gives practical advice for connecting on a deeply personal level with God. It uncovers new places to look for God while providing reflection questions and activities to reinvigorate communication with God in such traditional areas as prayer and Bible study. Divided into twelve chapters conveniently organized for individual or group study, each section explores a different area in which we can deepen our individual communion with God. The Renovar Spiritual Formation Guides created by Richard J. Foster and the team that developed The Renovar Spiritual Formation Bible and the longstanding A Spiritual Formation Workbook provide tangible lessons that help us become spiritually formed, conformed, and transformed into the image of Jesus Christ. Geared for either individual study or use in small groups, each Renovar Spiritual Formation Guide explores one facet of our life with God, providing readings from Scripture as well as classic and contemporary works of spirituality. The combination of readings, reflection questions, exercises, and activities makes these books invaluable, interactive guides that prompt true spiritual growth.

**The McElwain Bible ~ A Commentary on Genesis One to Twenty-Five** Thomas McElwain, 2016-10-16 The first twenty-five chapters of the book of Genesis from the verse translation and commentary. The Beloved and I greatly amplified with the text of the King James Version embedded in prose sermons along with additional explanatory notes in prose and poetry.

**The Torah** Seymour Rossel, 2007 An interactive study of the Five Books of Moses. The book can be read from cover to cover or used to study each portion of the Torah as read weekly in the synagogue. Simple enough for teenagers, it is sophisticated enough for adults and rich in resources for preparing lectures, sermons, and talks.

translator's responsibility into the field of the interpreter Removing the Outdated Passages with the Old English thee's and thou's etc have been replaced with modern English Many words and phrases that were extremely ambiguous or easily misunderstood since the 1901 ASV have been updated according to the best lexicons Verses with difficult word order or vocabulary have been translated into correct English grammar and syntax for easier reading However if the word order of the original conveyed meaning it was kept More Accurate The last 110 years have seen the discovering of far more manuscripts especially the papyri with many manuscripts dating within 100 years of the originals While making more accurate translation choices we have stayed true to the literal translation philosophy of the ASV while other literal translations abandon the philosophy far too often The translator seeks to render the Scriptures accurately without losing what the Bible author penned by changing what the author wrote by distorting or embellishing through imposing what the translator believes the author meant into the original text Accuracy in Bible translation is being faithful to what the original author wrote the words that he used as opposed to going beyond into the meaning trying to determine what the author meant by his words The latter is the reader's job The translator uses the most reliable accurate critical texts e.g. WH NA UBS BHS as well as the original language texts versions and other sources that will help him to determine the original reading Why the Need for Updated Translations New manuscript discoveries Changes in the language A better understanding of the original languages Improved insight into Bible translation
