Military thought from Machiavelli to Hitler. Edited by E. M. Earle, with the collaboration of Gordon A. Craig and Felix Gilbert** Edward Mead EARLE, Gordon Alexander Craig, Felix Gilbert, 1944 Makers of Modern Strategy from Machiavelli to the Nuclear Age Peter Paret, Gordon A. Craig, Felix Gilbert, 1986-10-30 War cannot be controlled in future without an understanding of its past These essays analyse war its strategic characteristics and its political and social functions over the past five centuries **A Reprint From: Makers of Modern Strategy** Gordon Alexander Craig, Felix Gilbert, 19?? *Makers of Modern Strategy* Edward Mead Earle, Felix Gilbert, Gordon A. Craig, 1966 Makers of Modern Strategy Edward Mead Earle, 1941 The New Makers of Modern Strategy Hal Brands, 2023-05-02 The essential resource on military and political strategy and the making of the modern world The New Makers of Modern Strategy is the next generation of the definitive work on strategy and the key figures who have shaped the theory and practice of war and statecraft throughout the centuries Featuring entirely new entries by a who s who of world class scholars this new edition provides global comparative perspectives on strategic thought from antiquity to today surveying both classical and current themes of strategy while devoting greater attention to the Cold War and post 9 11 eras The contributors evaluate the timeless requirements of effective strategy while tracing the revolutionary changes that challenge the makers of strategy in the contemporary world Amid intensifying global disorder the study of strategy and its history has never been more relevant The New Makers of Modern Strategy draws vital lessons from history s most influential strategists from Thucydides and Sun Zi to Clausewitz Napoleon Churchill Mao Ben Gurion Andrew Marshall Xi Jinping and Qassem Soleimani With contributions by Dmitry Adamsky John Bew Tami Davis Biddle Hal Brands Antulio J Echevarria II Elizabeth Economy Charles Edel Eric S Edelman Andrew Ehrhardt Lawrence Freedman John Lewis Gaddis Francis J Gavin Christopher J Griffin Ahmed S Hashim Eric Helleiner Wayne Wei siang Hsieh Seth G Jones Robert Kagan Jonathan Kirshner Matthew Kroenig James Lacey Guy Laron Michael V Leggiere Margaret MacMillan Tanvi Madan Thomas G Mahnken Carter Malkasian Daniel Marston John H Maurer Walter Russell Mead Michael Cotey Morgan Mark Moyer Williamson Murray S C M Paine Sergey Radchenko Iskander Rehman Thomas Rid Joshua Rovner Priya Satia Kori Schake Matt J Schumann Brendan Simms Jason K Stearns Hew Strachan Sue Mi Terry and Toshi Yoshihara *Grand Strategy in Theory and Practice* William C. Martel, 2015-01-12 This book explores fundamental questions about grand strategy as it has evolved across generations and countries It provides an overview of the ancient era of grand strategy and a

detailed discussion of its philosophical military and economic foundations in the modern era The author investigates these aspects through the lenses of four approaches those of historians social scientists practitioners and military strategists The main goal is to provide contemporary policy makers and scholars with a historic and analytic framework in which to evaluate and conduct grand strategy By providing greater analytical clarity about grand strategy and describing its nature and its utility for the state this book presents a comprehensive theory on the practice of grand strategy in order to articulate the United States past present and future purpose and position on the world stage World Politics and the Evolution of War John J. Weltman, 1995 In this comprehensive study international relations scholar John Weltman explores the many roles of war in world politics With topics ranging from the development of strategic thought to the effects on war of political and technological change from the uses of force and threats of force to the uses of arms control from the prominence of war in history to its likely fate in the post Cold War world Weltman's analysis offers a detailed thoroughgoing and rigorous overview of the subject Throughout Weltman questions a number of widely held assumptions To the conventional argument that the number of players in the international system determines the incidence and character of war he responds with evidence that suggesting that the social material and intellectual context within which conflicts occur is far more influential Weltman also questions the prevailing wisdom that democracies are inherently peaceful and autocracies inherently warlike arguing instead that the propensity to wage war and the effects of war are largely the products of prevailing expectations whether or not war offers a means for the cheap easy and decisive accomplishment of a government's objectives And he criticizes the dominant view that conflict even violent conflict is psychologically abnormal Drawing upon the traditional distinction between wars of attrition and wars of annihilation Weltman sees the trend toward the former despite the anomalous Persian Gulf conflict as likely to continue While this trend does not suggest the end of warfare much less the end of history it does imply the localization of conflict and the minimization of the danger of global conflagration The new world order Weltman concludes will be far from peaceful but the conflicts that do arise will be slow burning and difficult to spread Outside intervention in these conflicts will be costly

Terrorism Donald J. Hanle, 2006 Part of the problem of dealing with terrorism is in its definition it is often depicted as something new and totally alien a phantom enemy that cannot be understood But by employing a sophisticated analysis soundly based on an encyclopedic knowledge of military history Donald J Hanle shows that three major forms of terrorism Military Revolutionary and State Sponsored qualify as the newest forms of war The author's in depth investigation reveals that these kinds of terrorists operate in the same basic manner as military forces employed in traditional warfare and have the same basic capabilities and weaknesses He argues convincingly that countermeasures against these types of terrorist organizations should be based upon classical principles of war and combat and suggests countervailing strategies Terrorism The Newest Face of Warfare is a starting point for a sensible and coherent counterterrorism strategy one that enlists a valuable but heretofore neglected Western arsenal the study of military history

in the battle against terrorism *The Art of Strategy* Owen E. Hughes, 2021-05-13 Strategy is best understood not as a science but as an art one of universal applications that transcend situation or historical context The principles that were successful in war and politics through history can have real and demonstrable applications in business and management Here professor of strategy Owen Hughes helps practitioners and students to draw those parallels and to develop a profound and holistic understanding of strategy that will help them plan for and achieve success Describing strategy as an intersection of five facets purpose capability will terrain and tactics Hughes draws from colourful and dramatic examples from history and clearly demonstrates how these tactics might be applied in your own life and work This book is an ideal strategy text for any practitioner lecturer or student who tires of familiar strategy frameworks with limited scope **Great Warrior**

Leaders/thinkers , 1994 Australia's Defence Strategy Adam Lockyer, 2017-01-30 How would we know a good defence strategy if we saw one The Asian Century is challenging many of the traditional assumptions at the heart of Australian defence policy and strategy Defence scholars have risen to the challenge of these transformational times and have collectively produced a smorgasbord of alternatives for policy makers The problem is that these recommendations all point in very different directions How should we evaluate these options Adam Lockyer tackles this question and develops a novel conceptual framework for evaluating defence strategies By doing so this book breaks new theoretical ground and makes an important contribution to our understanding of strategy in general and defence strategy in particular Lockyer then applies this analytical tool to the leading arguments in Australia's defence debate and finds that there is still substantial work to be done Lockyer concludes by proposing a new Australian defence strategy for a contested Asia that would pass the test for a good defence strategy The result is essential reading for anyone interested in strategy or the future of Australian defence policy

Military Strategy, Joint Operations, and Airpower Ryan Burke, Michael Fowler, Jahara Matisek, 2022 Military Strategy Joint Operations and Airpower introduces students to contemporary strategy and the operational level of war particularly as it relates to airpower Developed as foundational reading for all US Air Force Academy cadets this intermediate textbook is designed to close the gap between military theory and practice It covers strategic foundations operational design and joint service operations the air space and cyber capabilities that comprise modern airpower and contemporary challenges in the application of strategy In this second edition each chapter has been updated and revised and several sections have been expanded Part II Military Forces and the Joint Fight is now has separate chapters about each service in addition to a chapter on joint structure Similarly operational design is expanded from one to four chapters to provide a more thorough step by step guide through the process New chapters in this second edition include Integrating the Instruments of Power The Spectrum of Conflict and Range of Military Operations and The Nuclear Weapons Triad and Missile Defense This book's contributing authors and editors include both military practitioners and scholars of security studies political science and history In addition to being required reading for Air Force cadets and ROTC students the book

will provide an essential overview of strategy and practice for anyone interested in modern airpower
