Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies:

Making and Breaking Governments Michael Laver, Kenneth A. Shepsle, 1996-01-26 Making and Breaking Governments offers a theoretical argument about how parliamentary parties form governments deriving from the political and social context of such government formation its generic sequential process Based on their policy preferences and their beliefs about what policies will be forthcoming from different conceivable governments parties behave strategically in the game in which government portfolios are allocated The authors construct a mathematical model of allocation of ministerial portfolios formulated as a noncooperative game and derive equilibria They also derive a number of empirical hypotheses about outcomes of this game which they then test with data drawn from most of the postwar European parliamentary democracies The book concludes with a number of observations about departmentalistic tendencies and centripetal forces in parliamentary regimes Parliaments and Government Formation Bjørn Erik Rasch, Shane Martin, José Antônio Cheibub, 2015 This volume explores the role of national legislatures in shaping government formation in parliamentary regimes **The Oxford Handbook of Political Executives** Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020-07-30 Political executives have been at the centre of public and scholarly attention long before the inception of modern political science In the contemporary world political executives have come to dominate the political stage in many democratic and autocratic regimes The Oxford Handbook of Political Executives marks the definitive reference work in this field Edited and written by a team of world class scholars it combines substantive stocktaking with setting new agendas for the next generation of political executive research The Role of Governments in Legislative Agenda Setting Bjørn Erik Rasch, George Tsebelis, 2013-07-04 Setting the agenda for parliament is the most significant institutional weapon for governments to shape policy outcomes because governments with significant agenda setting powers like France or the UK are able to produce the outcomes they prefer while governments that lack agenda setting powers such as the Netherlands and Italy in the beginning of the period examined see their projects significantly altered by their Parliaments With a strong comparative framework this coherent volume examines fourteen countries and provides a detailed investigation into the mechanisms by which governments in different countries determine the agendas of their corresponding parliaments It explores the three different ways that governments can shape legislative outcomes institutional partisan and positional to make an important contribution to legislative politics It will be of interest to students and scholars of comparative politics legislative studies parliamentary research governments coalition politics political economy and policy studies **The Oxford Handbook of Legislative Studies** Shane Martin, Thomas Saalfeld, Kaare W. Strøm, 2014-06-19 Legislatures are political bodies essential to democracy and the rule of law They present social scientists with numerous intriguing puzzles with far reaching implications for our understanding of political institutions Why and how have these ancient assemblies established in pre democratic times survived the transition to mass democracies How have they adapted

How do they structure such processes as budgeting legislation and executive oversight How do their members get selected and what consequences flow from differences in these rules What roles do committees and political parties play in contemporary legislatures What functions do legislatures perform in autocratic semi democratic or recently democratized societies What explains the similarities and differences in legislative rules powers and recruitment What are the policy and other consequences of variation in how legislatures are organized and function The 33 chapters in The Oxford Handbook of Legislative Studies written by 47 of the most distinguished legislative scholars provide a comprehensive and up to date description and assessment of the state of the art in legislative studies Key themes explored include theoretical paradigms and methodological approaches to the study of legislatures representation and legislative careers internal organization the role of parties within legislatures and the role of legislatures in policy making and accountability The Handbook also explores the emergence of parliaments in historical and contemporary contexts including new democracies and trans national institutions

The Oxford Handbook of Latin American Political Economy Javier Santiso, Jeff Dayton-Johnson, 2012-04-11 Latin America's recent development performance calls for a multidisciplinary analytical tool kit This handbook accordingly adopts a political economy perspective to understand Latin American economies This perspective is not new to the region indeed this volume consciously follows the approach pioneered by political economist Albert O Hirschman a half century ago But the nature of the political and economic processes at work in Latin America has changed dramatically since Hirschman's critical contribution Military dictatorships have given way to an uneven democratic consolidation agricultural or primary product producers have transformed into middle income diversified economies some of which are leading examples of emerging markets So too the tools of political economy have developed by leaps and bounds It is therefore worthwhile to take stock of and considerably extend the explosion of recent scholarship on the two way interaction between political processes and economic performance A unique feature of the book is that it begins with a group of chapters written by high level academic experts on Latin American economics and policies who also happen to be current or past economic policy makers in the region including Fernando Henrique Cardoso former president of Brazil Andr's Velasco former Chilean finance minister Luis Carranza former Peruvian finance minister Mart'n Redrado former governor of the Argentina central bank and Luciano Coutinho president of Brazil's national development bank These contributors draw upon their academic expertise to understand their experience in the trenches of policy making

Bargaining In The Shadow Of The Market: Selected Papers On Bilateral And Multilateral Bargaining Kalyan Chatterjee, 2013-03-15 Bargaining in the Shadow of the Market Selected Papers on Bilateral and Multilateral Bargaining consists of selected research in bargaining carried out by Kalyan Chatterjee by himself and with various co authors Chatterjee has been one of the earliest researchers to work on noncooperative bargaining theory and has contributed to bilateral bargaining with parties having private information as well as multilateral coalition formation models Some of his work in each of these areas finds place

here The main theme of this collection of papers is the nature of negotiations when participants have alternatives to continue negotiating either by beginning negotiations with a different partner or set of partners or by engaging in time consuming search for such partners Chapters in this book include a noncooperative theory of coalitional bargaining and features a laboratory experiment relevant to this theory as well as an extension to political negotiations search for alternative partners the effect of markets and bargaining on incentives of players to invest in the partnership and related papers on incentive compatibility arbitration and a dynamic model of negotiation The book also includes a new introduction that puts these papers in the context of the broader literature in the field Bargaining in the Shadow of the Market Kalyan

Chatterjee,2013 Bargaining in the Shadow of the Market OCo Selected Papers on Bilateral and Multilateral Bargaining consists of selected research in bargaining carried out by Kalyan Chatterjee by himself and with various co authors Chatterjee has been one of the earliest researchers to work on noncooperative bargaining theory and has contributed to bilateral bargaining with parties having private information as well as multilateral coalition formation models Some of his work in each of these areas finds place here The main theme of this collection of papers is the nature of negotiations when participants have alternatives to continue negotiating either by beginning negotiations with a different partner or set of partners or by engaging in time consuming search for such partners Chapters in this book include a noncooperative theory of coalitional bargaining and features a laboratory experiment relevant to this theory as well as an extension to political negotiations search for alternative partners the effect of markets and bargaining on incentives of players to invest in the partnership and related papers on incentive compatibility arbitration and a dynamic model of negotiation The book also includes a new introduction that puts these papers in the context of the broader literature in the field *Coalition*

Governments in Western Europe Wolfgang C. Müller,Kaare Strom,2003 This volume presents a detailed empirical analysis based on a large cross national data collection covering the entire post war period from 1945 to 1999 **The**

Europeanisation of Parliamentary Democracy Katrin Auel,Arthur Benz,2006-05-04 This groundbreaking new study shows how the process of creating an ever closer European Union affects not only the policy making but also the politics and polity of the Member States Empirical studies on the domestic impact of Europe identified different forms of Europeanization due to alternative mechanisms of internalising the new norms and rules Although many studies have since focused on the question of how to what degree in what direction at what pace and at what point of time Europe matters the Europeanization of one particular structural determinant of the Member States namely the system of parliamentary democracy is still under researched This is all the more astonishing as democracy in the EU depends to a large extent on the democratic legitimacy of procedures at the national level This volume addresses the key issue of the Europeanisation of parliamentary systems and thus contributes to the ongoing debate on the parliamentary dimension of the European Union It brings together theoretical concepts as well as cross national empirical research on the Europeanization of the member states parliamentary systems

focussing on different elements such as structures procedures and decision making processes as well as on the question how parliamentarians as actors react to these changes and actively shape this Europeanization This book was previously published as a special issue of The Journal of Legislative Studies *The Oxford Handbook of French Politics* Robert Elgie,Emiliano Grossman,Amy G. Mazur,2016-11-24 The Oxford Handbook of French Politics provides a comprehensive and comparative overview of the French political system through the lens of political science The Handbook is organized into three parts the first part identifies foundational concepts for the French case including chapters on republicanism and social welfare the second part focuses on thematic large scale processes such identity governance and globalization while the third part examines a wide range of issues relating to substantive politics and policy among which are chapters on political representation political culture social movements economic policy gender policy and defense and security policy The volume brings together established and emerging scholars and seeks to examine the French political system from a comparative perspective The contributors provide a state of the art review both of the comparative scholarly literature and the study of the French case making The Oxford Handbook of French Politics an invaluable resource for anyone interested in the foundations of contemporary political life in France **Coalition Politics in Central Eastern Europe** Torbjörn

Bergman,Gabriella Ilonszki,Johan Hellström,2023-12-01 This insightful book brings the study of coalitions and coalition governance in Central and Eastern European democracies up to date with an analytical focus framed by difficult economic and social periods such as the end of the economic crisis and the Coronavirus pandemic The volume posits insights from a plethora of experts on party politics and coalition studies from their respective countries with chapters on Bulgaria Czechia Estonia Hungary Latvia Lithuania Poland Romania Slovakia and Slovenia Embellished with illustrative tables and extensive datasets throughout each chapter maps the developments of party system change covering the coalition life cycle from the early 1990s until the end of 2021 and explores whether there has been transformation of the coalition governance and dissolutions patterns due to heightened pressures This book will be of key interest to scholars and students of coalition politics representative democracy governance political parties European Union politics East and Central European politics and comparative politics Chapter 4 of this book is freely available as a downloadable Open Access PDF at [http www taylorfrancis com](http://www.taylorfrancis.com) under a Creative Commons Attribution CC BY 4 0 license **Survival of Ministers and Configuration**

of Cabinets in Chile and Uruguay Alejandro Olivares L.,2022-02-15 This book develops an analysis of ministerial recruitment in the process of government formation the process of dismissal and survival of cabinet ministers in Chile and Uruguay The two cases are countries that generally score the highest democracy indexes in Latin America but also they are considered as the most stable presidential systems in the Southern Cone of the region allowing readers to compare within and between cases The cases analyzed in this book are small countries with a similar history of democratic breakdowns which in temporal terms enable comparison Additionally given the reasons that triggered those processes both cases are

normally studied together For pre coup democracy the cases include the governments of Chile between 1933 and 1973 and Uruguay between 1943 and 1973 This research does not analyze the military coup regime in either country Thus the period is resumed in the democratic transitions for both cases i e 1985 for Uruguay and 1990 for Chile Although literature on ministerial cabinets survival usually focus on parliamentary regimes from the Global North this rather new phenomenon in presidential democracies has quickly gained academic notoriety Research on cabinets and ministers in Latin American presidential systems tends to focus on the periods beginning with the return to democracy after the 1980s This situation means that there is scant knowledge of the period prior to the coups By presenting an in depth study of two presidential systems from the Global South *Survival of Ministers and Configuration of Cabinets in Chile and Uruguay* will be a useful resource for political and social scientists willing to study cabinet formation and ministerial turnover in Latin America whether is on case study research or in a comparative perspective

Parliamentary Oversight of the Executives Elena Griglio, 2020-10-01 Oversight of executives has always been a key function of parliaments and one that is central to developing the relationship between the executive and legislative branches of government However in reality governments are taking a more pronounced role in controlling legislation diluting the influence of parliament This book plots this trend in parliaments across Europe to illustrate points of convergence and divergence In so doing it suggest tools and methods that parliaments can develop to bolster their crucial oversight role

Party Governance and Party Democracy Wolfgang C. Müller, Hanne Marthe Narud, 2013-05-15 Given the centrality of political parties in modern democracies most research on these systems either directly address their internal functioning and activities or question their critical role Political science has moved from describing institutions to the thorough analysis of behavior within these institutions and the interactions between them The inevitable consequences of the maturing and institutionalization of the discipline of political science in many countries include the forming of sub fields and specialized research communities At the same time the number of democracies has vastly increased since the 1980s and although not each attempt at democratization was eventually successful more heterogeneous systems with some form of party competition exist than ever before As a consequence the literature addressing the large issues of party democracy spreads over many research fields and has become difficult to master for individual students of party democracy and party governance The present volume sets out to review the behavior and larger role of political parties in modern democracies In so doing the book takes its departure from the idea that the main contribution of political parties to the working of democracy is their role as vehicles of political competition in systems of government Consequently the focus is not merely in the internal functioning of political parties but rather their behavior the electoral legislative and governmental arenas Thus several chapters address how political parties perform within the existing institutional frameworks One more chapter looks at the role of political parties in building and adapting these institutions Finally two chapters explicitly address the party contributions to democracy in established and new democracies

respectively Coalition Agreements as Control Devices Heike Klüver, Hanna Bäck, Svenja Krauss, 2023-03-21 Many coalition cabinets negotiate lengthy coalition contracts outlining the agenda for the time in office Not only does negotiating these agreements take up time and resources but compromises have to be made which may result in cabinet conflicts and electoral costs This book explores why political parties negotiate such agreements and argues that coalition agreements are important control devices that allow coalition parties to keep their partners in line The authors show that their use varies with the preference configuration in cabinet and the allocation of ministerial portfolios First they posit that parties will only negotiate policy issues in a coalition agreement when they disagree on these issues and when they are important to all partners Second since controlling a ministry provides parties with important information and policy making advantages parties use agreements to constrain their partners particularly when they control the ministry in charge of a policy area Finally they argue that coalition agreements only work as effective control devices if coalition parties settle controversial issues in these contracts The COALITIONAGREE Dataset is used to evaluate the expectations set out in the book the dataset maps the content of 229 coalition agreements that were negotiated by 189 parties between 1945 and 2015 in 24 Western and Eastern European countries The results show that coalition parties systematically use agreements to control their partners when policy issues are divisive and salient and when they are confronted with a hostile minister These agreements only effectively contain conflicts however when parties negotiate a compromise on precisely the issues that divide them Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterized by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Nicole Bolleyer Chair of Comparative Political Science Geschwister Scholl Institut LMU Munich and Jonathan Slapin Professor of Political Institutions and European Politics Department of Political Science University of Zurich **Parliaments and Coalitions** Lanny W. Martin, Georg Vanberg, 2011-07-28 Coalition governments are the norm in most of the world's parliamentary democracies Because these governments are comprised of multiple political parties they are subject to tensions that are largely absent under single party government The pressures of electoral competition and the necessity of delegating substantial authority to ministers affiliated with specific parties threaten the compromise agreements that are at the heart of coalition governance The central argument of this book is that strong legislative institutions play a critical role in allowing parties to deal with these tensions and to enforce coalition bargains Based on an analysis of roughly 1 300 government bills across five democracies Denmark France Germany Ireland and the Netherlands the book paints a detailed picture of the treatment of government legislation in contemporary parliaments Two central contributions emerge First the book forces a reconsideration of the common perception that legislatures are largely irrelevant institutions in European democracies The data presented here make a compelling case that parliaments that

feature strong committee systems play an influential role in shaping policy Second the book contributes to the field of coalition governance While scholars have developed detailed accounts of the birth and death of coalitions much less is known about the manner in which coalitions govern between these bookend events Parliaments and Coalitions contributes to a richer understanding of how multiparty governments make policy Comparative Politics is a series for students teachers and researchers of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.essex.ac.uk/ecpr

Coalition Government and Party Mandate Catherine Moury, 2013-05-02 Which kind of decisions are passed by Cabinet in coalition governments What motivates ministerial action How much leeway do coalition parties give their governmental representatives This book focuses on a comparative study of ministerial behaviour in Germany Belgium Italy and the Netherlands It discredits the assumption that ministers are policy dictators in their spheres of competence and demonstrates that ministers are consistently and extensively constrained when deciding on policies The first book in a new series at the forefront of research on social and political elites this is an invaluable insight into the capacity and power of coalition government across Europe Looking at policy formation through coalition agreements and the effectiveness of such agreements Coalition Government and Party Mandate will be of interest to students and scholars of comparative politics governance and European politics

Accountability and European Governance Deirdre Curtin, Peter Mair, Yannis Papadopoulos, 2014-01-02 In recent years there has been a considerable effort in some transnational organizations and institutions to confront a crisis of legitimacy by promising more accountability and openness This volume takes as its central focus the role of accountability in democratic governance and attempts to position a broad understanding of the notion of accountability within the overall context of the evolving political system of governance in Europe and in particular of the European Union Bringing together new work by some of the leading scholars in the field this volume considers the relationship between accountability and a wide range of other themes in European governance such as problems of representation transparency bureaucracy and transnational relations The volume also deals with the role of accountability in multi level governance and its relationship to both direct democracy and civil society This book was published as a special issue of West European Politics

Minority Governments in Comparative Perspective Bonnie N. Field, Shane Martin, 2022 This volume explores and analyses the formation functioning and performance of minority governments It presents thirteen in depth case studies by leading country experts that provide rich contextualized analyses of minority governments in different settings

The Enigmatic Realm of **Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies** a literary masterpiece penned by a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of people who partake in its reading experience.

Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies Introduction

Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies Offers a diverse range of free eBooks across various genres. Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies, especially related to Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own

Online Searches: Look for websites, forums, or blogs dedicated to Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies books or magazines might include. Look for these in online stores or libraries. Remember that while Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies eBooks for free, including popular titles.

Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books.

Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies full book , it can give you a taste of the authors writing style.

Subscription

Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies eBooks, including some popular titles.

FAQs About Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies is one of the best book in our library for free trial. We provide copy of Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies. Where to download Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies online for free? Are you looking for Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You

will also see that there are specific sites catered to different product types or categories, brands or niches related with Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies To get started finding Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Making And Breaking Governments Cabinets And Legislatures In Parliamentary Democracies is universally compatible with any devices to read.
