*Making Europe Unconquerable* Gene Sharp, 1985 A book from the Program on Nonviolent Sanctions in Conflict and Defense Center for International Affairs Harvard University and the Albert Einstein Institution for Nonviolent Alternatives in Conflict and Defense Page facing title page Includes index Bibliography p 215 226      **When War Is Unjust, Second Edition** John Howard Yoder, 2001-10-10 Can a war really be considered just If so which wars and under what circumstances If not why not When War is Unjust provides a systematic exploration of these questions for students of ethics Christian doctrine and history For centuries the just war tradition has been the dominant framework for Christian thinking about organized conflict This tradition sets a number of specific conditions which must be satisfied before a particular war can termed just and therefore supportable by the faithful Christians John Howard Yoder himself a pacifist approaches the just war theory on its own terms His purpose to introduce the student to this just war tradition and to offer a critical framework for evaluating its tenets and applying them to real conflicts When War is Unjust takes the just war tradition seriously and holds its proponents accountable in a critical debate about when if ever war can be justified It is a readable and thought provoking primer on the history criteria and application of just war teaching in Christian churches      *Making Europe Unconquerable* Gene Sharp, 1985 A book from the Program on Nonviolent Sanctions in Conflict and Defense Center for International Affairs Harvard University and the Albert Einstein Institution for Nonviolent Alternatives in Conflict and Defense Page facing title page Includes index Bibliography p 215 226      **Europe in the Making** Johan Galtung, 1989 First published in 1990 Routledge is an imprint of Taylor Francis an informa company      **Energy Abstracts for Policy Analysis**, 1988      **Nonviolent Political Economy** Freddy Cante, Wanda Tatiana Torres, 2019-07-05 Nonviolent Political Economy offers a set of theoretical solutions and practical guidelines to build an economy of nonviolence which implies a social state of peacefulness involving minimal violence and minimal destruction of nature The book provides renewed reflections on heterodox economics ecological economics anthropology Buddhism Gandhianism disarmament and business ethics as well as innovative initiatives such as Blue Frontiers It also sets out feasible solutions to rebuild countries that have suffered prolonged conflicts such as Syria Iraq and Kurdistan Bringing together authors from around the world this collection includes new perspectives on the abolition of profit disarmament obliteration of the consumer society expansion of collective property Buddhist and Gandhian economies small scale and artisanal production the increasing use of clean energies a gradual reduction in the human population political processes closer to direct and radical democracy and anarchy Discussing cutting edge developments this book provides valuable tools to build alternatives to the prevailing models of violent political economy It will be of great interest to a public of critical citizens students and researchers from a range of disciplines and backgrounds and all those seeking to understand the fundamental concepts of nonviolent political economy      *Social defence* Brian Martin, Jørgen Johansen, 2019-07-11 Social defence is nonviolent community resistance to aggression and

repression as an alternative to military forces Given the enormous damage caused by military systems social defence is an alternative worth investigating and pursuing Since the 1980s J rgen Johansen and Brian Martin have been involved in promoting social defence In this book they provide an up to date treatment of the issues They address the downsides of military systems historical examples of nonviolent resistance to invasions and coups key ideas about social defence important developments since the end of the Cold War and the role of social movements Social defence challenges deeply embedded assumptions about violence and defence It is also a challenge to powerful groups with vested interests in systems of organised violence especially militaries and governments Popular action against aggression and repression is a radical alternative and a logical one *Ethics, Security, and The War-Machine* Ned Dobos,2020-05-07 If pacifists are correct in thinking that war is always unjust then it follows that we ought to eliminate the possibility and temptation of ever engaging in it we should not build war making capacity and if we already have then demilitarization or military abolition would seem to be the appropriate course to take On the other hand if war is sometimes justified as many believe then it must be permissible to prepare for it by creating and maintaining a military establishment Yet this view that the justifiability of war making is also sufficient to justify war building is mistaken This book addresses questions of jus ante bellum or justice before war Under what circumstances is it justifiable for a polity to prepare for war by militarizing When if ever and why if at all is it morally permissible to create and maintain the potential to wage war In doing so it highlights the ways in which a civilian population compromises its own security in maintaining a permanent military establishment explores the moral and social costs of militarization and evaluates whether or not these costs are worth bearing **Sharp's Dictionary of Power and Struggle** Gene Sharp,Sir Adam Roberts,2012 Sharp s Dictionary of Power and Struggle is a groundbreaking book by the godfather of nonviolent resistance In nearly 1 000 entries the Dictionary defines those ideologies political systems strategies methods and concepts that form the core of nonviolent action as it has occurred throughout history and across the globe providing much needed clarification of language that is often mired in confusion Catholic Realism Abolition of War David Carroll Cochran,2014-01-09 Argues that the abolition of war like that of slavery and other forms of social violence is possible using the principles and history of the Just War tradition in Catholic theology and philosophy *Military Review* ,1986-07

**Nevertheless** John Howard Yoder,1992-04-10 John Howard Yoder s classic book first published in 1971 includes a treatment of Jewish pacifism bibliographies an index and three new appendixes Speaking Truth to Power Quaker Political Witness The Spectrum of Nonpacifist Postures and Nonviolent National Defense Alternatives Yoder points out assumptions strengths and shortcomings of each pacifist position He brings clarity to the many sided conversations about peace nonviolence war proliferation of arms and power politics *Eyes Without Country* Souad Dajani,2010-06-17 A strategy of nonviolent civilian resistance for Palestinian sovereignty **Peace and Conflict Studies** David P. Barash,Charles P. Webel,2016-12-29 The thoroughly updated Fourth Edition of the gold standard text explores historical and current topics in

today's rapidly changing world to provide a comprehensive introduction to peace and conflict studies Authors David P Barash and Charles P Webel offer an insightful analysis of 21st century global affairs including such timely topics as ISIS the nature of violence and nonviolence cutting edge military technologies the Terrorism and Global Peace Indexes and the latest developments in Iran North Korea and Syria Comprehensive yet written in a student friendly and accessible style the text represents a commitment to inspire readers to create a better world through an understanding of what has happened and what is happening and therefore what is likely to take place in the future

**Radical Pacifism** Scott H Bennett, 2003-12-01 This deeply researched book is the first history of the War Resisters League an organization that represents the major vehicle of secular radical pacifism in the United States Besides opposing all U S wars and championing conscientious objection to these wars Scott H Bennett shows how the WRL led by its colorful members functioned as a movement halfway house assisting and influencing a variety of social reform groups and campaigns He devotes special attention to WWII conscientious objectors COs who staged dramatic wartime work and hunger strikes in Civilian Public Service camps and prisons against Jim Crow censorship conscription and other policies These radical COs moved the postwar WRL in new directions and transformed radical pacifism By recovering the important links between the WRL and the peace civil rights civil liberties and antinuclear movements Bennett demonstrates the social relevance and political effectiveness of radical pacifism He emphasizes the WRL's most important legacy its promotion legitimization and Americanization of Gandhian nonviolent direct action which infused the postwar peace and justice movements

Encyclopedia of Violence, Peace, and Conflict Lester R. Kurtz, Jennifer E. Turpin, 1999-08-10 The Encyclopedia of Violence Peace and Conflict a three volume set written by more than 200 eminent contributors from around the world takes advantage of increasing worldwide awareness in the public private commercial and academic sectors about manifestations of violence in all segments of society While the contributors do not use these volumes to make specific arguments they do describe and clarify the developments in thought that have led to current theories about and positions on violence and peace Our reviewers consistently note that while many in depth studies of war peace and aggression exist the attendant specialization keeps scholars from learning about related fields No publication competing with the Encyclopedia of Violence Peace and Conflict can satisfy their need for a vast introductory work to such a diverse and socially important field This major work includes more than 190 multidisciplinary articles with over 1 000 cross references and more than 2 000 bibliography entries for further reading which are arranged alphabetically for easy access More than 190 multidisciplinary articles with over 1 000 cross references Article outline and glossary of key terms begin each article Entries arranged alphabetically for easy access Three volume set with subject index of over 750 entries Articles written by more than 200 eminent contributors from around the world

Cosmopolis Danilo Zolo, 2013-05-31 This volume makes a challenging critique of the idea of Cosmopolis that is the idea of world or global government In recent years this idea has been put forward as a way of averting the threat of war and international disorder

and as a way of avoiding the destruction of the planet Proponents of this idea call for a radical reform of the United Nations which aims to legitimize this institution as an international police force and as a provider of global justice Zolo criticizes this new cosmopolitan philosophy and rejects the idea of trying to eliminate international conflict through the use of centralized and superior military force He seeks instead to develop a conception of international relations which takes account of their pluralistic dynamic and conflictual nature This conception moves away from the logic of hierarchical centralization which so dominates the UN Charter and towards the logic of weak interventionism and weak pacifism which relies on self organization co ordination and negotiation Timely provocative and iconoclastic *Cosmopolis* is an important contribution to current debates in politics international relations and social and political theory *An Introduction to Strategic Studies* Barry Buzan,1987-09-04 *An Introduction to Strategic Studies* addresses some of the major questions that govern both international relations and human survival This book provides a comprehensive introduction to the core concepts of contemporary strategic thinking It argues that strategic studies is about the impact of military technology on relations between states and that its specialised contribution must always be seen within the broader context of international economic and political relations *Revolutionary Nonviolence* Richard Jackson,Joseph Llewellyn,Griffin Manawaroa Leonard,Aidan Gnoth,Tonga Karena,2020-03-15 *Revolutionary Nonviolence Concepts Cases and Controversies* provides an advanced introduction to the central philosophy ideas themes controversies and challenges of applying revolutionary nonviolence in political struggles today with a particular emphasis on reframing nonviolence through a postcolonial lens Bringing together an eminent group of researchers and activist scholars this collection focuses on a number of important questions Is a commitment to radical nonviolence a necessity for generating revolutionary change in society Should revolutionary movements abandon their reliance on political violence as a tool of change What are some of the practical and theoretical challenges of adopting revolutionary nonviolence today What can we learn from groups actors and cases of people who have used revolutionary nonviolence to struggle against injustice With a mix of theoretical and case study based chapters the volume explores these and other important questions about how to generate necessary and lasting revolutionary change today *The National Security of Small States in a Changing World* Efraim Inbar,Gabriel Sheffer,2013-09-13 The first part of this book is primarily devoted to analysing the impact of the system of international relations on the fortunes of small states The second part discusses the question what changes in the national strategy of small states are necessary in view of the new international system The authors of this volume come from various parts of the world and espouse differing outlooks Nevertheless they were able to coalesce around a similar theme in an effort to contribute to the international understanding of the special challenges that confront the world s small states
