**The Making of an American Psychologist** Seymour Bernard Sarason, 1988      **Jews and the American Soul** Andrew R. Heinze, 2021-03-09 What do Joyce Brothers and Sigmund Freud Rabbi Harold Kushner and philosopher Martin Buber have in common They belong to a group of pivotal and highly influential Jewish thinkers who altered the face of modern America in ways few people recognize So argues Andrew Heinze who reveals in rich and unprecedented detail the extent to which Jewish values often in tense interaction with an established Christian consensus shaped the country's psychological and spiritual vocabulary **Jews and the American Soul** is the first book to recognize the central role Jews and Jewish values have played in shaping American ideas of the inner life It overturns the widely shared assumption that modern ideas of human nature derived simply from the nation's Protestant heritage Heinze marshals a rich array of evidence to show how individuals ranging from Erich Fromm to Ann Landers changed the way Americans think about mind and soul The book shows us the many ways that Jewish thinkers influenced everything from the human potential movement and pop psychology to secular spirituality It also provides fascinating new interpretations of Sigmund Freud Alfred Adler and Western views of the psyche the clash among Protestant Catholic and Jewish moral sensibilities in America the origins and evolution of America's psychological and therapeutic culture the role of Jewish women as American public moralists and more A must read for anyone interested in the contribution of Jews and Jewish culture to modern America      **The Morals and Politics of**

Routh, 2013-11-21 This book is dedicated to my wife Marion W Routh In her way she has been informally involved in clinical

psychology organizations for as many years as I have She has also served for many years as the first reader of almost all manuscripts I have written including the one for this book I can always depend on her to tell me straight out what she thinks When she found out I was writing this book she was afraid that the mass of detailed factual information I was gathering would be dull to read Therefore when I actually started writing I laid aside all notes and just told the story in a way that flowed as freely as possible I went back later to fill in the documentation and to correct factual errors that had crept in When she looked over the first draft of the book her comment was It is not as boring as I thought it would be Her frankness is so dependable that I knew from these words that there was hope but that I had my work cut out for me in the revision process By the middle of the second draft she grudgingly had to admit that she was getting hooked on the book and kept asking where the next chapter was

debate on issues such as school choice charter schools inclusive education national standards and other problems that seem to drag on without solution Sarason's critical stance on the folly of many of our attempts to fix schools has always had at the center a concern for the main players in our educational institutions the students the teachers and the parents Any plans that cannot account for their well being are doomed to failure And in the face of such failure the clarity of Sarason's vision for real educational success is a much needed antidote to much of the rhetoric that currently passes for substantial debate A wide ranging and comprehensive selection of Sarason's most significant writings *The Skeptical Visionary* should find a prized space on any student's or teacher's bookshelf Author note Robert Fried is Associate Professor in the School of Education at Northeastern University and is the author of *The Passionate Teacher A Practical Guide* and *The Passionate Learner How Teachers and Parents Can Help Children Reclaim the Joy of Discovery* Seymour Sarason is Professor Emeritus in the Department of Psychology at Yale University He is the author of over forty books and is considered to be one of the most significant researchers in education and educational psychology in the country *Fifty Modern Thinkers on Education* Joy Palmer, David Edward Cooper, Liora Bresler, 2001 Looks at fifty of the twentieth century's most significant contributors to the debate on education Each essay gives key biographical information an outline of the individual's principal achievements and activities an assessment of his or her impact and influence and a list of their major writings and suggested further reading
