## **Making Of The President 1972 A Narrative History Of American Politics In Action:**

*The Oxford Handbook of American Political Parties and Interest Groups* L. Sandy Maisel, Jeffrey M. Berry, 2012-01-12 The Oxford Handbooks of American Politics are the essential guide to the study of American political life in the 21st Century With engaging new contributions from the major figures in the field of political parties and interest groups this Handbook is a key point of reference for anyone working in American Politics today *Patrick J. Lucey* Dennis L. Dresang, 2020-05-11 As Wisconsin governor from 1971 to 1977 Patrick J Lucey pursued an ambitious progressive agenda tempered by the concerns of a fiscal conservative and a pragmatic realist He was known for bridging partisan divides building coalitions and keeping politics civil His legacy which included merging Wisconsin's universities into one system and equalizing the funding formula for public schools continues to impact Wisconsin residents and communities Preceding his service as governor Lucey played a key role in rebuilding the Democratic Party in Wisconsin returning a state that had been dominated by Republicans to a more moderate two party system As party chairman he built coalitions between World War II veterans remnants of the defunct Progressive Party urban socialists and activists in rural communities throughout the state Through exclusive interviews and unprecedented access to archival materials Dennis L Dresang shares the story of this pivotal figure in Wisconsin history from his small town rural roots to his wide ranging influence

### **Three Plays of Maureen Hunter**

Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New **Almost President** Scott Farris, 2013-05-07 Veteran political journalist Scott Farris tells the stories of legendary presidential also rans from Henry Clay to Stephen Douglas from William Jennings Bryan to Thomas Dewey and from Adlai Stevenson to Al Gore He also includes concise profiles of every major candidate nominated for president who never reached the White House but who helped promote the success of American democracy Farris explains how Barry Goldwater achieved the party realignment that had eluded FDR how George McGovern paved the way for Barack Obama and how Ross Perot changed the way all presidential candidates campaign There is Al Smith the first Catholic nominee for president and Adlai Stevenson the candidate of the eggheads who remains the beau ideal of a liberal statesman And Farris explores the potential legacies of recent runners up John Kerry and John McCain The book also includes compact and evocative portraits of such men as John C Fremont the first Republican Party presidential candidate and General Winfield Scott whose loss helped guarantee the Union victory in the Civil War This new edition of *Almost President* brings the work up to date with a section that explores the results and ramifications of the 2012 presidential election *The Making of the President, 1972* Theodore H. White, 1973 *The Day the Presses Stopped* David Rudenstine, 1996 Publication of the Pentagon reports led the Nixon administration to sue the Times for a prior restraint unleashing a firestorm of publicity and legal wrangling A mere fifteen days later the Supreme Court freed the Times and the Washington Post which had also secured a copy of the documents to continue publishing their Pentagon Papers series

**Sleepwalking Through History** Haynes Johnson, 2003 National bestseller In this brilliantly readable book a Pulitzer

Prize winning journalist chronicles the Reagan decade when America fell from dominant world power to struggling debtor nation and when optimism turned to foreboding In human terms and living case histories Haynes Johnson captures the drama and tragedy of an era nurtured by greed and a morality that found virtue in not getting caught It is morning again in America Reagan s campaign commercials told us and for too long we embraced that convenient lie Indeed the problems that came to plague us in that decade are with us even more today as Johnson memorably demonstrates in his afterword Notes on an Era written especially for this new paperback reissue This book will remain a signature work of political analysis for years to come

The Vietnam War Geoffrey Ward,Kenneth Burns,2020-03-24 NATIONAL BESTSELLER Based on the celebrated PBS television series the complete text of an engrossing history of America s least understood conflict a significant milestone that will no doubt do much to determine how the war is understood for years to come The Washington Post More than forty years have passed since the end of the Vietnam War but its memory continues to loom large in the national psyche In this intimate history Geoffrey C Ward and Ken Burns have crafted a fresh and insightful account of the long and brutal conflict that reunited Vietnam while dividing the United States as nothing else had since the Civil War From the Gulf of Tonkin and the Tet Offensive to Hamburger Hill and the fall of Saigon Ward and Burns trace the conflict that dogged three American presidents and their advisers But most of the voices that echo from these pages belong to less exalted men and women those who fought in the war as well as those who fought against it both victims and victors willing for the first time to share their memories of Vietnam as it really was A magisterial tour de force The Vietnam War is an engrossing history of America s least understood conflict

Wounds of the Heart Joseph Keely,2021-02-22 This is for my children and my children s children so that they may know that their father grandfather served his country along with 2 909 918 other men and women in uniform in Vietnam Most of these men and woman remained loyal to their oath as military personnel and served with honor and distinction I want them to know that our efforts and sacrifices were undermined at every turn of the event by the American people the American press and self centered politicians through lies propaganda and treason on a scale so large it was unstoppable And finally forced the government to abandon its troops on the field of battle to fend for ourselves That they may also see the real truth surrounding the Vietnam War and the war that has raged within me these past fifty plus years These words were engendered by a comment I heard on television It angered me enough to conduct a personal investigation to see if the nine lines written above were just a figment of my imagination or what I felt to be true in my heart This investigation has culminated with mixed feelings It saddens me that what I felt in my heart is true however I am elated that my investigation serves as a vindication of all the Vietnam veterans both men and women who remained loyal to their oath as soldiers sailors airmen and marines I am elated that there is finally a book that countermands the lies and propaganda that have carried on from the 60s to this very day and that it shows the Vietnam veterans as the loyal and honorable men and women they have proven themselves to be

**The Making of the President, 1972** Theodore H. White,2010-10-05 The

classic you are there account of the Nixon McGovern election by the Pulitzer Prize winning New York Times bestselling author A brilliant analysis Commentary The Making of the President 1972 chronicles both the Democratic and the Republican parties as they jockeyed for position toward the end of Richard M Nixon s turbulent first term Theodore White illuminates the cinematic moments that shaped the campaign the attempt on George Wallace s life Edmund Muskie crying in the snow in New Hampshire the swift rise and fall of Tom Eagleton and the ongoing anguish of Vietnam leading inexorably to a second chaotic collapse among the Democrats and a landslide victory for Nixon Yet even as the president s highest ambitions were confirmed White watches aghast as the new Nixon of 1968 is eclipsed by the corrupt Nixon of old a Shakespearean conclusion to an astonishing political epoch The byzantine events of 1972 unfold here like a timebomb ticking away Nixon s dramatic foreign adventures the Muskie bust and the McGovern phenomenon the President s deliberate surrogate campaign the Democrats bloodletting at Miami Beach and the beginning of the destruction of George Stanley McGovern as a viable candidate Kirkus Reviews One of America s most celebrated political writers The New York Times Among the most influential and gifted journalists of the twentieth century More than anyone else White changed the way American politics and government are covered and in the process he had a major impact on the politicians as well Chicago Tribune Includes a new foreword by Cokie Roberts Coppola's Monster Film Steven Travers,2016-06-23 In 1975 after his two Godfather epics Francis Ford Coppola went to the Philippines to film Apocalypse Now He scrapped much of the original script a jingoistic narrative of U S Special Forces winning an unwinnable war Harvey Keitel originally cast in the lead role was fired and replaced by Martin Sheen who had a heart attack An overweight Marlon Brando paid a huge salary did more philosophizing than acting It rained almost every day and a hurricane wiped out the set The Philippine government promised the use of helicopters but diverted them at the last minute to fight communist and Muslim separatists Coppola filmed for four years with no ending in the script The shoot threatened to be the biggest disaster in movie history Providing a detailed snapshot of American cinema during the Vietnam War this book tells the story of how Apocalypse Now became one of the great films of all time **The New York Times Book Review** ,1974 Divided We Fall Haynes Johnson,1995 Nationwide Americans faced the legacy of the Reagan 80s with a skepticism that colored their attitudes about politicians and the political system itself Yet people were eager to take on the challenge of the 90s Johnson urges us to join together face the challenge of change and take the brave gamble to reclaim the American Dream **The Making of the President, 1960** Theodore Harold White,1961 More than a year before the election of John F Kennedy Theodore H White began to explore the secret planning and private aspirations of seven men each of whom in his own way found his dreams tormented by the power that might be his in the White House By spring White had begun to follow the candidates through the early jousting of the primaries Continuing through the conventions the campaigns and the final drama of election night he fashioned a work of contemporary history that highlights the decisions the acts the accidents that created an American President and also the

cold political realities of a country upon whose decision the world of freedom waits At once a political study of power in America and a chronicle of individual Americans caught in the act of leadership it was a story no other writer attempted to tell before Adapted from book jacket *The Man who Once was Whizzer White* Dennis J. Hutchinson,1998 Hutchinson provides the first definitive biography of Justice Byron Whizzer White this century s most famous scholar athlete who served on the Supreme Court for 31 years and was the author of the famous dissenting opinion in Roe vs Wade of photos *Attack Politics* Emmett H. Buell Jr.,Lee Sigelman,2009-09-01 This second edition of Attack Politics updates Emmett Buell and Lee Sigelman s highly regarded study of negativity in presidential campaigns since 1960 with a substantial new chapter on the 2008 contest between Barack Obama and John McCain That campaign the authors contend proved to be the least negative in the last half century and reinforces their central argument that these campaigns have actually not grown dirtier and more negative since the election of JFK In this new edition Buell and Sigelman address the same questions that guided their research in the original book Who attacked whom How frequently On what issues In what ways And at what point in the race They also update their analysis of whether presidential campaigns have gotten more negative since 1960 whether opposing sides addressed the same issues or avoided subjects owned by the other side and whether trailing candidates wage more negative campaigns than leading candidates The authors expand their analysis well beyond their original research base 17 000 campaign statements extracted from nearly 11 000 news items in the New York Times focusing on both presidential and vice presidential nominees as sources and targets of attacks and examining the actions of surrogate campaigners They also compare their findings with previously published accounts of these campaigns including firsthand accounts by candidates and their confidants Each chapter features echoes from the campaign trail that reflect the invective exchanged by rival campaigns Their new chapter shows that rather than neatly resembling either of their typology s extremes runaways or dead heats the 2008 race began as a dead heat in late summer but began to take on all the characteristics of a somewhat competitive affair by the end of September Campaign discourse that began with an anticipated focus on the Iraq War and other national security issues came to be dominated by concerns about the economic meltdown As the campaign headed toward the home stretch anxiety about the economy seemed to eclipse national security health care immigration and other concerns This shift of emphasis they argue doomed whatever chance McCain had of winning Like the first edition this update of Attack Politics systematically analyzes negative campaigning pinning down much that has previously been speculated on but left unsubstantiated It offers the best overview yet of modern presidential races and remains must reading for anyone interested in the vagaries of those campaigns **Wild Blue Yonder** Nick Kotz,1988 *The JFK Image* Raluca Lucia Cimpan,2014-10-16 One of the most popular presidents of the twentieth century John F Kennedy has been the subject of countless books documentaries and portrayals both on television and in feature films Whether depicting his exploits during World War II PT 109 capturing crucial moments during his presidency Thirteen Days or providing a fictionalized account of

his assassination Executive Action films continue to portray Kennedy and his legacy In *The JFK Image Profiles in Docudrama* Raluca Lucia Cimpean examines John F Kennedy s representations in motion pictures focusing on how the late president s image has been constructed to keep the myths of the Kennedy era and Camelot alive The volume explores those myths through docudramas which combine the aesthetic and narrative codes of documentaries with those of fiction to portray the characters and events of the Kennedy era as classic battles between good and evil Beginning with an examination of the docudrama and its uses this book analyzes the Kennedy image with its focus on the New Frontier Camelot and revisionist approaches and then provides in depth examinations of such films as *JFK In the Line of Fire* and *The Rat Pack* Drawing on archival research and Kennedy letters only recently released to the public *The JFK Image* will be of great interest to scholars of film and popular culture as well as those working in political science the culture of the 1960s and of course Kennedy studies
